Honorable Mayor and Board of Aldermen City of Meadows Place, Texas Fort Bend County, Texas

Independent Auditor's Report

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit and each major fund of the City of Meadows Place, Texas (the "City"), as of and for the year ended September 30, 2012, which collectively comprise the City's basic financial statements as listed in the preceding table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We have conducted our audit in accordance with auditing standards generally accepted as promulgated within the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component unit and each major fund of the City as of September 30, 2012, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Honorable Mayor and Board of Aldermen City of Meadows Place, Texas

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis on pages 3 through 8, the Schedule of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual – General Fund on page 38 and the Texas Municipal Retirement System Trend Data on page 39 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements as a whole. The other supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The other supplementary information, excluding that portion marked "Unaudited" on which we express no opinion or provide any assurance, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

December 18, 2012

Management's discussion and analysis of the City of Meadows Place, Texas (the "City") financial performance provides an overview of the City's financial activities for the fiscal year ended September 30, 2012. Please read it in conjunction with the City's financial statements, which begin on page 9.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The basic financial statements include: (1) the government-wide financial statements, (2) the fund financial statements and (3) the notes to the basic financial statements. This report also includes required and other supplementary information in addition to the basic financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business. The government-wide financial statements are prepared utilizing the economic resources measurement focus and the accrual basis of accounting. The Statement of Net Assets on page 9 presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. Other non-financial factors should also be taken into consideration, such as changes in the City's property tax base and the condition of the City's infrastructure (i.e. water and wastewater systems, streets and sidewalks, etc.), to assess the overall health or financial condition of the City.

The Statement of Activities on pages 10 and 11 presents information showing how the City's net assets changed during the most recent fiscal year. All of the revenues and expenses are taken into account as soon as the underlying event giving rise to the item occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

In the Statement of Net Assets and the Statement of Activities, the City is divided into two kinds of activities:

- Governmental Activities Most of the City's basic services are reported here, including
 police, public works, municipal courts, parks, public utilities and general administration.
 Property taxes, sales taxes, franchise fees, water and wastewater fees, fines and
 forfeitures finance most of these activities.
- Component Unit The City includes one separate legal entity in its report the Meadows Economic Development Corporation. Although legally separate, this component unit is included because the City is financially accountable for it.

FUND FINANCIAL STATEMENTS

The basic financial statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City has three governmental fund types. The General Fund accounts for resources not accounted for in another fund, customer service revenues, costs and general expenditures. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes. The Capital Projects Fund accounts for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

Governmental funds are reported in the Governmental Funds Balance Sheet on pages 12 and 13 and in the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances on pages 15 and 16. The focus in the fund statements provides a distinctive view of the City's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the City and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Assets on page 14 and the Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities on page 17 explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

NOTES TO THE BASIC FINANCIAL STATEMENTS

The accompanying notes to the basic financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 18 through 36 in this report.

OTHER INFORMATION

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI") concerning the City's progress in funding its obligation to provide pension benefits to its employees and a budgetary comparison schedule. The City adopts an annual unappropriated budget for its General Fund. A budgetary comparison schedule is included as RSI for the General Fund. RSI can be found on pages 38 and 39 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net assets may serve over time as a useful indicator of the City's financial position. In the case of the governmental activities of the City, assets exceeded liabilities by \$21,483,052 as of September 30, 2012. This compares with assets exceeding liabilities by \$21,044,681 as of September 30, 2011.

A portion of the City's net assets reflects its investments in capital assets (e.g. buildings, land, streets, sidewalks, water and wastewater facilities, and infrastructure), less any debt used to acquire those assets that is still outstanding.

The following table provides a comparative analysis of the Statement of Net Assets as of September 30, 2012, and September 30, 2011:

-	Summary of Changes in the Statement of Net Assets Governmental Activities			
	2012	2011	Change Positive (Negative)	
Current and Other Assets Capital Assets (Net of Accumulated	\$ 5,451,955	\$ 4,941,798	\$ 510,157

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

The following table provides a summary of the City's operations for the years ended September 30, 2012, and September 30, 2011. The City's net assets related to governmental activities increased by \$438,371, accounting for a 2.1% increase in net assets. This compares with an increase of \$1,079,031 in the prior fiscal year.

