

COMMENTS FROM THE MAYOR By Charles Jessup

City Election

Your Vote Counts. We have all heard that but most of us really don't believe it. Well, believe it. Your vote matters. In a recent Sugar Land election, a Council election was decided by ONE vote. On Saturday, May 5th, the City of Meadows Place is holding an election where the voters of Meadows

Place will select their Mayor and three members of City Council. I urge everyone to vote, always have. Voting is our way of selecting the political leaders that we believe can make the best choices to move our city into the future and make sure it stays-Your Place for Life.

Economic Forecasting

Meadows Place EDC President Bob Graf and I attended the Greater Fort Bend Economic Development Council meeting last month. In attendance were business leaders, community leaders and elected officials. The meeting featured a great speaker talking about why he is so optimistic about the economic success of the greater Houston area, including Fort Bend. There were a myriad of facts, formulas and figures displayed, but the thing he was most optimistic about was- the people. Using national magazine covers to prove his point, he showed that people here are ready to work, compassionate and eager to help others, willing to work with people with different skillsets to accomplish a common goal – like the Astros did - regardless of background, birthplace, or heritage. This has proven to be true in manufacturing, engineering, shipping, the medical field and everywhere else in our region. The bottom line is that if Meadows Place continues to raise its standards we have a very bright future indeed.

Did You Know?...

Did You Know... Shelly Brough wanted us to know that not only did the Dulles Academic Decathlon Team win the State competition, they were ranked the Number 2 Academic Decathlon Team in the nation? The NATION! Congratulations Dulles!!! And Congratulations to Meadows Place own Sophie Yangyi who helped the Dulles High School Academic Decathlon team win State for second consecutive time. Another outstanding young leader from Meadows Place.

Did You Know... Steve Hoffman, retired owner of Hoffman Insurance, is going to educate us on Flood Insurance? Mr. Hoffman will to speak to the Active Adults group at the new Discover Center on Monday, April 9th. There seems to be some confusion about Flood Insurance and here is your chance to get some answers and see the new Discovery Center at the same time. Join us.

Did You Know... Robert Quarles teenage daughter told him that “I have never caught a fish in my whole life”? Robert, the Staff Director at Fort Bend County Commissioner’s Office, called into the Doug Pike radio show to get some advice on where and how to help his teenage daughter catch a fish. Mr. Pike said he has just the place for her to catch a fish, and then asked him “Have you ever heard of Meadows Place?” After he told him he was very familiar with Meadows Place, Mr. Pike told him to “use a long shank # 10 hook with the barb pinched down and my secret recipe”. The secret recipe turned out to be cheap canned corn soaked in vanilla for a couple of hours. I saw a lot of fish caught using this combo during our annual campout. Thank you Robert and Thank You Doug Pike!

Did You Know... we will be adding two new Free Little Libraries – one at the new Discovery / Nature Center and one at Brighton Pocket Park? Enjoy. and thank all who have been bringing new books.

Did You Know... Amaya Labrador, Meadows Place resident, Architect and member of the Meadows Place EDC Advisory Committee is chairing the Christopher Kelley Leadership Development Program? Quite impressive. Congratulations Ms. Labrador, and Thank You for your service to Meadows Place.

Did You Know... Danny Segundo, our Public Works Director, participated in four days of very intense Floodplain Management training last month? Danny said was glad it was over but that he learned a lot and will be able to make sure Meadows Place meets all the mandatory requirements and was pleased about that.

Did You Know... Meadows Place got three new display banners to use at meetings, training sessions and seminars? Paid for by our EDC, these banners were designed by Erickson Advertising, look great and portray Meadows Place in a very professional manner. They will be on display at City Hall for a little while.

Speaking of being on display, **Did You Know...** City Hall is filled with art work by students at Meadows Elementary? Some of it is quite good, some even better than that. Visitors to City Hall have really been impressed. Letting our students be such a big part of our city ensures that Meadows Place will always be Your Place for Life!

Did You Know... there was an Egyptian Goose spotted at the lake and a Purple Finch spotted in some shrubs over on Hoggard Street? We also have a report that a pair of Yellow Crested Night Herons are nesting in the neighborhood.

Did You Know... that it is the County replacing the big concrete panels on the drainage ditch behind the pool and Discovery Center? Thank You!!

Did You Know... is for YOU. To get something in Did You Know in 2018, drop us a note at City Hall or email: mayor@cityofmeadowsplace.org.

