*By Mark McGrath*

**SURVEY RESULTS  
SECURITY ISSUES**

As promised last month, this is the first in a series of newsletter articles discussing the results of the recently completed survey of City residents. There

were 382 responses. Thanks again to those who took the time to participate.

Many residents said what they liked most about our City was the presence of our local police department. They appreciated the visibility and feeling of safety provided by our PD. Indeed, almost 89% of the respondents rated our PD services as either excellent or good and about 4% rated these same serves as below average or poor.

In terms of what respondents like the least, and possible challenges in the future, many indicated concerns with what is occurring in neighboring cities, particularly the City of Houston directly to our north. These concerns included not only the crime in Houston moving in our direction, but also the condition of the neighborhoods in Houston adjacent to us.

Although the City cannot control what happens in Houston, we can protect our residents from any impact as best as possible. The primary means of doing this is to maintain an adequately funded, staffed, and equipped police department. Your City Council has historically supported this effort. Over the last few years, the pay for our officers has been increased. This has enabled us to compete more effectively with surrounding agencies for scarce officer talent. In addition, we now attract better candidates when we do have openings in the force. Because of these efforts, crime rates in our City are well below those of Houston, Stafford and Sugar Land. I will promote the continuation of our efforts to maintain a viable police department.

Regarding the appearance of the adjoining neighborhoods in Houston, we cannot control that either. However, as private citizens, we are free to contact elected officials in Houston about what is going on in their City. In this newsletter, you will see a list of Houston elected officials and the means to contact them. If you see things on West Bellfort you do not like, and think this is a City of Houston issue, I urge you contact them.

**Update – Morningstar Christian Church Specific Use Permit Application**

There is really nothing to report. The City asked the Church for a bunch of information which was to be received in advance of moving forward in the process. At this writing, the information has not been received. I will report any change in the status of the application in future newsletters. ☺

## **DID YOU KNOW??????**

**DID YOU KNOW...** that Mayor McGrath and Public Works Director Dan McGraw sprung to action after learning we needed to address the possibility of infected mosquitoes in Meadows Place? They contacted both County and State experts then decided on the best plan to protect us and implemented it immediately. Among other things, the City placed and secured an anti-larval tablet in every one of our (270) storm drains, quadrupled our spray rate and made sure there was no standing water on City property for mosquitoes to breed in. As residents, we need to do the same thing by checking for anything and everything that mosquitoes could breed in, so look around your yard and make sure it is clear. For more information and tips to clear your yard, check out the City website at [www.cityofmeadowsplace.org](http://www.cityofmeadowsplace.org) While you are there, check out all the info and the links that City Webmaster and Council Member Charles Kulhanek has put there for you.

Speaking of looking around, have you looked at the changes at the main entrances to Meadows Place? This is something we can all be proud of. Margaret Sandlin, president of the Meadows Place Garden Club, worked hard on these changes with our Public Works Department. We have had many thumbs up, especially for the flagpoles at 59 & Airport. If you have not seen them, you might want to take a look. They look great night or day. Good job folks!

**DID YOU KNOW...** that Nancy Jones was talking with her neighbors about some of the Meadows Place young folks and what they are doing? While some go to work, some go into the military; most are going off to college. Right off the top of her head, she came up with a few and felt we need to recognize their efforts as it may inspire others to do the same. Seems A & M is the most popular choice with Jonathan Hernandez, Jared Isbell, Eric Jones, Diana Case and Charles and James Jessup attending there. Scott Gibbs is going to Wharton Jr. College while Kelly Palash and Denton Poe are going to Baylor. Dentons brother Dustin Poe chose UT Arlington and Geneve Lipp picked Duke. The future looks as bright for these young leaders as it does for Meadows Place. Success breeds success I guess.

Along those lines, congrats to ninth- grader Meredith Smith who was accepted to the Medical Academy at Hightower. Quite an accomplishment and yet another wonderful opportunity for a Meadows Place resident.

**DID YOU KNOW...** that Bryan Horner has almost completed his Eagle Scout project at McDonald Park? He is staining all the park benches and tables at McDonald Park and all long the jogging trail. He and his parents have worked 5 straight Saturdays on this project and as of this writing only had 5 benches left to do. Thanks a lot Bryan, you are saving the City money and your efforts will benefit our community for years to come.

In other scouting news, Troop 301 put a cement floor under the shelter at our pocket park at the corner of Meadow Crest and Meadow Valley. Really added a lot to it and all the folks who use it – and it gets used a lot – will really enjoy it. Folks, Meadows Place is a champion of community partnerships like this. We work with groups like the Scouts, Garden Club, Meadows Elementary, the county, etc. If YOU have an idea or project for us to consider, please let us know.

