COMMENTS FROM THE MAYOR
By Mark McGrath

Early Voting Locations

With the advent of voting machines, and the volume of space required to house them, early voting will *not* be offered at Meadows Place City Hall for the November 6 election. Early voting for this election cycle will be from October 22 through Nov 2. Election Day is November 6, 2007. Nearby early voting locations are: Lost Creek Park at 3703 Lost Creek Boulevard, Townewest Town Hall at 10322 Old Towne Lane and First Colony Conference Center at 3232 Austin Parkway. We are sorry for this inconvenience. Meadows Place City Hall will continue to be available for Election Day voting. For additional early voting locations or questions about the election process, please contact Fort Bend county elections administrator J.R. Perez at 281-341-8670 or via e-mail at vote@co.fort-bend.tx.us.

Drainage

As we are all aware, this has been a very wet summer. On August 27, we received over three and one half inches of rain in about a two-hour period. Many residents reported the presence of high water during this rain event. Several long time residents indicated the levels were higher than they had ever seen.

Based in part on these reports, at this writing, I am talking to our City engineers about performing a comprehensive drainage study. This has not been done in the history of the City. The study would include an evaluation of our existing storm sewer pipes to identify failures that may be impeding flow. In addition, I will ask them to evaluate the adequacy of the existing system, include area drainage ditches, assuming the City's commercial areas are completely built out.

We will keep you informed as to the progress and results of this study.

CITY ORDINANCES / CODE ENFORCEMENT

By Tracey Spiller

Well, as the mold begins to grow let us remember to prevent standing water. In order to control the mosquito population be sure to empty buckets, flower pots, and wading pools. Keep bushes and shrubs trimmed back to prevent mosquito harborage.

Now, drum rolls please... this month's home improvements. The Garcia family and Mr. Kuenning have new driveways and walkways, and Ms. Mitsakis has done a wonderful job with updating her landscaping. The Wolfs have done another complete remodel and are looking for a buyer. Great job folks! If you or someone you know is doing some sprucing up you can email me at code-enforcement@cityofmeadowsplace.org. I look forward to hearing from you.

Did You Know!!!!!!

Did you know.... that the City has kicked off its 'Wall of Heroes' program? This program is designed to honor the relatives of Meadows Place residents who are in the armed services or are in the reserves on active duty. There is a wall in the Community Center where the City put a plaque in their honor. Each serviceperson can have their own plaque placed there as well. The first three photo plaques are of Jeremy Kitchen, Stewart Case and Ricky Ford. There are several others on the way. It seems a small but fitting way to honor these brave men and women who are guarding the American way of life on our behalf. Drop in and take a look some time.

In another community driven initiative, *Did you know....* that the folks with the Gulf Coast Regional Blood Center were impressed with the turnout for the Bruce Mills blood drive. They told event organizer Mary Rowell that she and the City should be proud. I think so too. We had 44 people come to donate at the Community Center and of that, 16 were first time donors. In addition, several gave at other donation centers. Let us all give Mary a big Meadows Place Thank You and a pat on the back to everyone who donated. Great Job everyone!

Did you know.... that trees are a very valuable asset to homeowners here in Meadows Place? They add value not only to your home but also to the City as a whole. While their beauty adds a lot to the community, like everything else, they need to be looked after. All trees need to be trimmed and pruned every few years. Besides looking better, this "opens up" the tree allowing storm winds to blow through and sunlight to get to your lawn so it will grow. Different types of trees require different types of trimming and may even need to be trimmed at different times of the year. Probably best left to an expert. Oh, just a reminder, if you take a tree down, you must grind or cut the stump to a level that allows the grass to grow over it. Thanks!

Did you know.... Boy Scout Troop 301 has **ANOTHER** new Eagle Scout? Mary Heistand informed us that Klay Klopfenstein earned this award on 8/2/07. His project was building a butterfly garden for Barrington Place Elementary. Please join us in congratulating Klay in achieving Scouting's highest rank.

