City of  
**Meadows** PLACE 

JUNE 2017

**COMMENTS FROM THE MAYOR**  
By Charles Jessup

**Lawsuit Against City Dismissed**

Last year, 46 General Law cities like Meadows Place, received a letter from a group demanding a repeal of Sex Offender Residency Restriction ordinances. They threatened a lawsuit against any city that did not do so - Meadows Place was one of those cities. Many chose to repeal their ordinances. Meadows Place did not.

On January 20th, 2016, we held a public discussion on that challenge to our Sex Offender Ordinance. City Hall was packed. Everyone was given an opportunity to speak and ask questions. Though this is an emotional subject, the demeanor in the room never got ugly, only determined. At the end of a long evening, 100% of our residents raised their hands in support of our ordinance so your Mayor, Council and Legal Counsel, Grady Randle declared their intent to fight the suit.

The City of Meadows Place is pleased to announce that thanks to the efforts of the Grady Randle Law Firm, Meadows Place Prosecutor Brian Middleton, Chief of Police Gary Stewart, Lt. Richard Simmons and with support of the residents of Meadows Place, the case was thrown out.

This may or may not be over, but for now we are in good legal standing. Thank You to *everyone* who played a role, especially those who stood firm that night in City Hall. Your city leaders have been, and will continue to seek a legislative solution to this situation. In the interim, Meadows Place Police Department will aggressively enforce our Sex Offender Residency Restrictions.

**Monarch Gateway**

Meadows Place has been working with Monarch Gateway for over a year to restore 13 acres back to native prairie. This project will support migrating monarch butterflies and pollinators. We are very excited about this project as the benefit will be tremendous and we are the HOST city!

# Did You Know?...

**Did You Know...** D'Anne & Doug McGee want to thank everyone for their prayers & support of their son Matthew who is presently deployed on the USS Carl Vinson off the Korea peninsula. Matt was just awarded his Surface Warfare Badge last week. Thank you Matthew for your service. Meadows Place is proud of all our men and women who are serving in our military as evidenced by the Meadows Place Hall of Heroes plaques displayed on the wall at City Hall. If you have a son or daughter serving and do NOT have a plaque, please Contact City Hall to find out how to get one.

**Did You Know...** Permann's Cider Company gave our Parks Department a donation in appreciation of being invited to be a part of our very successful Music Memories Series last month. A great time. Thank You Permann's

**Did You Know...** the official City of Meadows Place Facebook page had almost 5,000 people see the "Croc in the Classroom" video posting. To view this and the other 2017 videos go to our website, click the YouTube icon and pick a clip to watch or, watch them all! They are great fun and will bring a smile to your face.

**Did You Know...** Cathy Zepeda, a Meadows Place resident, was Coach of the Year for Special Olympics Area 22. When not working as an assistant coach for FBISD, Cathy coaches softball, basketball, volleyball and track & field with the ARC of Fort Bend and will be taking 24 athletes to the State meet in Arlington Memorial Day weekend.. "It's my passion and a blessing to be able to coach such amazing young men and women."

Cathy is just one of the many outstanding people that help make Meadows Place...*Your Place for Life!*

**Did You Know...** Meadows Place resident John Pizzitola was appointed as the first Associate Judge for the City of Meadows Place in January 1984. He served with honor, putting the needs of this city above his own so the Mayor and

City Council of Meadows Place, proclaimed May 24, 2017, as John Pizzitola Day in the City of Meadows Place. Congratulations Judge Pizzitola, and Thank You for your years of dedication to the City of Meadows Place.

**Did You Know...** your Mayor had the privilege of sitting with Meadows Elementary Principal Michele Labus, Asst. Principal, Jocelyn Jackson and VIPS Campus Coordinator Nicole Nathen as they watched Arlander Harrison-Minx be recognized at the Meadows Elementary VIP of the Year. Congratulations Arlander and everyone at Meadows Elementary for another great year. Thank You for all you do!

