

COMMENTS FROM THE MAYOR By Charles Jessup

Online Utility Billing & Payment Program

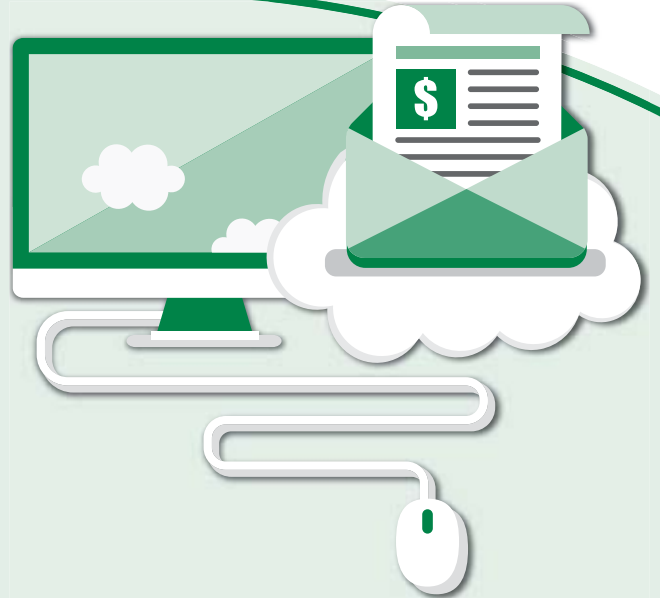

You asked for it, and, after a lot of changes in hardware, software and security systems, you got it! The “IT” is the Online Utility Billing & Payment program the city just implemented. There are many billing and payment options for us to choose from which range from a one-time payment by check or credit card to a completely paperless process. For more information, we have the process explained on page 5. This has been an exciting project which required equipment upgrades and modernization plus a tremendous degree of cooperation between the billing software company, our IT support group and our utility and accounting departments. Thanks to all their hard work, and the herculean efforts of Anna-Maria Weston in our finance department, we are able to make payments and check our account 24/7, making life a little easier for many of us and keeping Meadows Place... *Your Place for Life!*

Meadow Place hosts Fort Bend Mayors and Council Association

I am pleased to let you know that Meadows Place hosted the Fort Bend Mayors and Council Association Dinner last month – and it was an important one. The topic was the duties and responsibilities of the Ft. Bend Crisis Intervention Team (CIT). The CIT program seeks to bridge the gap between police response and mental health care by forming a partnership with behavioral health and human services professionals, consumers, their families and law enforcement. This alliance is the catalyst in developing and implementing a safer, proactive method for resolving explosive crisis situations. After members of the CIT program gave the county/program point of view, Meadows Place Police Chief, Gary Stewart, informed those in attendance of the impact from the city point of view - what is required, costs, benefits, etc. I was proud to know that Meadows Place is one of the few cities to have ALL its patrol officers trained in crisis intervention. CIT is built on a foundation of community collaboration and development of a responsive and accessible Community Behavioral Health Crisis System, just as it did last month, right here in Meadows Place, thanks to the Mayor Council Association.

Did You Know?...

Did You Know... The recently formed Meadows Place Community Garden Association already has a Facebook page? Our neighbor, and charter member, Jack Shaw, started it late last month. Quite a few people have joined and even more are expressing interest in both the Facebook page and the Community Garden. I believe Meadows Place will benefit greatly from our new Community Garden. Thanks Jack, Bob Dybala, Shelley Brough, Johanna Garcia and the others who got this project started and off the ground! Efforts from folks like this is one more reason Meadows Place is...*Your Place for Life!*

Did You Know... Lillian Cox, who lives at The Hampton in Meadows Place, had her 108th birthday last month? 108!!! She didn't dance as much this year, partly because she spent so much time singing songs on a Karaoke machine. Lillian, along with Granddaughter Alison Smith and the rest of the family had a ball at the big birthday bash at The Hamptons. She received a letter from President Obama and the Mayor was invited to speak, but what really stood out was the GIANT birthday card from the City of Meadows Place – which all city employees signed. Ms. Lillian really liked it and appreciated the effort. The family thought it was a great thing to do, but was told this is just what we do in Meadows Place.

Did You Know... Laura Shirley of Meadows Place accounting department, called Ft. Bend County Animal Control after she discovered that some of the charges came from the other side of Dairy Ashford which she did not believe should be charged to Meadows Place? The net result was a savings of \$140.00. Not a lot, but still, it is great to know that our staff is dedicated to doing the best job they can in looking after the taxpayers money. Thank You Laura and everyone else who works so hard on our behalf.

Did You Know... we have had a lot of discussion on trapping animals in Meadows Place?

Critters can cause a lot of damage to your home and can spread diseases so eliminating these pests is a prudent thing to do whether you do it yourself or hire a professional. This is even more relevant in springtime when these animals begin to move and yes, it is legal for someone to trap your pet on their property. After all, it is on Their property. When appropriate, I encourage everyone to live trap and relocate using a Have-A- Heart trap or something similar. Call Code Enforcement Jerry Parker if you have any questions or contact Animal Control. Their link and contact info is on our website.