Did you know.... that the City has a new notice/message board at the entrance of the jogging trail on Dorrance Lane? You will be able to post notices for lost pets, services, or items for sale. Make sure you all check it out.

Did you know.... we had a spirited Public Hearing last month? It was great. Council, the Public, Planning and Zoning and the Oasis developers discussed the request for a change in their project. There were lots of comments and questions as the P&Z sought to become more informed before putting a recommendation before Council. The Mayor did a good job of keeping the meeting on track while making sure that everyone got a chance to speak up. If you have any questions or comments, all you have to do is show up. Hope you do.

Did you know.... that after much deliberation, the City is moving forward with a change in our website? We will be using a new company to host the site as well as build it. Since we already have the new logo and tagline on our website, it will look similar to the way it looks now, but will allow each department to make its own changes. This will keep the site "fresher". There will be more "News", a current list of events, a calendar, a 'Search' box and much, much more. Yes, we are keeping all the 'Links' and may even add a few more. Should be changed and up and running by mid October. We will let you know. Oh, our website address is: www.cityofmeadowsplace.org
Go check it out.

Did you know.... that thanks to Dan McGraw, our Public Works Director, we now have stripes on the road alerting us of the School Zone around Meadows Elementary? Our guys paint the crossing areas each year but this year Dan thought adding stripes by the School Zone signs might help us to slow down as we approached the school. It was a good idea and might save a child (or keep us from getting a ticket!). Thanks Dan.

If you have a question, comment or news we can use – please drop a note by City Hall or E-mail us at: alderman1@cityofmeadowsplace.org Thanks and hope to see you at a City Council meeting real soon.

PUBLIC WORKS

Safety notice on Gas plumbing

We have had three emergencies gas leaks due to corroding of the gas distribution pipes that lead off the gas meter in the past six months. These lines lead off the meter to the ground going to gas lamps, gas grill etc.

These problems are very dangerous to you and your neighbors. Please look at your gas distribution pipes or have them pressure tested by a master plumber. You can call City Hall to get assistance with locating these distribution pipes. 281-983-2950

HOME & GARDEN CLUB

By Beverly Martin, Publicity

The Meadows Place Home and Garden Club kicked off the new season with a "Get to Know Us Dinner" on September 11th. Welcome to our new members. Those who could not attend and are interested, we meet on the second Tuesday of the month, 7:30 pm at the Community Center. A busy year is scheduled with new programs and activities for all to enjoy.

The first, big activity is our 32nd Annual Craft Show, Saturday, November 10th from 9-4. It is held in the Aquinas Center at the St. Thomas Aquinas Catholic Church, 12627 W. Bellfort, Sugar Land. (Between Dairy Ashford and Eldridge Roads.) All varieties of hand made crafts will be for sale and our club will have the Bake Sale and Raffle. The Boy Scouts will be selling Bar-B-Q. If you or someone you know is a crafts person, we still have booth spaces available. Please call Lillian at 281-495-6039.

The Garden Club Craft Show is the major source of fund raising for our Scholarship Awards and our other community projects. Please mark your calendars to start your holiday shopping here.

Thanks for the hard work you have done in your yards this year. Judging for Yard of the Month will begin on the last week end in April for the May selections.

August Yard of the Month Winners

Storm water Pollution in Meadows Place

Unlike the water that goes down your sink or bathtub drain to the sewer, water that flows into storm drains is not treated and filtered for pollutants. This contaminated water flows directly into the drainage ditches, Keegans Bayou, Brays Bayou, the Houston Ship Channel and ultimately to the Gulf of Mexico. So, letting pollutants reach your storm drain is like contaminating your own food source. Anything other than pure rainwater is a potential contaminant that degrades water quality and aquatic life. It's very important that you help prevent contaminants from flowing into storm drains. **Never** pour anything down your storm drain. Intentionally pouring pollutants into street gutters and storm drains is dangerous to the environment and it is **illegal and carries a fine plus the cost of cleaning or removing the contaminate.**

Solid debris takes up space in the storm piping thereby making it less effective in transporting storm water to the ditch. In other words, dumping solid debris and pollutants into the storm sewer allows streets to become flooded after heavy rains.