Summary of Changes in the Statement of Activities-Governmental Activities

FINANCIAL ANALYSIS OF THE CITY'S GOVERNMENTAL FUNDS

The City's combined fund balances as of September 30, 2012, were \$4,684,808, an increase of \$563,606 from the prior year.

FINANCIAL ANALYSIS OF THE CITY'S GOVERNMENTAL FUNDS (Continued)

The General Fund fund balance increased by \$646,197 primarily due to operations costs being lower than revenues.

The Debt Service Fund fund balance increased by \$4,188, primarily due to the structure of the debt service requirements.

The Capital Projects Fund fund balance decreased by \$86,779, primarily due to capital asset costs.

GENERAL FUND BUDGETARY HIGHLIGHTS

The City did not amend the budget during the current fiscal year. Actual revenue was \$584,856 more than budgeted revenue and actual expenditures were \$133,775 more than budgeted expenditures. See the budget to actual comparison on page 38.

CAPITAL ASSETS

The City's investment in capital assets as of September 30, 2012, amounts to \$20,075,593 (net of accumulated depreciation). This investment in capital assets includes land, buildings, sidewalks, streets, vehicles and equipment as well as the water, wastewater and drainage systems.

Capital asset events during the current fiscal year included the following:

- Laser Shot Training Simulator
- Radios
- Mobile command center
- Metal building at sewer plant
- Park project
- West Airport repair project
- Water Pumping System

Capital Assets at Year-End, Net of Accumulated Depreciation

CAPITAL ASSETS (Continued)

Additional information on the City's capital assets can be found in Note 6 of this report.

LONG-TERM DEBT ACTIVITY

At the end of the current fiscal year, the City had total bond debt payable of \$3,285,000. The changes in the debt position of the City during the fiscal year ended September 30, 2012, are summarized as follows:

Bond Debt Payable, October 1, 2011	\$	3,645,000
Less: Bond Principal Paid	_	360,000
Bond Debt Payable, September 30, 2012	\$	3,285,000

The City's outstanding bonds carry an underlying rating issued by S&P of "AA-".

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide a general overview of the City's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to City of Meadows Place, Texas, One Troyan Drive, Meadows Place Texas 77477.

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED SEPTEMBER 30, 2012

Net Change in Fund Balances – Governmental Funds	\$ 563,606
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report tax revenue when collected. However, in the Statement of Activities, revenue is recorded in the accounting period for which the taxes are levied.	61,371
Governmental funds report penalty and interest revenue on delinquent taxes when collected. However, in the Statement of Activities, revenue is recorded in the accounting period in which the penalty and interest are accrued.	14,416
Governmental funds do not account for depreciation. However, in the Statement of Net Assets, capital assets are depreciated and depreciation expense is recorded in the Statement of Activities.	 (811,956)
Governmental funds do not account for the decrease in accrued compensated absences. However, in the Statement of Activities, the decrease is recorded as a reduction of the current year expense.	2,085
Governmental funds report record proceeds from the sale of assets as revenue. However, in the Statement of Net Assets capital assets sold during the year are removed and a gain or loss is recorded in the Statement of Activities.	(12,643)
Governmental funds report capital expenditures in the period purchased. However, in the Statement of Net Assets, capital assets are increased by new purchases.	187,360
Governmental funds report equalization costs for the groundwater reduction plan as an expenditure in the year payments are made. However, a liability is recorded in the Statement of Net Assets for the remaining balance of the equalization fee and the expense is recorded in the Statement of Activities when the fee is assessed.	69,451
Governmental funds report bond principal payments as expenditures. However, in the Statement of Net Assets, these payments are reported as decreases in long-term liabilities.	360,000
Governmental funds report interest expenditures on bonds as expenditures in the year paid. However, in the Statement of Net Assets, interest is accrued on bonds through fiscal year end.	4,681
Change in Net Assets – Governmental Activities	\$ 438,371

CITY OF MEADOWS PLACE, TEXAS NOTES TO BASIC FINANCIAL STATEMENTS

SEPTEMBER 30, 2012

NOTE 1. CREATION OF CITY

The City of Meadows Place (the "City") was incorporated in November of 1983 under the provisions of the State of Texas. The City is governed by an elected five-member council and a mayor. The City provides the following services; public safety, maintenance and improvements to highways and streets, public improvements, and general administration services.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying basic financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board (GASB). The accounting and reporting policies of the City relating to the funds included in the accompanying basic financial statements conform to accounting principles generally accepted in the United States of America (US GAAP) applicable to state and local governments. US GAAP for local governments include those principles prescribed by GASB, the American Institute of Certified Public Accountants in the publication entitled Audits of State and Local Governmental Units and by the Financial Accounting Standards Board (when applicable).

