

COMMENTS FROM THE MAYOR By Charles Jessup

Celebrating 110th Birthday

I was quite proud to be asked to join in on the 110th birthday celebration of Mrs. Lillian Cox here in Meadows Place. 110! Wow. I can't imagine... but Mrs. Cox can, and she can tell you all about it. She no longer drives but was once the country's oldest driver and has it on film at her 100th, and that was a decade ago. At her 105th Lillian was dancing

around the floor of the Hamptons at Meadows Place where she now resides and was leading the group in Karaoke at, I think it was her 108th. Lillian has slowed a bit now but she is still active and can be seen all day long moving from one program to the next. She is always on the move, has a smile that will light up the room and is still the grand lady she has always been. Visited regularly by her Granddaughter Alyson Smith and her husband Jeff, Mrs. Lillian and her family love Meadows Place and are a great reminder that Meadows Place can be Your Place for Life for a long, long time.

Zoning vs. Deed Restrictions

After the meeting where the six person Chicken Research Committee presented its results and recommendation to City Council, I received a question asking why the city could not enforce the existing homeowners deed restrictions. The short answer is, the City enforces Zoning, homeowners enforce Deed Restrictions.

Zoning is the power of a municipality to protect the health, safety and public welfare of the community. This is a legislative power exercised by a governmental entity, in this case, the City of Meadows Place.

Deed restrictions are contractual agreements made between property owners restricting land to a particular use. Deed restrictions can restrict a piece of property to virtually any use and can also govern such features as the presence and dimensions of trees, fencing heights, or the ownership of livestock – including poultry.

- Mar. 13-17** Spring Break
- Mar. 27** Regular Board Meeting 6:00 p.m.

Did You Know?...

Did You Know... February saw several of our planned Meadows Place projects come to fruition? These projects included the completion of the Dorrance reconstruction and overlay project. The city upgraded the concrete base, Fort Bend County Road and Bridge provided the manpower, the machines and the expertise for the overlay and Texas Direct Auto contributed funds for the project. County participation saved the City of Meadows Place tens of thousands of dollars which is just one more reason why we grateful for the great relationship between our city and Fort Bend County.

Did You Know... our Meadows Place YAC (Youth Action Council) has been asked to support a statewide YAC initiative to provide cards for children in hospitals? Over 20 Meadows Place YAC members got together and produced some beautiful cards for this project which were then taken to the Annual YAC Summit in Abilene, Texas. I am proud to say 10 of our YAC members attended the Summit and will be bringing their ideas and experiences back to Meadows Place. Way to go YAC.

Did You Know... at the last Council meeting Council voted to adopt the 2014 version of the National Electric Code (NEC) as the standard for safe installation of electrical wiring and equipment in Meadows Place? This includes all the changes from the 2011 which served as our safety standard prior to this change. This is just one of the many areas that Meadows Place works on to maintain the highest levels of safety in our city.

Did You Know... at the last Council meeting a resident spoke to Council about loose dogs and told us that his dog had been attacked by other dogs? It was heartbreaking, so let this serve as a reminder to make sure our pets are secure and under control.

Did You Know... Richard Ramirez was beaming as he prepared for Opening Day of

Meadows Place P.O.N.Y. Baseball? The fields look great, the teams all think they are going to win every game and every player is going to hit .300 and pitch a no hitter. You gotta love spring baseball. Don't forget, Picture day is March 4th. Now, Play Ball!!!

Did You Know... Meadows Place took part in the Flood Impact Roundtable at the Fort Bend Office of Emergency Management? All the top people from the County were there discussing, reviewing and updating the data from last year's major floods. This will soon be part of the early warning system of the County, State and National Flood Centers. Taking part in these important programs is just one way your city officials make sure Meadows Place will always be... *Your Place for Life!*

Did You Know... Kathryn Brown wants us to know Old Town Meadows is happening on April 7, from 6-9 pm at Meadows Elementary and invites us to come have some fun. Besides being fun, Proceeds from Old Town Meadows go directly back to the school to enrich the quality of the education and school environment for our kids. One main goal this year is to complete the final phase of the playground replacement project. To sponsor or donate an item for the silent auction please email: otmcoordinator@gmail.com. To volunteer for this event please email nynathan@hotmail.com.