**Did You Know...** Meadows Place has some new huge photo ads on the Sterling McCall Nissan sign. Check them out.

**Did You Know...** Meadows Place has had \$491,825.00 worth of permitted improvement in remodels, additions, and pools in the last 12 months. This doesn't even include driveways, roofs, etc., and is more proof that Meadows Place is investing in itself. Before you start a project, we ask that you check the website or contact City Hall if you have any questions or concerns about what needs to be done to meet statutory requirements. We will do our best to help you and it is a lot better to figure these things out before you sign on the dotted line.

**Did You Know...** We want all the residents to have some background and history of the Community Garden so next month we will have a page on the website dedicated to the Meadows Place Community Garden. In the meantime, you are all invited to participate. It is your garden to plant, water, weed, harvest, and enjoy. For more information Contact Jack Shaw or Bob Dybala thru their Meadows Place Community Garden Facebook Page.

**Did You Know...** To get something in Did You Know, drop us a note at City Hall or email: [mayor@cityofmeadowsplace.org](mailto:mayor@cityofmeadowsplace.org).

**Did You Know...** Meadows Elementary 5th graders got to visit the new dinosaur exhibit at the Houston Museum of Natural Science. 93 kids were chaperoned by caring parents, teachers and aides. They were very well behaved and the trip went off without a hitch. Our neighbor Houston has the largest dinosaur exhibit in the country... Larger than NY or the Smithsonian!!! One of the parents, Colene Cabezas, said the bones are not exhibited in the same old way but have the predators and their prey displayed in a more real life scenario - chasing, chomping, and scrambling to escape. Sounds exciting-And educational! Lunch in the park, a tour of the Japanese garden then back to beautiful Meadows Place...*Your Place for Life!*

*(Comments From The Mayor continued from page 1)*

The restoration will provide food sources that are imperative to their survival and will provide educational opportunities for Meadows Elementary, residents and visitors. The native prairie restoration will provide a beautiful backdrop to Meadows Place while reducing expenses by omitting mowing. We had a tremendous turnout for the Ribbon Cutting so check the City of Meadows Place website to see some photos. If you wish to help or get involved, contact our Parks Department. This is big for Meadow Place as the Brazos River Prairie Chapter of Quail Forever joined the project and will be using Meadows Place as a Statewide example of what can happen if you want it to. Projects like this ensure Meadows Place will always be **Your Place for Life!**

### **Roofing Standards**

Back in October, your city council unanimously approved raising the roofing standards in Meadows Place. Now all shingle roofs must meet these standards. We have done a great job ensuring compliance but we have had problems with two roofers trying to put on shingles that did not meet our new upgraded standards. Sadly, it cost them a lot of money and caused problems for the homeowners. Please, if you are having a roof put on, or doing some remodeling, make sure your contractor is registered to work in Meadows Place, is aware of our standards and pulls the required permits. It will be better for everyone. Thank You.

## **Hurricane Season is Approaching**

With Hurricane season just around the corner the Meadows Place Police Department wants to remind everyone about all of the services available to our community in times of pending severe weather events and disasters. We encourage our residents to be proactive and prepare for the hurricane season by making the appropriate preparations for your family and pets. Remember, "It's better to look ahead and prepare than to look back and regret." Below is a list of resources available. We hope everyone will take full advantage of these valuable resources.

CodeRed allows a user to sign-up for important notifications about the City of Meadows Place. This includes nonfictional about emergency services and evacuations prior to and during pending emergency events. ### It's That Time of Year Again!

Our trees are GROWING! The problem is that now the limbs are hanging well below our ordinance height of 16' over the street, and 10' over sidewalks.

Trees are a valuable asset to properties and the environment. In many parts of the city, tree canopy provides shade and significantly reduces utility bills. Mature healthy trees can increase a property's value by as much as 25 percent.

Trees must be properly maintained and pruned for the health of the tree as well as for public safety. The City's tree trimming ordinance was put in place to ensure that large vehicles such as fire trucks, school buses, ambulances, and garbage trucks are able to navigate and operate safely, and to allow pedestrians to walk on the sidewalks without veering out into the roadway to avoid limbs.

