SEPTEMBER 2016

COMMENTS FROM THE MAYOR By Charles Jessup

New Utility Bills

Look over to the right and you will see an example of the new Meadows Place utility bill. You asked for something different- and you got it! No more little blue post cards that can get lost, stuck inside something else or get misplaced. It's letter sized and comes in a regular envelope. This new billing system is better for you and it saves our staff a lot of time. A

lot. Meadows Place is on the move always seeking to improve in all areas all the time, and this is just one more example of those ongoing efforts. Your new utility bills are easier to read, contain additional billing information, shows your usage for the past 12 months, and has a lot more room for messages and notes you need to know. On top of that, it comes with a return envelope for your convenience. Council, Staff and I really like it and we hope you do too.

Moody's Rates Meadows Place Aa3!

I cannot begin to tell you how proud I am of everyone whose efforts made this high Moody's Rating possible. I could go on and on about what it takes, but I would rather you just read what Moody's has to say about us. *Italics are added for emphasis.*

"Meadows Place has a strong credit position, and its Aa3 rating matches the median rating of Aa3 for US cities. The notable credit factors include a robust financial position, and an affordable pension liability with *an extremely small debt burden*. The rating also reflects *a strong socioeconomic profile* with a limited tax base.

Finances: The financial position of the city is very *healthy* and is a strength in comparison to the assigned rating of Aa3. Meadows Place's fund balance as a percent of operating revenues (79.9%) *far surpasses* the US median. Furthermore, the cash balance as a percent of revenues (87.9%) *is far superior to other Moody's-rated cities nationwide* and increased from 2012 to 2015."

I hope you are as proud of this as I am, but I would be remiss if I did not thank City Council, the Department Heads and Financial Staff for working so hard to keep Meadows Place financially viable, secure and... **Your Place for Life.**

Did You Know?...

Did You Know... recently we have had many discussions about responsible pet ownership in our city, not only when it comes to picking up after your pets, but what to do with a pet you cannot keep. This is a great time be a good parent and set a good example. If you no longer want or can't keep a pet – handle it. Whether you find it another home, take it to no kill shelter or to Fort Bend Animal Shelter is up to you, but do the right thing....not like one parent who shamefully sent her child to drop off a litter of kittens at the park. Thankfully the child had more courage than the parent and sought help. The child found some people willing to take them until homes could be found. This is shameful behavior to be sure and not worthy of Meadows Place so please, please, do not just drop off or abandon any animal. Ever. Thank You.

Did You Know... Parks Director Colene Cabezas has some great changes on the horizon for the park area up by the lake. Before Thanksgiving we should be seeing some new exercise stations and- wait for it - an exciting new water feature up by the field house! I can't wait, this is going to be great. Thank You's go to Council and Colene for working so hard to make every penny count and yet provide the very types of new amenities Meadows Place residents have asked for.

Did You Know... Meadows Place held Jr. Lifeguard Training this year for young leaders from 9 to 13 years old. What a great program and a good way to train and prepare our Lifeguards of the future. Participation in this year's program were:
Anahi Pacheco; Kaleigh Brown; Meridian Ashton; Nicholas Martinez; Tanner Cabezas; Vinh Tang; Adrienne Tovar; Jai Wagner; Jesse McIntyre and Nikitha Sudhagar. The course introduces participants to lifesaving skills such as in-water rescue, use of a rescue tube, scanning and whistle commands. Participants also had the opportunity to shadow lifeguards to get a real sense of being on the job.

Did You Know... Meadows Place has an ordinance addressing the condition of our driveways? We are required in Section 150 of our Building Code to keep our driveways in good repair, which the city strictly enforces when a house is sold or rented, so be sure to prepare for this additional expense. I am pleased to say we have had many home owners go ahead and get a new driveway, which looks better, adds value to the home, and is safer to walk on for themselves and their visitors. Contact City Hall or our Code Enforcement official for more info.

Did You Know... Neighborhood Watch will have some great Door prizes for those attending their next meeting. In more exciting news, Neighborhood Watch postponed their next meeting until October so they can hold it in our NEW Tactical Training and Emergency Operations Center- You are all invited!

Did You Know... over the past three months, Wade Boatwright and Tanner Cabezas have collected 174 used tennis balls from our tennis courts. They set up a collection station and are collecting used, or 'flat' tennis balls to take them out to Fort Bend Animal Shelter and are donating some to Meadows Elementary for use there. The boys are pleased with their efforts and are going to continue on with the project. Like their parents, we should all be proud of their efforts and proud to see our young neighbors doing something so worthy. Thank You Wade. Thank You, Tanner. You both help make Meadows Place... *Your Place for Life!*

Did You Know... we had over 850 people, not including all the kids, at our Battle of the Bands and Food Festival? Great turnout and lots of fun. Next up is Octoberfest, which should be a lot of fun too. Hope to see you there!

Did You Know is for YOU. To get something in Did You Know, drop us a note at City Hall or email: mayor@cityofmeadowsplace.org.

Did You Know... Colene Cabezas and Monica Parsons from our Parks Department, are trained members of the Houston Bat Team! Bat Conservation International recently invited them to take part in a mission focused on how to conserve the world's bat population and bat ecosystems. They attended a special tour of Bracken Cave near San Antonio, which is the summer home of more than 20 million Mexican free-tailed bats, making it the world's largest bat colony and the largest concentration of mammals on earth. They said the sight of millions of bats spiraling out of the cave for their nightly insect hunt is an unforgettable sight and gave them some ideas for our parks. Way to go Meadows Place Bat Team!