**DID YOU KNOW...** Stephen Schaffner, who has lived in Meadows Place for 15 years, walks the track several times a week. He was wondering how far it is around the track and using his GPS system found one lap was just under a half a mile. That means that five laps is right at 2 & 1/2 miles. For those of us without a GPS system, our Parks Department is working on a parks improvement program that includes a series of educational and informational signs that will not only tell you how far you are walking or jogging but will provide you with interesting tidbits about our parks and our City. Thanks for the tip Stephen and thanks for e-mailing Did You Know.

**DID YOU KNOW...** another of your neighbors, Alex Wood, contacted the Mayor and City Council to let his feelings be known about the future developments at the old Garden Ridge property? This is great input. If you want to be heard, attend the Public Hearings and Council meetings so you too will know what is being considered and then let your City leaders know how you feel on the subject. Your input is invaluable.

Summer is over, but

**DID YOU KNOW...** that some of our Meadows Place youngsters, Aaron Wagner, Matthew McGee, and Mike Jones went to the USSSA World Series in Kansas City and placed 9th out of over 70 of the nation's top ranked select teams? Doug McGee, also a MP resident, was their coach. A tip of the cap to all of you!

If you have news for *Did You Know* please E-mail us at:

I decided to deviate from the normal Code Enforcement issues this month and give some help to those who are concerned with the areas that surround us. Hopefully the list of names, phone numbers and email addresses will assist you in this effort.

First, to register a complaint with the City of Houston's Neighborhood Protection Corp, the equivalent of our Code Enforcement Department, you can contact 3-1-1 and speak to a dispatcher. The complaint is then sent to the Neighborhood Protection Corp to investigate. The Neighborhood Protection Corp handles issues such as weeded lots, junked vehicles, open and dangerous buildings, and graffiti.

A second suggestion is to contact local politicians and inform them of your concerns. I have compiled a list of individuals starting with the area representative for District F and then the At-Large positions.

I hope the information provided will be helpful and I appreciate everyone's continued efforts to not only keep up appearances in the City of Meadows Place but also have a vested interest in the neighboring areas.

Fort Bend County has notified the City of Meadows Place of an increase in the mosquito population. Make sure you are spraying your yards, emptying planters or other items that collect water. If you have a swimming pool, it is your responsibility to maintain the pool in a clean and sanitary manner. A swimming pool that is not maintained properly is in violation of the *International Property Maintenance Code* and is a nuisance not only to you but those who live around you.

## MEADOWS COMMUNITY IMPROVEMENT ASSOCIATION

By Diann Hamilton

Your MCIA Board is working diligently to encourage neighbors to place their **TRASH CANS** in an area of the property where it is not visible from the street (behind the fence, in the garage, etc.). This is becoming an increasingly bigger problem. Neighbors should only see your trash or the containers on Tuesdays and Fridays. As you drive the area, you will notice trashcans and see how unsightly this is for our neighborhood; please assist by ensuring your cans are out of sight.

Other areas in which the Meadows Community Improvement Association works with your City leaders are:

- Approval of all exterior painting; even if repainting the same color
- Approval of roof colors at City Hall
- Approval of all exterior siding
- Stump level with the ground so the grass can grow over the area
- Rotten wood and peeling paint
- Tape on the windows (left over from the hurricane)
- AC units in windows visible from the street
- Approval of all exterior changes to a home
- Other areas that could be deemed a "nuisance" to the neighborhood

**MCIA BOARD MEETINGS:** First Thursday of each month, 7:45 pm, Meadows Place City Hall. Please contact a board member if you would like to be placed on the agenda.

Last year's "Get To Know Us Dinner" was such a success that the Garden Club repeated the event on September 12th to begin its 36th year. Members are now looking forward to another great year that will include the former members, old friends, and new neighbors who shared the evening with us. Anyone who was not able to attend the dinner and is interested in knowing more about the Garden Club, please plan to come to one of our future meetings. We meet at the Community Center on Dorrance, the 2nd Tuesday of every month at 7:30 pm.

Teresa Bryant, Program Chairman, has lined up some informative guest speakers and some very interesting programs for the year. In addition, there will be some monthly fun outings and social events planned by President, Margaret Sandlin.

Our very special yearly event is the Garden Club's 31st Annual Craft Show on Saturday, November 11th from 9:00 am to 5:00 pm at St. Thomas Aquinas Catholic Church 12627 West Bellfort, Sugar Land (between Diary Ashford and Eldridge Roads). There will be over 45 vendors participating with a variety of handcrafted items for sale, plus our famous bake sale and raffle. So mark your calendars and plan to be there November 11th. If you would like more information on booth rental, please call Lillian at 281-495-6039.