There are many resources for information on pruning trees. Online resources include:

**Remember:**  
**Permits are required for Roofing, Plumbing, Electrical and HVAC work, as well as several other types of work.**

Please contact our Permit Clerk, Isela Hernandez @ 281-983-2950, and make sure that you and you contractor get the proper permits. The fines for un-permitted work are steep!

### Flood Insurance

As we come upon a new Hurricane Season it's important to know that flood insurance is available to everyone. Your home does not have to be within a designated flood zone to purchase flood insurance. Every year Fort Bend County and Harris County experience heavy flooding along its Bayou's during heavy rain falls.

The last two years we've seen Keegan's Bayou leave its banks and flood West Belfort, the result leaves W. Belfort area unpassable for motorist for several hours. During some of these heavy rainfalls we have experienced street flooding here in Meadows Place and the overflow from Keegan's Bayou has left our tributary bayou near it banks in 2015 and 2016.

Flood Insurance is not covered under regular home insurance and may not be needed depending on where you live. However, we encourage our homeowners and tenants to do some research as most new flood insurance policies take 30 days to become effective. Please visit the web sites links below if more information is needed.

## Home & Garden Club

By Bob Dybala, Publicity

First of all we congratulate our Scholarship award winners: Dakota Mills, Mariah Shaw, and Jessica Montalvan. We wish them success in their college studies. Award certificates were presented to them at the May City Council meeting. Look for photos on our website on the "News" page as well as the "Scholarship" page.

Hopefully you checked out our website (the "YOTM" page) to see photos of the May Yard of the Month award winners. Better yet, perhaps you drove by and got a first-hand look. We congratulate the award winners and all of you who are sprucing up your front yards and making Meadows Place "Your Beautiful Place for Life." Our judges are saying it's often hard to pick between two or three yards. Keep up your good work: it will be your turn soon. Our website lists the criteria we use. We make every effort to avoid awarding a yard two years in a row. Also, you do not have to be a member of the Club for consideration. Judging takes place on the last three days of the month for the following month. By the time you get this Newsletter, we will have already selected the award winning yards for June. The photos will be on the website and announced on Facebook.

Our May award winners were:

**Section I**  
Cindy and Gene Cheatham  
11423 Dorrance

**Section IV-North**  
Rondalyn Baker  
11719 Bolero Ct.

**Section II**  
Lois Schalles  
11807 Meadowdale

**Section IV-South**  
Bill and Alicia Monk  
12119 Blairmeadow

**Section III**  
Larry and June Mahoney  
12130 Scottsdale

**Section V**  
Chris and Ofelia Reyes  
12510 Meadowglen

On May 9th, in lieu of our General Meeting, the Club held its "Installation Dinner" to formally "install" the new officers for the 2017-2018 program year which runs from September through May. All the chairpersons of our various committees were recognized as well. These were listed in the May Newsletter. We enjoyed a barbecue dinner provided by Majors Catering.

We hope to see you all from our float in the July 4th Parade.

# Annual Drinking Water Quality Report

TX0790025

CITY OF MEADOWS PLACE

Annual Water Quality Report for the period of January 1 to December 31, 2016.

This report is intended to provide you with important information about your drinking water and the efforts made by the water system to provide safe drinking water.

For more information regarding this report contact:

Name Danny Segundo

Phone 281-983-2961

CITY OF MEADOWS PLACE is Ground Water

Este reporte incluye información importante sobre el agua para tomar. Para asistencia en español, favor de llamar al telefono (281) 983-2961.

## Sources of Drinking Water

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally-occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals or from human activity. The source of drinking water used by the City of Meadows Place is ground water from the Chicot Aquifer.

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the EPAs Safe Drinking Water Hotline at (800) 426-4791.

Contaminants that may be present in source water include:

- Microbial contaminants, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife.
- Inorganic contaminants, such as salts and metals, which can be naturally-occurring or result from urban storm water runoff, industrial or domestic wastewater discharges, oil and gas production, mining, or farming.
- Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban storm water runoff, and residential uses.
- Organic chemical contaminants, including synthetic and volatile organic chemicals, which are by-products of industrial processes and petroleum production, and can also come from gas stations, urban storm water runoff, and septic systems.
- Radioactive contaminants, which can be naturally-occurring or be the result of oil and gas production and mining activities.