Did You Know... we had over a million dollars in home improvements last year? I was sure surprised but excited as well as people embrace the "Don't Move, Improve" philosophy. This certainly strengthens our community and makes Meadows Place an even more desirable place to live. Just a reminder, be sure to check to see if you need a permit for the work you are doing and remember that the BEHR color chart is full of preapproved paint colors for your home. If you don't have one, you can check one out at City Hall. See Mimi Boos, who can also answer any of your permit questions.

Did You Know... the mailbox up by the Fire Station is back up and operational? Thanks to the USPS and Congressman Pete Olson, who set up a meeting between four mayors and the Post Office.

Did You Know... Matt Oltremari is not only the President of Meadows Place P.O.N.Y. Baseball, he is now a member of the Meadows Place Planning & Zoning Commission? He joins Heidi Case, Bob McDonald, Ever Ramirez, Brian Swinney and Sean Ulrey on this very important board. Thank You all for your service!

Do YOU have something for **Did You Know?** Drop a note at City Hall for or email: mayor@cityofmeadowsplace.org. Thank You. Meadows Place...*Your Place for Life!*

Did You Know... Boy Scout Troop 731 is signing folks up for their fantastic Flags over Meadows Place program? As more and more folks sign up to have the scouts put a flag in their yard on Memorial Day, Flag Day, Independence Day and Labor Day, Meadows Place really comes alive. For only \$25 dollars you too can show love for our country and support our Scouts. Hope you will sign up too. See ad on page 6. Questions? - call Rick Staigle, Flag Fundraiser Chairman (713-446-4566, e-mail rjs2004@sbcglobal.net) Programs like this help make Meadows Place,...*Your Place for Life!*

EMS Update

Last month I announced Meadows Place is examining options regarding the placement of an ambulance and EMS crew in our city. The options have been narrowed down to two and the decision of which one should be completed in the thirty to sixty days. One point of discussion is how and where to house the crew and equipment. Thanks to our Economic Development Corporation, new facilities can be funded, making it much easier to push this process forward. I will keep you posted on the progress of this very important project.

Fire Hydrant Testing

Public Works Director, Danny Segundo, wants us to know that beginning March 2nd, Meadows Place will begin its annual Fire Hydrant Testing Program. He says this annual testing is beneficial to the city in that it provides an avenue to detect any deficiencies with our fire hydrants. After testing, the city receives a report of any potential issues and if a problem is uncovered, repairs are scheduled immediately. Besides assuring our hydrants work, another major benefit is that annual testing is a considerable factor in our ISO rating. Testing proves the system is capable of providing adequate pressures for fire protection for our homes and businesses. Danny said we want to warn us of brown water issues related to the flushing of fire hydrants. He said it may turn the water brown for a little while which, while harmless, can cause problems if you are doing laundry, so be sure and run the water first. Thanks.

Our Business Neighbors are a very important part of the City. This column is dedicated to those businesses.

Sterling McCall Nissan has begun Phase II of their multi-million dollar expansion and modernization program. This is just another example of our business neighbors living our motto- Don't Move - Improve!

Thank You

Sterling McCall Nissan

Meadows Place has some really great businesses. Be sure to utilize them. They need, and deserve, our support.

Bicycle Safety

With the pretty weather and the pleasure of touring Meadows Place on a bicycle; the Meadows Place Police Department would like to offer some information taken from the Texas Transportation Code (the Transportation Code contains the laws governing the roadways).

Laws are designed to improve the safety of everyone who uses the roadways. Don't become a statistic! Remember to always use hand signals and body actions to communicate with motorists, bicyclists, and pedestrians.

Bicyclists have the rights and duties of other vehicle operators: (551.101)

Yes, this means you have to stop at stop signs and red lights, but cars are required to yield right-of-way to a bicycle when appropriate, just as to any other vehicle.

Ride near the curb and go in the same direction as other traffic: (551.103)

Near the curb is subjective (it is recommended to leave a cushion of about three feet) but the law gives a cyclist the right to take the lane when necessary for safety.

At least one hand on the handlebars (two are safer): (551.102c)

One when signaling but two when turning works well.

Use hand and arm signals: (545.107)

Point the way you are going, let the other operators know what you want to do.

One rider per saddle: (551.102a)

Don't let your friends share your bike while riding unless you're both on a tandem.

You may ride two abreast as long as you don't impede traffic: (551.103c)

Racing and taking the lane are special cases.

Must have a white light on the front and a red reflector or red light on the rear (for riding at night): (551.104b)

The light is primarily so people can see you coming from the side, where their headlights do not shine on your reflectors. The law, effective as of Sept. 2001, states that a red light can replace a red reflector.