(Comments From The Mayor continued from page 1)

Continued Development Efforts

Due to concerted and continued efforts, there are signs of progress in Meadows Place. In addition to Aldi coming in, the EDC, P&Z and the City have been in preliminary talks with Mr. Jerry Sun, owner of the 9+ acres of undeveloped property along West Airport. Mr. Sun wants to put something significant in our city that not only gives him a return on his investment, but something special for Meadows Place. We are working hard to find the right option for all parties. Texas Direct Auto has pulled the permits for the 59 frontage renovation, Murphy Oil is going up, UPS is moving in next to Walgreens and we have several people looking at the available pad sites in the city. Meadows Place is reaching out and seeking revenue generating businesses. These efforts are beginning to pay off so and let us know who YOU would like to see in Meadows Place.

COP TALK

Radical Firearms

The Meadows Place Police Department has been blessed with outstanding community support. One such supporter; Radical Firearms has assisted Meadows Place Police Officers and the Department by donating AR-15 Rifles. Radical Firearms held a Police Officer Only Raffle, in which four of our Officers won AR-15's and to sweeten the deal Radical Firearms offered special pricing to Police Officers on their Blue Line Rifle, but it didn't stop there, for each rifle that an officer purchased, Radical donated a rifle to the Police Department. This has been a tremendous help in equipping our officers with a necessary tool that can be cost prohibitive.

Radical Firearms is a small firearms manufacturer located in Stafford, Texas and are strong supporters of Law Enforcement. We are grateful for all their assistance with our Patrol Rifle Program. Thank you Radical Firearms.

Watering Tips

By Danny Segundo

- Water your lawn early in the morning during the hot months. Much of the water used on the lawn can simply evaporate between the sprinkler and the grass. (Watering late in the day to avoid evaporation can invite plant disease.)
- Use a sprinkler that produces drops of water rather than a fine mist, to avoid evaporation.
- Water slowly for better absorption, and never on windy days.
- Learn to know when your grass needs watering. If it has turned a dull gray-green and when footprints remain visible as you walk across it, it's time to water.
- Don't water too frequently. Too much water can overload the soil so that air cannot get to the roots, and can encourage plant diseases.
- Don't over-water. Soil can absorb only so much moisture and the rest simply runs off. A timer will help, and either your kitchen timer or an alarm clock will do. An inch-and-a-half of water applied once a week will keep most Texas grasses alive and happy.
- If small areas in your yard need more frequent watering (those near walks or driveways or in especially hot, sunny spots), use watering can or hand water with the hose only in those areas.
- Remember that saving water also saves energy. About 50 percent of the water used in a home is hot water. Providing energy to fuel your hot water heater is a major drain on your utility bill. So save water and you save energy and money at the same time.

Updates

By Jerry Parker

Trash cans may not be stored in view of the public. I have been receiving a lot of web mail and email reports of violations. This means that if your neighbors can see your cans from the street or while walking down the sidewalk, you are in violation. This includes the new recycle cans that we received last month. As wonderful and pretty as they are, they may not be left out in public view. It is still a Code Violation to leave them at the side of the house, in front of the garage or worse yet, out at the curb!

There has been an unfortunate rise in lost pets. Please do not violate state law by posting signs to street signs or stop signs. Look at our city website and you will find a link to report lost/found pets.

Thank you for helping!

Top Hits from July:

Please remember, I can't see everything. If you don't let me know what is happening and what is important to you, I can't make it a priority.

This ends the Yard of the Month program for 2016. We will begin again recognizing beautiful yards for April 2017. Judging will take place the last three days of March. We thank the judges for this year's program: Anne Dybala, Louann Kelly, Becky Gill, Kathy Gilmore, Mike Jones, and Beverly Martin. Joe De Bruyn took over for Louann when she moved out of the community in June. A very special thanks to Beverly Martin who is the chairperson of our Civic Development Committee that organizes this program.

Our program year for 2016-2017 begins on September 13th with our first meeting and presentation. We are excited to announce that Texas A&M Agrilife Extension Service will present a program on "Fall Vegetable Gardening." This year all our meetings and presentations will take place at City Hall. All our meetings begin at 7:00 PM with a presentation open to the public. Presentations are followed by refreshments and then a business meeting.

We are finalizing plans for our annual Fall Craft Show. The show will take place on October 22nd from 9 AM—3:00 PM in our Community Center. We are proud that our Craft Show features only home-made/hand-crafted items. The show is open to all such vendors but we hope that you crafty Meadows Place residents will be there to show your "stuff." It's not too early to contact Joe De Bruyn (281-799-1847), the chairperson in charge of the Show.

We are developing our membership roster for the coming year. If you are interested in Home Improvement and/or Gardening and would like to join the Club, please contact Betty Landers (281-495-0080) or Betty Schofield (713-202-6663), the co-chairpersons of our Membership Committee. Dues for an individual membership are \$25.00; for a family membership it is \$35.00. Remember half of your membership dues go into our Scholarship Fund.

"Proudly Servicing Homes in Your Area for 28 Years!"

CASUAL AIR, INC.

"Fair Prices, Quality Work"

* Please have your furnace checked for proper operation by a licensed H.V.A.C. professional before turning them on! ** A very small price to pay for you and your loved ones safety.

PREVENTIVE MAINTENANCE TIP ~ FYI:

Have the duct work checked in your homes attic space for air leaks. If your home is 25-30 years old the typical "flex duct" originally installed by builders can deteriorate & literally "fall apart" due to constant heat & humidity of attic conditions in our area. This can hit you hard in the "pocketbook" (i.e. very comfortable attic space!). Not to mention your system has to work harder to comfortably heat & cool your home. Having your duct work checked can be easily scheduled during your annual fall furnace inspection. **Call Now** before you make the switch to heat.
