

## COMMENTS FROM THE MAYOR By Charles Jessup

### *Aldi*

In case you haven't noticed, Aldi has broken ground on their new Meadows Place facility. Aldi representative Mike Lucido said he expects the store to open in December if all goes as planned. Aldi putting a store in has already increased interest and should spur further commercial development.

This is a good thing. Watching our new store go up will be fun and will make sure Meadows Place can always be... **Your Place for Life.**

### *Supporting Meadows Place Police*

The show of support for our Police Department during Police Week was, according to Police Chief Gary Stewart, "overwhelming" and was "very much appreciated" by our officers. That said, I would like to ask all Meadows Place residents to show their support for our police the rest of the year in two ways. First, make their job easier, and our city safer, by removing valuables from your vehicles and **LOCKING THE DOORS!** Crooks from Houston roam in groups from The Woodlands to Galveston looking for open cars to rob. If these slimeballs keep finding open cars to rob, they will return. We recently had several car burglaries in which every single one was left unlocked – all of which could have been prevented. Our Police Department does a great job of tracking down and arresting these criminals, but it would be better not to have them committing crimes in our city in the first place, so please, support your police by eliminating potential crime scenes. Secondly, I would like to ask every family that can, to have a representative at our Neighborhood Watch meetings. They are an invaluable source of information, a good way to help our city and a great way to get to meet your neighbors. Check the Newsletter and website calendars for dates and meeting information.

# Did You Know?...

**Did You Know...** WOW! Did Meadows Place ever step up to show support for our Police Department or what?

The week of May 15 is National Police Week. Most folks didn't know about it, but thanks to Neighborhood Watch the word got out in Meadows Place and as Chief Stewart said "the response was overwhelming".

For a whole week meals and snacks were prepared for our PD. Homes were opened up for the late shift to eat and even our YAC got involved. Here are just some of the folks who prepared meals and goodies for Meadows Place Police: The Barrowman family; Heather Arceneaux; the Droughton and Noak families; Rob Welty; Jessica, Lisa and Kathryn Brown and Larry & Beverly Martin. Also showing their support for our police were the Israelow family; Nicole Nathan; the Mendez family; Colene Cabezas & YAC; the Kim Parker family along with Mike and Marie Jones and many others who just dropped off food or Thank You cards. Our officers put their lives on the line every day as they patrol and it was nice to see a tangible show of support for those brave, hardworking men and women who protect us and our children. Together, we make Meadows Place...

**Your Place for Life!**

**Did You Know...** Volunteers are important and Meadows Place has so many fantastic volunteers now? Jana Rodriguez, a Texas A&M engineering student from Meadows Place, is a summer volunteer working for Parks 2-4 days a week, changing the marquee, creating flyers, researching program ideas, etc. Another resident, Norma Mitsakis, volunteers 2 days a week, helping to create spreadsheets, work in records retention, filing, research and so on. Then we have Mary Watkins from the seniors program Experience Works who is with us about 16 hours per week doing work order processing, data entry,

customer service and answering phone calls. These volunteers are becoming a HUGE asset for our city just like Cindy Barrowman was at Meadows Elementary. Cindy was selected, and honored at a banquet, for being the VIPS Volunteer of the Year! Congratulations Cindy, and Thank You to all of you who volunteer.

**Did You Know...** Meadows Place continues to be the driving force for a coordinated effort to have every city in Fort Bend County participate with the folks at Monarch Migration? Colene Cabezas has been contacted by several cities in Fort Bend regarding this project. Not bad for a little one square mile city.

**Did You Know...** the Meadows Home and Garden Club, who has been awarding scholarships to Meadows Place college students for 20 years, handed out four more this year up at City Hall? Garden Club President Bob Dybala and Scholarship Chairpersons Lee and Karen Noak were present as Joe DeBruyn awarded this year's scholarships to four talented, hardworking, Meadows Place students. The four very deserving students are: Kali Shaw; Brittney Cech; Caraline Cardwell and Devon Kulhanek. Congratulations everyone on a job well done.

**Did You Know...** Public Works Director Danny Segundo, Parks Director Colene Cabezas and Alderman are already working together to determine the selection process for a landscape architect for the Kirkwood Renovation and Beautification Project and negotiations have just begun to determine who will engineer the roadway portion of the project. Still some ways off but we will keep you posted as things progress

If you have a fun event or someone did something special, drop us a note or email: [mayor@cityofmeadowsplace.org](mailto:mayor@cityofmeadowsplace.org). Thank You Meadows Place... **Your Place for Life!**

**Did You Know...** We discovered Meadows Place is the ONLY city whose Parks Department works with a school and Texas Parks and Wildlife Department (TPWD) in a cooperative effort to make Lake Management a fun and unique educational opportunity? Last month Meadows Elementary 4th and 5th graders went to the lake to watch TPWD do a fish count. They put a boat in the lake with probes that temporarily stun the fish. Then, the fisheries personnel counted the bream and bass that surfaced and talked with the students about what they found. Last fall, students loved watching rainbow trout being stocked. Very cool stuff, which helps make Meadows Place ... **Your Place for Life!**

(Comments From The Mayor continued from page 1)