Three types of storm water Pollution

Storm water pollution can be split into three general classifications.

- Litter - cigarette butts, cans, food wrappers, plastic bags or paper
- Natural Pollution - leaves, yard clippings or animal feces
- Chemical Pollution - fertilizers, oil, or detergent

Bag it. Don't blow it.
www.CleanWaterClearChoice.org

Next time you are taking care of your yard, remember: it's important for all of us to make it a point to keep our storm drains clean and clear. You see, they're meant to carry rain water away and to help water flow easily away from your home during a heavy rainfall. The water that runs into and through the storm drain system is not treated, it goes straight to our waterways, and ultimately to Galveston Bay.

Don't blow it--bag or compost your leaves or grass clippings. And please, don't put anything--garbage, motor oil, paint, doggie doo or what-have-you--down the storm drain. Because it could wind up as "ewww" on you.

For more information call Harris County at (713) 290-3000 or log on to www.CleanWaterClearChoice.org

The City of Meadows Place
Is Proud to Announce the Creation of a Special

Wall of Heros

for the Brave Men and Women of Meadows Place who are currently serving in the military protecting our rights and freedoms.

To qualify for a personalized plaque to be placed in our Wall of Heroes, the recipient must have been a resident of Meadows Place, on Active Duty and have a relative still living in Meadows Place.

The Wall of Heroes is located in the large room in our Community Center. Everyone will have an identical plaque purchased by the family. The plaque will have a photograph, the name of our service man or woman, their Branch of Service and the area of Overseas Deployment if applicable. Our Parks Department will mount it for the family.

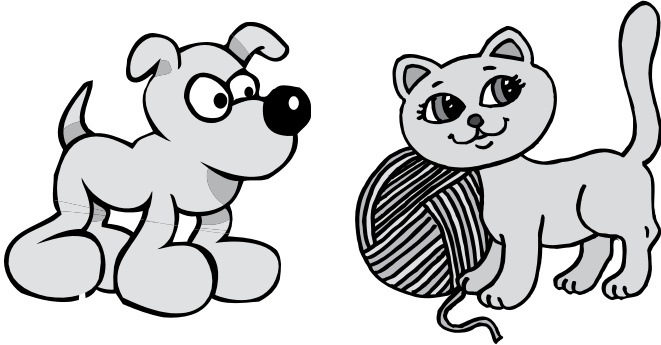

Meadows Place resident Sharon Kitchen is the volunteer liaison for the City on this fantastic project. If you are have a son, daughter, brother, sister, etc in the service, Sharon will answer any questions you have or help you coordinate the purchase and placement of your plaque.

Meadows Community Improvement Association

By Janet Kulhanek

The Meadows Community Improvement Association works with your City leaders on the following issues and wants to urge residents to assess their own situation to see if and where improvement may be needed. Let us all work to making our neighborhood a pleasant place to live and visit.

- Approval of all exterior painting; even if repainting the same color-Failure could result in repainting and added expense
- Approval of roof colors at City Hall
- Approval of all exterior siding
- Stumps level with the ground so grass can grow over the area
- Rotten wood and peeling paint
- AC units in windows visible from the street
- Approval of all exterior changes to a home
- Other areas that could be deemed a "nuisance" to the neighborhood
- Trash can visible from the street
- Inoperable gas lanterns-either repair or have removed if no longer working. Many are rusted and bent resulting in an unsightly view from the street

A reminder all house numbers should be visible on all homes. This is important if emergency personnel need to come to your home. A reminder for all residents to make an effort to make sure that their residence has visible numbers on the house or mailbox and on the curb.

MCIA BOARD MEETINGS: First Thursday of each month, 7:45 pm, Meadows Place City Hall. Please contact a board member if you would like to be placed on the agenda.