Did You Know... that Saturday, April 21st is going to be a big day in Meadows Place? The Home and Garden Club is holding the Spring Home Tour followed by the Spring Fling in the Park. After attending the great Garden Club program featuring Kurt and Stacie Kopczynski everyone was more excited than ever to go see these magnificent makeovers. The outside may look essentially the same, but the transformation inside is amazing. Kurt and Stacie had the top ideas for getting the “Most Bang for Your Buck” and suggested everyone take the tour to get some new ideas to make your home more beautiful, more livable and more valuable. For tickets, call Co-chairs Shirley or Alderman John Isbell at 713-775-7774 or 281-498-1984.

TDA Dog Park

Recently, while inspecting the TDA Dog Park, I had a chance to talk with some of the regular park visitors. Like me, they were somewhat concerned about the transition of ownership from TDA to VROOM. They love this little park and hope the transition will not be a detriment to this fantastic entryway to our city it. Michael, Zach and Ernest all enjoy the TDA Dog Park and do a great deal themselves to maintain it. They helped me get a better handle on the park now that VROOM has taken over so I told them about a recent meeting with the good folks at VROOM. I told them of their desire to make sure the dog park is something we could enjoy and be proud of. For instance, they now have a pump on order to get the water feature working again and are determining the best way to schedule maintenance, beautification, etc. I can't say what the future holds but I can say that so far everyone at VROOM has been very courteous, professional and responsive. This dog park is a wonderful addition to our city and we are going to do all we can to make sure it remains a desirable place for both people and pets.

Household Hazardous Waste Collection

Some jobs around the home may require the use of products containing hazardous components. Such products include certain paints, stains, and varnishes, cleaners, polishes, automotive products, pesticides, and herbicides.

The used or leftovers contents of these consumer products are known as "household hazardous waste". More often than not, you would not want to put these waste in the trash or down the sink. But what to do? Here are some tips to help you reduce the amount of household hazardous waste you generate and on the proper use, storage and disposal of these products.

Before you buy...

- Think about the job at hand.
- Read product labels carefully.
- Choose the product that is best for the job.

Before you use...

- Read the label and follow the directions for proper use.
- Follow safety precautions.
- Use the recommended amount – more is not always better.

After you use...

- Read the label and follow directions for proper storage.
- Keep lid tightly closed.
- Keep product in original container with readable labels.
- Share any product you can't use with a friend or neighbor.

The Fort Bend County's Solid Waste Advisory Committee operates a Recycling and HHW Center. Please visit the Fort Bend County HHW website at <http://co.fort-bend.tx.us/index.aspx?page=358> for more information on operation times and location.

*I will work hard to make
Meadows Place a better
place for everyone!*

Friends and Neighbors, allow me to say Thank You. You have inspired me to leave my comfort zone on your behalf. I have filed to represent you as Alderman, Position 1. I moved to this hidden gem over thirteen years ago after an exhaustive search for a place to raise my little family, a place to call home. Meadows Place embodies for me all of the amazing things a small community has to offer. I am so very proud to call Meadows Place my home. I will be walking the neighborhood asking for your support in this endeavor. I hope to be the candidate Meadows Place needs.

Scott Holland

For: Alderman 3, City of Meadows Place

For too long I have heard from many that call Meadows Place home, that they feel their voice is either not heard or that it matters. I believe government's role, whether at the Federal, State, or local level is to serve its people and to give them a voice (representation) in how their community functions. The main reason I am running is to give the citizens of Meadows Place an option to have their voice heard in matters that can directly affect them. Meadows Place is a unique city because of our size, location, safe neighborhood, police department and most importantly the great people who live here. Of course, not everyone will agree upon every decision our local government makes. However, no one should feel like it's not worth speaking out on or giving an opinion because they feel it will not make a difference. I want to be the person on your City Council that ensures no major project or program (whether city, county, state or privately funded) goes forward without full transparency and with the majority support of the residence...YOU!