**Meadows Place to Change Solid Waste Companies**

July will see exciting new changes in the Meadows Place garbage and recycling program. The new company, Texas Pride Disposal will be taking over. Pickup days will remain the same but Texas Pride will help Meadows Place change our recycling program and will be distributing a heavy duty 48 gallon recycle container to every home. We will use our website, the marquee and our Facebook page to make sure you are reminded of the change, let you know what to do and answer any questions you may have. The change to Texas Pride was not made lightly and made only after an open bid between several trash hauling companies. Then a five person staff committee compared price and qualifications which resulted in a recommendation to Council. Council reviewed the bids, chose to accept the staff recommendation and awarded the bid to Texas Pride. This change is just another way to make sure Meadows Place is offering the best service and best possible value to our residents to ensure Meadows Place will always be...*Your Place for Life.*

**Budget Season**

Meadows Place is about to enter into what is often referred to 'Budget Season'. This is a very important process which means that your City Council, Department Heads and the Finance Director review each line item, desired changes and then compare costs and anticipated revenues. This, like all Budget Seasons will be interesting. Equipment costs, utility costs and insurance have definitely gone up, but so have our sales tax revenues and property values. Here a balancing act comes in to play with discussions centered around tax rates, retention of city employees and police officers and services to be provided. This process is open to all residents through a series of workshops and public hearings. Contact me or any of your Council members if you have any questions regarding the City Budget and please attend the budget hearings.

**Taking Care of Business**

**Our Business Neighbors are a very important part of the City. This column is dedicated to those businesses.**

Bob Graf and the Meadows Place EDC are proud to announce a new program which will start in July. A plaque will be presented and displayed for a month at businesses selected as

**Meadows Place  
Business of the Month**

*Follow and support these and all Meadows Place businesses. They need, and deserve, our support.*

## Mosquito Control

By Danny Segundo

### HERE'S WHAT YOU CAN DO TO CONTROL MOSQUITOES OUTSIDE YOUR HOME

- Install or repair and use window and door screens. Do not leave doors propped open.
  - Once a week, empty and scrub, turn over, cover, or throw out any items that hold water like tires, buckets, planters, toys, pools, birdbaths, flowerpot saucers, or trash containers. Mosquitoes lay eggs near water.
    - o Tightly cover water storage containers (buckets, cisterns, rain barrels) so that mosquitoes cannot get inside to lay eggs.
    - o For containers without lids, use wire mesh with holes smaller than an adult mosquito.
    - o Use larvicides to treat large containers of water that will not be used for drinking and cannot be covered or dumped out.
  - Use an outdoor flying insect spray where mosquitoes rest. Mosquitoes rest in dark, humid areas like under patio furniture, or under the carport or garage. When using insecticides, always follow label instructions.

### HERE'S WHAT YOU CAN DO TO CONTROL MOSQUITOES INSIDE YOUR HOME

- Keep windows and doors shut and use air conditioning when possible.
- Keep mosquitoes from laying eggs inside your home. Once a week, empty and scrub, turn over, cover, or throw out any items that hold water like vases and flowerpot saucers.
- Kill mosquitoes inside your home. Use an indoor flying insect fogger\* or indoor insect spray\* to kill mosquitoes and treat areas where they rest. These products work immediately, but may need to be reapplied. Always follow label directions. Only using insecticide will not keep your home free of mosquitoes.

## In To Each Life, Some Rain Must Fall:

By Jerry Parker

April Showers may have brought May flowers, but it also brought us Low hanging Tree limbs.

Our trees are loving it and GROWING! The problem is that now the limbs are hanging well below our ordinance height of 16' over the street, and 10' over sidewalks.

Trees are a valuable asset to properties and the environment. In many parts of the city, tree canopy provides shade and significantly reduces utility bills. Mature healthy trees can increase a property's value by as much as 25 percent.

Trees must be properly maintained and pruned for the health of the tree as well as for public safety. The City's tree trimming ordinance was put in place to ensure that large vehicles such as fire trucks, school buses, ambulances, and garbage trucks are able to navigate and operate safely, and to allow pedestrians to walk on the sidewalks without veering out into the roadway to avoid limbs.

Overhanging tree limbs can delay emergency vehicles when seconds make the difference between life and death. Clearance is essential for the visibility of traffic signs and signals. Trees should be trimmed with pruning shears, not fire trucks that can cause irreversible damage to trees and trucks.

It is best to hire a professional arborist if tree limbs are large or cannot be safely reached, if pruning involves the use of power equipment, or if pruning is needed near power lines.

There are many resources for information on pruning trees. Online resources include:

"Fair Prices, Quality Work"

\* Please have your furnace checked for proper operation by a licensed H.V.A.C. professional before turning them on! \*\* A very small price to pay for you and your loved ones safety.

### PREVENTIVE MAINTENANCE TIP ~ FYI:

Have the duct work checked in your homes attic space for air leaks. If your home is 25-30 years old the typical "flex duct" originally installed by builders can deteriorate & literally "fall apart" due to constant heat & humidity of attic conditions in our area. This can hit you hard in the "pocketbook" (i.e. very comfortable attic space!). Not to mention your system has to work harder to comfortably heat & cool your home. Having your duct work checked can be easily scheduled during your annual fall furnace inspection. **Call Now** before you make the switch to heat.