Brakes capable of making the braked wheel skid: (551.104a)

Don't test that front brake to see if the wheel will skid while riding, especially downhill.

As always, contact the Meadows Place Police Department with any questions.

By Jerry Parker

Yeah March!

How about this wacky weather that we've been having! Cold, Warm, Wet, cold then warm all over again! God Bless Texas weather! Now the problems set in...Mold on our homes, grass and weeds getting out of control... Literally, a few minutes of work on the weekend can save you a load of trouble later in the coming months. (I will be out providing friendly reminders to the residents of homes that are starting to show mold, rotten siding, fascia and fences...I suspect that I will be busy, as there are a lot of homes that need this attention.)

There are a few things to remind everyone about:

1. March is Mailbox Month. Mail/E-Mail/Deliver, before and after pics of your remodeled mailbox to me or City Hall and receive \$10 off your utility bill.
2. There is a ZERO TOLERANCE policy in effect for trash cans / recycle bins left out at the street or stored in public view. Please help your neighbors out if they are not home or out of town. It certainly affects the appearance of our city to visitors when they see trash cans out all weekend and in-between trash days.
3. Our Code of Ordinances requires that your address be visible in 4" contrasting letters/number, visible to the street side of your residence. Placing the numbers on your home, mailbox or curb improves the ability of our Police and First Responders to find

YOUR home in the case of an emergency. (See #1 above for a great idea!)

4. Speaking of Zero Tolerance, a question arose concerning the flow path from receiving a warning to then getting a citation. The resident thought that I had to give at least 10 days from the warning until they received a citation. Even though I try to give warnings when possible, I am not required to do so. I can, and have, issued citations for Code Violations WITHOUT issuing written warnings, so long as there are at least 10 days in between the receipt of the citation and the court appearance date.

Top Hits from February:

Meet our New Public Works Director Danny Segundo

Danny Segundo comes to the City of Meadows Place after 17 years of employment with the City of Jersey Village where he served as the Public Works Director for 8 years. He has been involved in municipal and county government for 25 years. Prior to working for Jersey Village, Danny worked for the City of West University Place in their water and wastewater plant operations department for 5 years. He also worked for the Harris County Flood Control District for 3 years. Danny is a long time student and recently graduated from Texas Southern University with a Bachelor's of Science Degree in Public Affairs with a minor in History. He is currently attending the University of Houston's Certified Public Manager Program. He will graduate in June of this year.

Danny is the proud father of two sons ages 29 (Danny) and 22 (Michael). He and his wife Jeannette will celebrate 30 years of marriage in March. He has also been involved in community service and has been coaching youth baseball for over 20 years. Danny understands the needs of a small community and has a good customer service background. He is dedicated to providing good quality service to residents and is looking forward to serving the residents of Meadows Place.

PREVENTIVE MAINTENANCE TIP ~ FYI:

Have the duct work checked in your homes attic space for air leaks. If your home is 25-30 years old the typical "flex duct" originally installed by builders can deteriorate & literally "fall apart" due to constant heat & humidity of attic conditions in our area. This can hit you hard in the "pocketbook" (i.e. very comfortable attic space!!). Not to mention your system has to work harder to comfortably heat & cool your home. Having your duct work checked can be easily scheduled during your annual fall furnace inspection. **Call Now** before you make the switch to heat.

And the winners for The Meadows Home and Garden Club 2015 Scholarship Awards are ...?

If you are a resident or graduating senior interested in higher education, apply for the Scholarship Award. Download the scholarship application and find more information at meadowshomegardenclub.com. Please mail the application soon since the deadline is **April 30, 2015**.

Our next meeting will be on Tuesday, March 10th at 7:00 pm at the Community Center. Please join us as we learn about foundation repair by Randy Rose, owner of Level Pro Home Services. Take this opportunity to have a specialist answer your foundation repair questions!

The Garden Club wants to send a special thanks to our First Vice-President, Becky Gill, for setting up our February 10th International Dinner at Antonia's Italian Restaurant. Everyone had a wonderful evening. Thank you Becky.

Did you miss seeing these award winning Christmas yards? No worries! Check out our web site, meadowshomegardenclub.com for photos of these festive lawns.

While you are there, don't forget to have your Meadows Place college bound student apply for our scholarship award. The deadline for entry this year is April 30, 2015. See "Scholarships" for more information.

The Spring Home & Garden Club Tour, whose proceeds benefit the scholarship award, is coming soon on April 25th. Are you proud of your recently remodeled home or landscaped yard? Consider being part of the Home Tour! Contact Meadows Home & Garden Club President, Bob Dybala, at 713-213-6166 or meadowshomegardenclub@gmail.com. Just a reminder, the Tour is open only to Meadows Place residents.

You could have a Yard of the Month sign on your lawn. Our expanded Yard of the Month begins with judging the last weekend of March for the April award. For more details on criteria for Yard of the Month see our website.