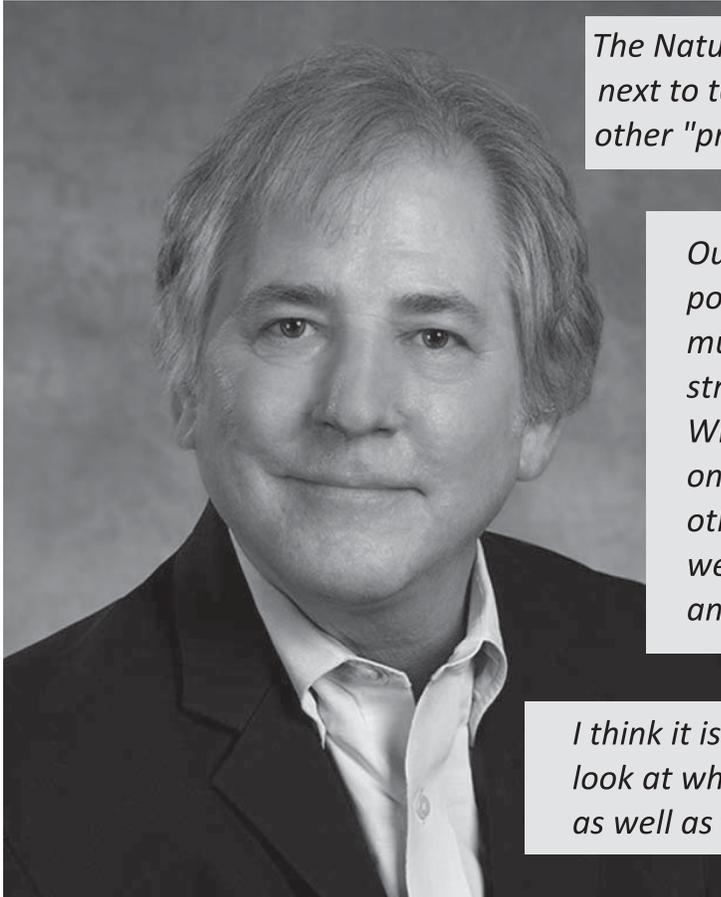

It's not my opinion that matters... it's YOURS!!

VOTE: MAYOR

Mark McGrath

The Nature Center... at least 250K. Outhouse next to tennis courts... at least 75K, and other "projects" paid for with our tax dollars.

Our City has not grown in area or population. Why are we spending so much money on these items when our streets are in such bad condition? With no discernable plan to address ongoing street maintenance and repair, other than the occasional band-aid fix, we continue to have the highest tax rate any city in Fort Bend County! Why?

I think it is time for a new, fresh objective look at what the city is spending money on... as well as the tax rate that funds the budget.

Why to vote for me

- Tax Rate has been reduced from \$0.895 (2014) to \$0.832 (2018). While the tax rate has been reduced, revenue from property taxes increased approximately \$369,000 between 2014 and 2018. An additional police officer and expanded dispatch hours for the Police Department accounts for \$212,000 of this increase. One time Parks expenditures like the slide at the pool, restrooms by McDonald Park, and expanded trails are included with the rest.
- Fix our city streets and water lines. Outstanding bonds that were originated in 1997 and 2005 are scheduled to be paid off in 2020. Bond debt has been reduced from \$3,036,732 (9/30/13) to \$1,339,032 (9/30/17). Currently, more than \$400,000 per year goes to pay off the outstanding bonds, which is a little more than 11 cents on your tax rate. Once the old bonds are paid off, those funds can be shifted to fixing city streets. Combined with the Road Use Fee, this would be \$500,000 per year applied to fixing old water lines and streets without an increase to the tax rate.

**MEADOWS PLACE RESIDENTS
BEWARE OF SINGLE ISSUE CANDIDATES**

In this City election, there are candidates that have nothing new and/or positive to add as a reason to be elected, so they had to bring up again the only one issue that they think will get them elected. It won't.

Your Mayor & Council has worked very hard over the past several years to make Meadows Place a great place to Safely, Live, Play & Raise Your Family.

SAFETY: Their #1 concern in decisions that affect your everyday life here like:

- Funding & Training our top ranked Police Department to protect you
- Constructing a new Police Operations Training and Emergency Operations Center (EOS)
- Convincing the County to relocate a 24hr Fire & EMS Ambulance service in Meadows Place
- Implemented a CodeRed system for Emergency Alerts to residents
- Created a Strong Sex Offender Residence Ordinance to limit where sexual predators can live

FAMILY: Many important decisions to make Meadows Place a great place to raise your family like:

- Creating the man-made lake using reclaimed water for residents of all ages to enjoy
- Upgrading of new kids equipment, including a splash pad, inclusive playground & exercise equipment
- Expansion of our walking trails system & new Park activities for everyone to enjoy
- Purchasing property next to pool for long term future planning of our swimming pool area
- Creation of a Monarch Butterfly Park and the new Discovery & Nature Center

CONSERVATIVELY RUN CITY GOVERNMENT Council achievements like:

- Lowering and/or keeping your property taxes the same for the past 7 years.
- Our bond rating company reports we have a robust financial position & our credit position is solid
- Maintaining an extremely small debt burden and manageable pension liability