In order to ensure that tap water is safe to drink, EPA prescribes regulations which limit the amount of certain contaminants in water provided by public water systems. FDA regulations establish limits for contaminants in bottled water which must provide the same protection for public health.

Contaminants may be found in drinking water that may cause taste, color, or odor problems. These types of problems are not necessarily causes for health concerns. For more information on taste, odor, or color of drinking water, please contact the system's business office.

You may be more vulnerable than the general population to certain microbial contaminants, such as Cryptosporidium, in drinking water. Infants, some elderly, or immunocompromised persons such as those undergoing chemotherapy for cancer; persons who have undergone organ transplants; those who are undergoing treatment with steroids; and people with HIV/AIDS or other immune system disorders, can be particularly at risk from infections. You should seek advice about drinking water from your physician or health care providers. Additional guidelines on appropriate means to lessen the risk of infection by Cryptosporidium are available from the Safe Drinking Water Hotline (800-426-4791).

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. We are responsible for providing high quality drinking water, but we cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline or at <http://www.epa.gov/safewater/lead>.

## Information about Source Water Assessments

A Source Water Susceptibility Assessment for your drinking water source(s) is currently being updated by the Texas Commission on Environmental Quality. This information describes the susceptibility and types of constituents that may come into contact with your drinking water source based on human activities and natural conditions. The information contained in the assessment allows us to focus source water protection strategies.

For more information about your sources of water, please refer to the Source Water Assessment Viewer available at the following URL: <http://www.tceq.texas.gov/gis/swaview>

Further details about sources and source-water assessments are available in Drinking Water Watch at the following URL: <http://dww2.tceq.texas.gov/DWW/>

**2016 Regulated Contaminants Detected**

**Lead and Copper**

Definitions:

Action Level Goal (ALG): The level of a contaminant in drinking water below which there is no known or expected risk to health. ALGs allow for a margin of safety.

Action Level: The concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water system must follow.

<b>Lead and Copper</b>	<b>Date Sampled</b>	<b>MC LG</b>	<b>Action Level (AL)</b>	<b>90th Percentile</b>	<b># Sites Over AL</b>	<b>Units</b>	<b>Violation</b>	<b>Likely Source of Contamination</b>
<b>Copper</b>	07/19/2016	1.3	1.3	0.102	0	ppm	N	Erosion of natural deposits; Leaching from wood preservatives; Corrosion of household plumbing systems.
<b>Lead</b>	07/19/2016	0	15	.002	0	ppb	N	Corrosion of household plumbing systems; Erosion of natural deposits.

**Water Quality Test Results**

Definitions: The following tables contain scientific terms and measures, some of which may require explanation.

Avg: Regulatory compliance with some MCLs are based on running annual average of monthly samples.

Maximum Contaminant Level or MCL: The highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.

Maximum Contaminant Level Goal or MCLG: The level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.

Maximum residual disinfectant level or MRDL: The highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.

Maximum residual disinfectant level goal or MRDLG: The level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants.

MFL million fibers per liter (a measure of asbestos)

na: not applicable.

NTU nephelometric turbidity units (a measure of turbidity)

### Violations Table

Lead and Copper Rule			
The Lead and Copper Rule protects public health by minimizing lead and copper levels in drinking water, primarily by reducing water corrosivity. Lead and copper enter drinking water mainly from corrosion of lead and copper containing plumbing materials.			
Violation Type	Violation Begin	Violation End	Violation Explanation
LEAD CONSUMER NOTICE (LCR)	12/30/2013	2014	We failed to provide the results of lead tap water monitoring to the consumers at the location water was tested. These were supposed to be provided no later than 30 days after learning the results.

# IT STARTS IN PARKS

Coaching. Connecting. Community.

Meadows Place Parks and Recreation has many ways for you to get out, get active, and get involved. Stay current with the latest program and event information by checking the city website, Facebook and monthly newsletter.