Did You Know... Charles and Elaine Jessup were smiling ear to ear as they watched the games and goings on at the baby shower for Mark and Rachel Jessup, who are now stationed over in Naples, Italy?

Did You Know... We have some great mailboxes in Meadows Place? March is Mailbox Month so now is the time to repaint, refresh or replace.

Did You Know... To get something in Did You Know, drop us a note at City Hall or email: mayor@cityofmeadowsplace.org.

Did You Know... Scouting has always been a big part of Meadows Place. This was evident again last month as scouts from Cub Scout Pack 301 collected a truck full of food for their annual food drive. Cubmaster Mark Johnson is proud of his Scouts. Great effort. Thank you boys. Additional s scouting efforts include the Flags over Meadows Place program run by Boy Scout Troop 731. (see flyer pg. 11) This great program puts flags in front of homes, ties the city together, puts our patriotism on display and is one more reason Meadows Place is... *Your Place for Life!*

(Comments From The Mayor continued from page 1)

In the case of Meadows Place, the deed restrictions were in place long before we were a city. However, the Meadows Place Homeowners Association is no longer a viable body (and why we do not pay HOA fees). However, as I understand it, that does not take away the homeowners ability to enforce deed restrictions individually by taking someone to district court.

Basically, by law, cities cannot assume the legal right of the homeowner to enforce the covenants contained within a homeowner's deed restrictions. Cities enforce Zoning.

Planning Ahead for a Parade Marshal

Our Department Heads have made plans for the year. Street repairs, Neighborhood Watch programs, Utility Software upgrades, Court Clerk training and so on are all on the books. So is our 2017 4th of July Parade Marshall. I am very proud to announce that the City of Meadows Place Parade Marshall for 2017 will be Mike Matson, Skipper of the 22 foot rowboat Anne, which just placed first in their division in the 3000 mile Race Across the Atlantic. Mike, says he will be honored as Meadows Place was where he and fallen firefighter Anne Sullivan served together as firefighters. Plan to meet Mike this year at the end of the Parade. See you there!

Meadows Place Economic Development Corporation **BUSINESS\$ OF THE MONTH**

Tackxas

The largest tack store in this part of Texas.

Pictured are: EDC Director, Kurt Koczynski, President/CEO of Tackxas, Maaz Hilal, EDC Director, Matthew Walker, & Mayor Charles Jessup

This award is presented to those business partners who contribute to, and support the City of Meadows Place. Drop by and wander their HUGE showroom, it is worth a visit.

COP TALK

By Chief Gary Stewart

A Visit From Liza Vier

Recently the Meadows Place Police Department was blessed with a visit from Liza Vier. Liza is a 19-year-old college student in the Houston Metroplex studying Criminal Justice. She is on a mission to show her support and appreciation for Law Enforcement. Her mission began after many of the recent tragedies involving Law enforcement and realizing the danger of the profession. Liza found that the archangel, St Michael, is the Protector of Law Enforcement and wanted each officer to carry the blessings close to their heart during these dangerous times. She went above and beyond, asking her priest to bless each one of the cards that has a St. Michael pendant attached. This is her way of saying the community has our back.

She has given out more than 16,000 cards/St. Michael pendants, across the nation to date. She continues her quest to reach all Law Enforcement. This is truly a blessing to our department and Law Enforcement.

Thank you Liza,

From: Chief Stewart and the Meadows Place Police Officers

Household Hazardous Waste Collection

By Danny Segundo

Household hazardous wastes are disposed of improperly when poured down the drain, on the ground, in storm sewers or in the trash. The dangers of such disposal may not be immediately obvious, but certain household hazardous wastes can contaminate septic tanks or wastewater treatment systems; harm children and pets and cause injury or sanitation workers.

When poured in storm drains, contamination of the local water body occurs.

Many homes and garages in Fort Bend County are currently storing products, which are classified as hazardous by the EPA. An estimated 1.6 million tons of household hazardous waste are generated by Americans each year. Officials estimate that between three and 10 gallons of cleaning products, solvents, automobile fluids, garden chemicals, fertilizers and other materials hazardous to human health or the environment can be found in the average household. When these products are no longer needed or wanted, they are called household hazardous waste and should receive special storage, handling and disposal.

The Fort Bend County's Solid Waste Advisory Committee is proud to offer a Household Hazardous Waste Collection for Fort Bend County's citizens. The collection site will be staffed by personnel trained to handle hazardous waste and the materials collected will be disposed of according to EPA regulations.

Residents who are interested in more information about HHW disposal locations can visit the Fort Bend County HHW website at <http://co.fort-bend.tx.us/index.aspx?page=358>

Mailbox Month

By Jerry Parker

How about this wacky weather that we've been having! Cold, Warm, Wet, cold then warm all over again! God Bless Texas weather! Now the problems set in...Mold on our homes, grass and weeds getting out of control...Literally, a few minutes of work on the weekend can save you a load of trouble later in the coming months.

I will be out providing friendly reminders to the residents of homes that are starting to show mold, rotten siding, fascia and fences...I suspect that I will be busy, as there are a lot of homes here that need this attention.

Here are three friendly reminders:

1. Our ordinances require that your dog remain on your property unless restrained on a leash. This means that you may not just open your front door or gate to allow your pet outside to do its business and when you walk your dog, you SHALL maintain control of the animal via a leash/rope or other device that is sturdy enough to maintain positive control of the animal. In addition, you are required by ordinance to pick up after your dog. .
2. March is Mailbox Month. Mail/E-Mail/Deliver, before and after pics of your remodeled mailbox to me or City Hall and receive \$10 off your utility bill.
3. If you are having work done to your home, verify that your contractor is registered with the city. This helps protect you from scams as well as guarantees that the proper permits are pulled and inspections are performed.

A question arose recently concerning the process from getting a warning to receiving a citation. The resident thought a 10 day grace period was required and that is not true. To obtain code compliance the city will give occasionally give warnings but is not required to do so. The city can, and has, issued citations for Code Violations without issuing written warnings. There just has to be at least 10 days in between the receipt of the citation and the court appearance date.

Top Hits from February (Thru 2/15):

Violation:	Warn/Cit	Comply:
Grass/weeds	1	1
Trees / Shrubs	2	2
Trailer/Car/Boat	6/3	3
Trash Cans / Debris	15/1	14
General Nuisance	21	21
Other	14	14
Totals	59	93

Contact me directly if you have any questions. Thank You.

2017 BOYSCOUT FLAGS OVER MEADOWS PLACE

Holiday flag placement in your yard on:

Memorial Day > Flag Day > Independence Day > Labor Day

We wish to express our sincere Thank You to those who have subscribed to this Flag Service, for supporting Boy Scouts and for expressing the patriotic spirit on the holidays when we honor America. If you had any difficulty with your flag subscription last year, please contact Rick Staigle. To those who have not yet subscribed, we extend this invitation and ask for your support.

Troop 731 will proudly post an American Flag in front of your residence on each of the following national holidays:

- **Memorial Day**
- **Flag Day**
- **Independence Day**
- **Labor Day**

(On Veteran's Day, the scouts are usually in school so flags will NOT be placed in front of homes that day). Boy Scout Troop 731 flag placement occurs early morning and flag retirement early evening. **Note: The flags and flagpoles are the property of Troop 731. You are purchasing a subscription service and NOT the flag or flagpole itself.**

The subscription cost is \$25.00 per calendar year, paid in advance. To subscribe, please complete the following information and return this form with your \$25.00 donation to:

Please Make Checks Payable to "BSA Troop 731"

"Proudly Servicing Homes in Your Area for 28 Years!"

CASUAL AIR, INC.

"Fair Prices, Quality Work"

• Please have your furnace checked for proper operation by a licensed H.V.A.C. professional before turning them on! ** A very small price to pay for you and your loved ones safety.

PREVENTIVE MAINTENANCE TIP ~ FYI:

Have the duct work checked in your homes attic space for air leaks. If your home is 25-30 years old the typical "flex duct" originally installed by builders can deteriorate & literally "fall apart" due to constant heat & humidity of attic conditions in our area. This can hit you hard in the "pocketbook" (i.e. very comfortable attic space!). Not to mention your system has to work harder to comfortably heat & cool your home. Having your duct work checked can be easily scheduled during your annual fall furnace inspection. **Call Now** before you make the switch to heat.