GASB has established the criteria for determining whether or not a given entity is a component unit. The criteria are (1) is the potential component unit a legally separate entity, (2) does the primary government appoint a voting majority of the potential component unit's board, (3) is the primary government able to impose its will on the potential component unit, (4) is there a financial benefit or burden relationship. The City is an independent political subdivision of the State of Texas and is considered a primary government. Based on these considerations, the City's basic financial statements include the Meadows Economic Development Corporation. No other entities have been included in the City's reporting entity. Additionally, as the City is considered a primary government for financial reporting purposes, its activities are not considered a part of any other governmental or other type of reporting entity.

Discretely Presented Component Units

Meadows Economic Development Corporation (the "Corporation") has been included in the reporting entity as a discretely presented component unit. The Corporation was created by the City under the Texas Development Corporation Act of 1979 for the purpose of promoting, assisting, and enhancing economic and development activities on behalf of the City. The Board of Directors is appointed by and serves at the discretion of City Council. City Council approval is required for annual budgets and bonded debt issuance. In the event of dissolution, all assets of the Corporation shall be conveyed to the City.

During a prior year, with voter approval, the City converted the Corporation from a 4A to a 4B corporation to provide the City greater flexibility in the use of sales tax revenues.

CITY OF MEADOWS PLACE, TEXAS NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2012

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting.

GASB Codification sets forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Assets and a Statement of Activities. It requires the classification of net assets into three components-Invested in Capital Assets, Net of Related Debt; Restricted; and Unrestricted. These classifications are defined as follows:

- Invested in Capital Assets, Net of Related Debt This component of net assets consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- Restricted Net Assets This component of net assets consists of external constraints
 placed on the use of net assets imposed by creditors (such as through debt covenants),
 grantors, contributors, or laws or regulation of other governments or constraints imposed
 by law through constitutional provisions or enabling legislation.
- Unrestricted Net Assets This component of net assets consists of net assets that do not meet the definition of "Restricted" or "Invested in Capital Assets, Net of Related Debt."

When both restricted and unrestricted resources are available for use, generally it is the City's policy to use restricted resources first.

Government-Wide Financial Statements

The Statement of Net Assets and the Statement of Activities display information about the City as a whole. The Statement of Net Assets is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Assets.

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated by adjustment to obtain total revenue and expense of the government-wide Statement of Activities.

CITY OF MEADOWS PLACE, TEXAS NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2012

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Financial Statements

The City's fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances.

Governmental Funds

The City has three governmental funds and considers each to be a major fund.

<u>General Fund</u> - To account for resources not required to be accounted for in another fund, customer service revenues, costs and general expenditures.

<u>Debt Service Fund</u> - To account for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

<u>Capital Projects Fund</u> - To account for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

Basis of Accounting

The City uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both "measurable and available." Measurable means the amount can be determined. Available means collectable within the current period or soon enough thereafter to pay current liabilities. The City considers revenue reported in governmental funds to be available if they are collectable within 60 days after year end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

In the government-wide Statement of Net Assets and Statement of Activities, the governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Property taxes considered available by the City and included in revenue include taxes collected during the year and taxes collected after year-end, which were considered available to defray the expenditures of the current year. Deferred tax revenues are those taxes which the City does not reasonably expect to be collected soon enough in the subsequent period to finance current expenditures.

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2012

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting (Continued)

Amounts transferred from one fund to another fund are reported as other financing sources or uses. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis. As of September 30, 2012, the Capital Projects Fund owes the General Fund \$72,110 for park cost.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the government-wide Statement of Net Assets. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenditures in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital asset additions, improvements and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset. Interest costs, including developer interest, engineering fees and certain other costs are capitalized as part of the asset.

Assets are capitalized, including infrastructure assets, if they have an original cost greater than \$5,000 and a useful life over two years. Depreciation is calculated on each class of depreciable property using the straight-line method of depreciation. Estimated useful lives are as follows:

	Years
Buildings	40
Furniture & Fixtures	3-20
Machinery & Equipment	5-20
Vehicles	5
Water System	10-45
Wastewater System	10-45
Drainage System	10-45
Park Improvements	10-25
Streets & Sidewalks	30

Program Revenues

In the Statement of Activities, program revenues include fines and forfeitures, charges for utility services, garbage services, grant proceeds, licenses and permits, and various user fees.

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2012

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgeting

In compliance with governmental accounting principles, the City Council annually adopts an unappropriated budget for the General Fund, Debt Service Fund and Component Unit. The budgets were not amended during the current fiscal year.

Cash, Cash Equivalents and Investments

Cash and cash equivalents include cash on hand, demand deposits, and short-term investments with a maturity date within three months of the date acquired by the city. Cash in all funds is combined into one bank account in order to maximize investment opportunities. Although individual funds may experience temporary overdraft liabilities, a positive balance is maintained in combined cash.

Pensions

For employees of the City, a pension plan has been established. See Note 8.

Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Assets and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets, financial position, and cash flows. All assets and liabilities associated with the activities are reported. Fund equity is classified as net assets.

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources.

Fund Balances

GASB Statement No. 54, Fund Balance Reporting and Governmental Fund-type Definitions, requires the classification of fund balances in governmental funds using the following hierarchy:

Nonspendable: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact. The City does not have any nonspendable fund balances.

CITY OF MEADOWS PLACE, TEXAS NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2012

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Balances (Continued)

Restricted: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

Committed: amounts that can be spent only for purposes determined by a formal action of the City Council. The City Council is the highest level of decision-making authority for the City. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the City Council. The City does not have any committed fund balances.

Assigned: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The City has not adopted a formal policy regarding the assignment of fund balances and does not have any assigned fund balances.

Unassigned: all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the City considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3. BONDS PAYABLE

The City's General Obligation Bonds are payable from and secured by property taxes in accordance with underlying ordinances and resolutions authorizing their issuance. Also, in accordance with authorizing ordinances and resolutions, separate Debt Service Funds have been established and are being maintained for these debt issues. Any revenues from investments in these funds will be used to pay principal and interest on these debt issues.

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2012

NOTE 3. BONDS PAYABLE (Continued)

Pertinent data related to the General Obligation Bonds is shown below.

	Series 2005	Series 2010 Refunding
Amount Outstanding – September 30, 2012	\$ 975,000	\$ 2,310,000
Interest Rates	3.50% - 4.30%	3.00% - 4.00%
Maturity Dates - Serially Beginning/Ending	March 15, 2013/2025	March 15, 2013/2020
Interest Payment Dates	March 15/ September 15	March 15/ September 15
Callable Dates	March 15, 2015*	N/A

^{*} Callable at a price of par plus accrued interest to the date of redemption. Series 2005 term bonds maturing in 2015, 2017, 2019, 2021, 2023 and 2025 are term bonds subject to mandatory redemption.

The following is a summary of transactions regarding bonds payable for the year ended September 30, 2012:

Bond Debt Payable - October 1, 201	1		\$	3,645,000
Less: Bond Principal Retirement Series 2005 Series 2010 Refunding		\$ 50,000 310,000		360,000
Bond Debt Payable - September 30, 2	2012		\$	3,285,000
Bond Debt Payable- Due Within One Year Due After One Year			\$	360,000 2,925,000
Bond Debt Payable-September 30, 20	012		<u>\$</u>	3,285,000

As of September 30, 2012, the debt service requirements on the bonds outstanding were as follows:

Fiscal Year	Principal	Interest	Total
2013	\$ 360,000	\$ 117,247	\$ 477,247
2014	360,000	106,085	466,085
2015	355,000	94,910	449,910
2016	355,000	82,293	437,293
2017	350,000	68,257	418,257
2018-2022	1,220,000	151,860	1,371,860
2023-2025	285,000	18,767	303,767
	\$ 3,285,000	\$ 639,419	\$ 3,924,419

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2012

NOTE 3. BONDS PAYABLE (Continued)

During the year ended September 30, 2012, the City levied an ad valorem debt service tax at the rate of \$0.189207 per \$100 of assessed valuation, which resulted in a tax levy of \$506,096 on the adjusted taxable valuation of \$267,171,684 for the 2011 tax year. The bond orders require the City to levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and the cost of assessing and collecting taxes. See Note 7 related to maintenance and operations tax.

The City's tax calendar is as follows:

Levy Date - October 1, or as soon thereafter as practicable.

Lien Date - January 1.

Due Date - Upon receipt but not later than January 31.

Delinquent Date - February 1, at which time the taxpayer is liable for penalty and interest.

NOTE 4. ACCRUED COMPENSATED EMPLOYEE ABSENCES

The liability for accrued compensated absences at September 30, 2012, is accounted for in the Statement of Net Assets and is comprised of the following components:

Sick Leave	\$	54,834
Comp-time		-0-
Total	<u>\$</u>	54,834

Employees are allowed to earn twelve sick leave days per year. Employees may accumulate up to 36 sick leave days. Upon termination of employment, whether voluntary or involuntary, including retirement, employees receive payment for a maximum of 50 percent of accumulated sick leave days at their base salary in effect at date of termination.

Employees are allowed to earn up to 120 hours of comp-time for overtime hours worked. Upon termination of employment, whether voluntary or involuntary, including retirement, employees receive payment for 150 percent of accumulated comp-time earned at their base salary in effect at date of termination. During a prior year, the City began paying all accumulated comp-time in the last payroll period of the fiscal year. The City will no longer carry forward these balances.

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2012

NOTE 5. DEPOSITS AND INVESTMENTS

Cash and cash equivalents include petty cash on hand in various departments, time deposit accounts, and deposits in TexPool and Lone Star Investment Pool.

Deposits

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The City's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes.

Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the City of securities eligible under the laws of Texas to secure the funds of the City, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged. At fiscal year end, the carrying amount of the City's deposits was \$817,996 and the bank balance was \$1,087,437. Of the bank balance, \$398,481 was covered by federal depository insurance and the balance was collateralized with securities held in a third party depository in the City's name.

The carrying values of the deposits are included in the Governmental Funds Balance Sheet and the Statement of Net Assets at September 30, 2012, are part of cash and cash equivalents as listed below:

GENERAL FUND	\$ 348,091
DEBT SERVICE FUND	469,905
TOTAL DEPOSITS	<u>\$ 817,996</u>

Investments

Under Texas law, the City is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all City funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the City's financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; and yield, sixth.

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2012

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

The City's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." No person may invest City funds without express written authority from the City Council.

Texas statutes include specifications for and limitations applicable to the City and its authority to purchase investments as defined in the Public Funds Investment Act. Authorized investments are summarized as follows: (1) obligations of the United States or its agencies and instrumentalities, (2) direct obligations of the State of Texas or its agencies and instrumentalities, (3) certain collateralized mortgage obligations, (4) other obligations, the principal of and interest on which are unconditionally guaranteed or insured by the State of Texas or the United States or its agencies and instrumentalities, including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation or by the explicit full faith and credit of the United States, (5) certain A rated or higher obligations of states, agencies, counties, cities, and other political subdivisions of any state, (6) bonds issued, assumed or guaranteed by the State of Israel, (7) insured or collateralized certificates of deposit, (8) certain fully collateralized repurchase agreements secured by delivery, (9) certain bankers' acceptances with limitations, (10) commercial paper rated A-1 or P-1 or higher and a maturity of 270 days or less, (11) no-load money market mutual funds and no-load mutual funds with limitations, (12) certain guaranteed investment contracts, (13) certain qualified governmental investment pools and (14) a qualified securities lending program.

The City invests in TexPool and Lone Star, external investment pools that are not SEC-registered. The State Comptroller of Public Accounts of the State of Texas has oversight of the TexPool. Federated Investors, Inc. manage the daily operations of the TexPool under a contract with the Comptroller. Lone Star is governed by an 11 member board, all of whom are participants in the pool. First Public serves as the administrator of Lone Star. The fair value of the City's position in the pool is the same as the value of pool shares.

As of September 30, 2012, the City had the following investments and maturities:

	Maturities in Years					
Fund and Investment Type	Fair Value	Less Than 1	1-5	6-10	More Than	
GENERAL FUND - TexPool Lone Star	\$ 2,903,516 775,889	\$ 2,903,516 775,889	\$	\$	\$	
<u>DEBT SERVICE FUND</u> - TexPool	103,717	103,717	e N			

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2012

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

<u>Investments</u> (Continued)

		Maturities in Years				
Fund and Investment Type	Fair Value	Less Than	1-5	6-10	More Than 10	
CAPITAL PROJECTS FUND -	(4)					
TexPool	\$ 280,707	\$ 280,707				
COMPONENT UNIT -						
TexPool	<u>417,784</u>	<u>417,784</u>			5	
TOTAL INVESTMENTS	<u>\$4,481,613</u>	<u>\$ 4,481,613</u>	<u>\$ -0-</u>	<u>\$ -0-</u>	<u>\$ -0-</u>	

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. At September 30, 2012, the City's investment in TexPool and Lone Star were rated AAAm and AAA, respectively, by Standard and Poor's.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City considers the investments in TexPool and Lone Star to have a maturity of less than one year due to the fact the share position can usually be redeemed each day at the discretion of the City, unless there has been a significant change in value.

Restrictions

All cash and investments of the Debt Service Fund are restricted for the payment of debt service and the cost of assessing and collecting taxes. All cash and investments of the Capital Projects Fund are restricted for the purchase of capital assets. All cash and investments of the Component Unit are restricted for activities of the economic development corporation.

NOTE 6. CAPITAL ASSETS

The following is a summary of changes in capital assets for the governmental activities for the year ended September 30, 2012:

	October 1, 2011	Additions	Deductions	September 30, 2012
Capital Assets Not Being Depreciated				- 10
Land and Improvements Construction in Progress	\$ 8,363,976 <u>763,253</u>	\$ 187,360	\$ 571,768	\$ 8,363,976 378,845

Parks and Recreation	5	1,094
Total Depreciation Expense	<u>\$ 81</u>	1,956

NOTE 7. MAINTENANCE AND OPERATIONS TAX LEVY

During the current fiscal year, the City levied a 2011 maintenance and operations tax at the rate of \$0.709480 per \$100 of valuation. The levy was based upon a total adjusted property valuation of \$267,171,684. This tax levy resulted in a total tax amount of \$1,897,736. The revenue derived from this levy is deposited into the combined General Fund and Public Utilities Fund of the City.

NOTE 8. PENSION PLAN

The City provides pension benefits for all of its eligible employees through a nontraditional, joint contributory, hybrid defined benefit plan in the state-wide Texas Municipal Retirement System (TMRS), an agent multiple-employer public employee retirement system. The plan provisions that have been adopted by the City are within the options available in the governing state statutes of TMRS.

TMRS issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information (RSI) for TMRS; the report also provides detailed explanations of the contributions, benefits and actuarial methods and assumptions used by the system. This report may be obtained from TMRS' website at www.TMRS.com.

Benefits

Benefits depend upon the sum of the employee's contributions to the plan, with interest, and the City-financed monetary credits, with interest. At the date the plan began, the City granted monetary credits for service rendered before the plan began of a theoretical amount equal to two times what would have been contributed by the employee, with interest, prior to establishment of the plan. Monetary credits for service since the plan began are a percent (100%, 150%, or 200%) of the employee's accumulated contributions. In addition, the City can grant, as often as annually, another type of monetary credit referred to as an updated service credit which is a theoretical amount which, when added to the employee's accumulated contributions and the monetary credits for service since the plan began, would be the total monetary credits and

CITY OF MEADOWS PLACE, TEXAS NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2012

NOTE 8. PENSION PLAN (Continued)

Benefits (Continued)

employee contributions accumulated, with interest, if the current employee contribution rate and City matching percent had always been in existence and if the employee's salary had always been the average of his salary in the last three years that are one year before the effective date. At retirement, the benefit is calculated as if the sum of the employee's accumulated contributions, with interest, and the employer-financed monetary credits, with interest, were used to purchase an annuity.

The plan provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS. Plan provisions for the City were as follows:

	Plan Year 2011	Plan Year 2012
Employee deposit rate	7%	7%
Matching ratio (city to		8
employee)	2 to 1	2 to 1
Years required for vesting	5	5
Service retirement eligibility (expressed as age / years of		
service)	60/5, 0/20	60/5, 0/20
Updated Service Credit	100%,	100%,
Annuity Increase (to retirees)	70% of CPI	70% of CPI

Contributions

Under the state law governing TMRS, the contribution rate for the City is determined annually by the actuary, using the Projected Unit Credit actuarial cost method. This rate consists of the normal cost contribution rate and the prior service contribution rate, which is calculated to be a level percent of payroll from year to year. The normal cost contribution rate finances the portion of an active member's projected benefit allocation annually; the prior service contribution rate amortizes the unfunded (overfunded) actuarial liability (asset) over the applicable period for the City. Both the normal cost and prior service contribution rates include recognition of the projected impact of annually repeating benefits, such as Updated Service Credits and Annuity Increases.

The City contributes to the TMRS plan at an actuarially determined rate. Both the employees and the City make contributions monthly. Since the City needs to know its contribution rate in advance to budget for it, there is a one-year delay between the actuarial valuation that is the basis for the rate and the calendar year when the rate goes into effect. The annual pension cost and net pension obligation as of September 30, 2012, are as follows:

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2012

NOTE 8. PENSION PLAN (Continued)

Funding Status and Funding Progress

As of December 31, 2011, the most recent actuarial valuation date, the plan was 98.8% funded. The actuarial accrued liability for benefits was \$4,510,972 and the actuarial value of the assets was \$4,456,252, resulting in an unfunded actuarial accrued liability (UAAL) of \$54,720. The covered payroll (annual payroll of active employees covered by the plan) was \$1,314,990, and the ratio of the UAAL to the covered payroll was 4.2%.

The schedule of funding progress, presented as Required Supplementary Information following the notes to the financial statements on page 39, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability of benefits.

Supplemental Death Benefits Plan

The City also participates in the cost-sharing multiple-employer defined benefit group term life insurance plan operated by the TMRS known as the Supplemental Death Benefits Fund (SDBF). The City elected, by ordinance, to provide group-term life insurance coverage to both current and retired employees. The City may terminate coverage under and discontinue participation in the SDBF by adopting an ordinance before November 1 of any year to be effective the following January 1.

The death benefit for active employees provides a lump-sum payment approximately equal to the employee's annual salary (calculated based on the employee's actual earnings, for the 12-month period preceding the month of death); retired employees are insured for \$7,500; this coverage is an "other postemployment benefit," or OPEB.

The City contributes to the SDBF at a contractually required rate as determined by an annual actuarial valuation. The rate is equal to the cost of providing one-year term life insurance. The funding policy for the SDBF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year; the intent is not to pre-fund retiree term life insurance during the employee's entire career.

The City's contribution for the retirees to the TMRS SBDF for the years ended 2012, 2011 and 2010 were \$2,383, \$2,907 and \$2,610, respectively, which equaled the required contributions each year.

CITY OF MEADOWS PLACE, TEXAS NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2012

NOTE 9. CONTRACTS

City of Houston

The Meadows Municipal Utility District ("MUD"), which was dissolved and added to City operations in 1993, had contracted with the City of Houston in a prior year for the use of capacity in the MUD's sewage treatment plant. Under the terms of the contract (which has been continued with the City), the City operates and owns the plant and charges the City of Houston for a proportionate share of the plant's operating costs. The City of Houston's contracted plant capacity is 67,500 gallons per day for 180 connections which represents approximately 4.5 percent of total plant capacity. During the fiscal year ended September 30, 2012, the City received \$46,992 from the City of Houston for their proportionate share of the plant's operating costs.

Fort Bend County Water Control & Improvement District No. 2

On May 19, 2008, the City entered into an agreement with Fort Bend County Water Control and Improvement District No. 2 ("the District") for participation in a groundwater reduction plan. The agreement was effective as of January 1, 2008. The District has an existing surface water supply contract with the Gulf Coast Water Authority, owns a site for a surface water treatment plant and is developing a regional groundwater reduction plan to meet the regulatory plan requirement of the Fort Bend County Subsidence District. The District is willing to include the City in the groundwater reduction plan.

The District is developing the groundwater reduction plan for the benefit of the participants and shall act as the administrator in implementing the plan and maintaining the surface water fund. The surface water fund is a separate account owned and administered by the District for the benefit of the participants and shall only be used to pay costs associated with the groundwater reduction plan and its implementation and the issuance and payment of any bonds. The District will be responsible for designing the plan to meet the requirements of the subsidence district. The District will include the City as a participant in the plan and will include the pumpage from permitted wells owned by the City in their request for the subsidence district's certification of the plan.

The City will pay the District a monthly pumpage fee for all groundwater pumped by the City from its permitted wells and for all water supplied to the City by the District. As of year end, the pumpage fee is \$1.40 per 1,000 gallons. A groundwater credit will be applied on a monthly basis and deducted from the monthly pumpage fee. As of year end, the groundwater credit is \$0.45 per 1,000. During the current fiscal year, the City recorded \$284,087 in pumpage fees. The City will also pay an equalization fee on a monthly basis as a unit charge of \$0.20 per 1,000 gallons of groundwater pumped by the City from a permitted well and/or for water supplied to the City by the District until the City's equalization fee payments total \$328,054 plus interest calculated at 4.44% per year. The equalization fee is the City's pro rata share of the District's historical

NOTE 9. CONTRACTS (Continued)

Fort Bend County Water Control & Improvement District No. 2 (Continued)

costs incurred prior to the effective date of this agreement for the procurement of a surface water supply, a plant site and feasibility studies and preparation of the groundwater reduction plan. During the current fiscal year, the City recorded payments of \$72,829 in equalization payments. Of this amount, \$69,451 was applied to principal leaving a balance in equalization fees of \$44,850. The remaining \$3,378 was recorded as interest expense.

NOTE 10. RISK MANAGEMENT

The City is exposed to various risks of loss to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. The City participates in the Texas Municipal League Intergovernmental Risk Pool (TML) to provide property, general liability, automobile, boiler and machinery, errors and omissions and workers compensation coverage. The City, along with other participating entities, contributes annual amounts determined by TML's management. As claims arise they are submitted and paid by TML. During the current fiscal year the City contributed \$71,896 to TML for this insurance coverage. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

NOTE 11. GRANT REVENUES

On February 28, 2010, the City received its annual allocation from the Law Enforcement Officer Standards and Education account in the amount of \$1,559. These funds were provided by the Texas Comptroller of Public Accounts and will be used to provide necessary training to full-time, fully paid law enforcement support personnel of the City.

On August 14, 2009, the City was awarded a matching grant from the Texas Parks and Wildlife Commission in the amount of up to \$75,000 to further develop a 16.5 acre community park located in the central area of the City. This project is in progress, total engineering and design costs at year end was \$431,456, and \$75,000 has been recorded as receivable. Of these costs, \$168,525 was donated labor and equipment provided by Fort Bend County. At year end, \$75,000 is recorded as receivable.

On October 13, 2011, the City received a grant from the U.S. Department of Justice in an amount up to \$1,650. These funds will be used to purchase bullet proof vests before August 31, 2013.

On October 27, 2009, the City received a grant from the Texas Department of Transportation ("TxDOT") in the amount of \$320,000. These funds will be used to finance the design of improvements to West Airport from U.S. 59 to Kirkwood. The City's required match is \$80,000.

CITY OF MEADOWS PLACE, TEXAS NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2012

NOTE 11. GRANT REVENUES (Continued)

During the current year, the City recorded \$45,527 as cost of this project. TxDOT has reimbursed the City for \$301,732, of which \$5,667 is recorded as receivable at year end.

On September 26, 2011, the City received a grant from the State of Texas Office of the Governor Criminal Justice Division in the amount of \$14,931. These funds were used for a fire arms training program and are included in the City's capital assets.

November 17, 2011, the City received a grant from Texas Department of Public Safety in the amount of \$51,030. These funds were used for the purchase of radios at a cost of \$49,485 and are included in the City's capital assets

NOTE 12. RESTRICTED FOR SPECIAL PROJECTS

As of September 30, 2012, the City had \$50,856 restricted by state law for special projects; \$3,256 for Police Department Drug Task Force, \$36,360 for Child Safety Programs and \$11,240 for Children's Programs.