## LIFEGUARD OF THE MONTH

Congrats to Ellie Doina for being May's Lifeguard of the Month! Ellie demonstrated exemplary leadership and rescue skills during our very first EAP (emergency action plan) training. Not only did she do an outstanding job during training, Ellie has shown she deserved the promotion to supervisor by her eagerness to help her fellow aquatic staff and for being vocal in how to help the operations of the pool run smoother. Thanks, and congrats Ellie!

The Meadows Pool Aquatic Staff and Stafford Fire Department after the first Emergency Action Plan (EAP) training.

## MEADOWS PLACE 4<sup>th</sup> OF JULY PARADE

Join the fun during Meadows Place Annual 4<sup>th</sup> of July Parade @ 10am. There are several ways to participate in the fun. We are taking entries from those that would like to march, create a float, and decorate a golf cart, boat, or bike. We are also looking for anything unique such as unicycles, stilt walkers, musical instruments, etc.

**Parade entry form can be found on the City website: [cityofmeadowsplace.org](http://cityofmeadowsplace.org). Return your entry form to City Hall before Monday, June 26.**

Non-motorized entries do not need to complete a form. Judging will take place at 9am SHARP. Line up begins at Sugar Groves Church of Christ's east parking lot, 11600 W Airport. Enter from W Airport ONLY and check in with a parade official. Cars not participating in the parade may park in the west lot.

**Parade route travels from City Hall to Dorrance to Mullholland, left on Mullholland then left on Brighton concluding at McGrath Park.**

## MORE FUN

Join us McGrath Park after the parade ends for more July 4<sup>th</sup> fun and listen to the sounds of a brass band, a patriotic band, hot dogs, snow cones and splash pad fun. Hotdogs and snow cones are available for a nominal fee.

## NEIGHBORHOOD BLOCK ENTRY (Win Private Pool Party and Pizza for 40)

Would you like to win a private pool party and pizza for your block? Enter into the parade as a block entry and you and up to 40 neighbors can enjoy a private event at the pool. To qualify you must have at least 4 neighbors from the same block enter as a group. The creativity is up to you. Block entries are judged separately from the other categories. Please complete an application so the judges will score you appropriately. The block that wins will choose the date for the private party and pizza at Meadows Place pool.

## ACTIVE MILITARY

If you or an active duty family member would like to participate in our parade, please contact the Parks & Recreation Department by Monday, June 26.

## BIKE PARADE

Bike riders are a big part of the 4<sup>th</sup> of July Parade. No entry form required just show your patriotic spirit by decorating your bike and join the parade in the parking lot of Sugar Grove Church at 9am.

## PRIZES WILL BE AWARDED

**Youth    Spirit    Commercial Entry    Block**

Judging for non-motorized entries begins at 9am SHARP at Sugar Grove Church. Motorized judging will take place while in route in front of the Community Center. Prizes will be awarded at the conclusion of the parade at McGrath Park.

## YARD DECORATING

Show your patriotic spirit by decorating your yard in a red, white and blue theme. If you do not live along the parade route you must enter your address by calling 281.983.2935 or email

[lylanan@cityofmeadowsplace.org](mailto:lylanan@cityofmeadowsplace.org).

## **2017 BOY SCOUT FLAGS OVER MEADOWS PLACE**

Holiday flag placement in your yard on:

***Memorial Day > Flag Day > Independence Day > Labor Day***

We wish to express our sincere Thank You to those who have subscribed to this Flag Service, for supporting Boy Scouts and for expressing the patriotic spirit on the holidays when we honor America. If you had any difficulty with your flag subscription last year, please contact Rick Staigle. To those who have not yet subscribed, we extend this invitation and ask for your support.

Troop 731 will proudly post an American Flag in front of your residence on each of the following national holidays:

- **Memorial Day**
- **Flag Day**
- **Independence Day**
- **Labor Day**

(On Veteran's Day, the scouts are usually in school so flags will NOT be placed in front of homes that day). Boy Scout Troop 731 flag placement occurs early morning and flag retirement early evening. **Note: The flags and flagpoles are the property of Troop 731. You are purchasing a subscription service and NOT the flag or flagpole itself.**

---

The subscription cost is \$25.00 per calendar year, paid in advance. To subscribe, please complete the following information and return this form with your \$25.00 donation to:
