Police Department receives Tactical Training Grant

Chief Baker is pleased to announce Meadows Place Police Department is the recipient of a grant which will allow our PD to purchase and install a tactical firearms training system from LASERSHOT, one of the world leaders in simulated firearms training solutions for military and law enforcement professionals. Their systems are currently used by the FBI, FLETC, U.S. Department of Homeland Security and many other uniformed services worldwide. An added benefit to our Police Department is that LaserShot is located five minutes away in Stafford which greatly expands the opportunities for collaborative efforts to personalize the training processes which will benefit both LaserShot and Meadows Place PD for years to come. The basics of this very futuristic training system will help our officers:

- Train, develop and improve tactical decision and judgmental skills.
- Improve target acquisition and engagement.
- Train with realistic simulated recoil weapons or duty weapons outfitted with laser inserts and/or drop-in recoil conversion kits to simulate real weapon response.
- Built-in after-action review for a detailed review of each shot fired during the training session, which is available in multiple settings.

LaserShot's patented Lead Indicator technology will enable our officers to learn exact leads for engaging moving targets at various speeds, distances, and directions. In addition, LaserShot provides a full compliment of innovative marksmanship and tactical training courseware options which, once set up, can be utilized as part of our Tactical Weapon Simulator and Classroom Trainer.

The current plans are to convert and use the front end of the Kirkwood Annex for our Tactical Training Center. To say our officers are excited would be an understatement.

Did You Know?...

Did You Know... That Kelley's Country Cookin' had a "Ribbon Cutting" the other day? It signifies that they are not only open for business but that they have joined the Fort Bend Chamber of Commerce and plan on taking an active role in the community. I was very proud to be part of the proceedings, not only to show support for a Meadows Place business, but to see the looks on the other attendees faces as they looked around Kelley's for the first time. What a great addition for Meadows Place.

Did You Know... that I get notes from residents all the time and I really appreciate them? I especially liked the one that Patricia Pless sent that said "Dear Charles J. and all Council members, The new park is wonderful. My puppy Maggie and I walk the paths and hills daily. What a treat! I feel as if we are in The Sound Of Music when we tread over the many hills, look at the fountains, and see the ponds with natural grass. We love ALL of YOUR work. p. pless" Thank You Patricia but let's also offer Thanks to the folks who worked so hard to make the magic happen – Council Member Heidi Case, Public Works Director Dan McGraw and of course, Parks Director Monya Keenen, and let's not forget city employees Danny, Joseph and Geno. Thanks for the note....we all appreciate it.

Speaking of the "new" park, we are having family's spreading out blankets, lounging around, having fun and have even seen Dad's teaching their kids how to roll down the hills. Whee...

Did You Know... Meadows Place residents Larry Martin and Leslie Locke's daughter, Lauren Martin, is the Cheerleader Captain for the University of Nebraska Cornhuskers? This is Laurens 4th year on the Cheer Squad. "Go Big Red!" And Go Meadows Place!!

Did You Know... I also received a wonderful note from Donna Garnet? I enjoyed it, hope you enjoy it too...

"Hello Mayor Jessup,

I love reading our Meadows Place newsletter. I just wanted to drop a line and let you know that Donna and Jim Garnett were recently married at the Meadows Place Municipal Court house by Judge Beverly McMinn. We had a very nice and intimate ceremony under the Oak tree just outside the courthouse with just a few family members and friends. I can't think of a better place to start our new lives together.

Thank you for your time,

Donna Garnett

Donna, I can't think of a better place to start your lives together either. Thank you for the note - and Congratulations.

Did You Know... The Washington Post ranked seven high schools in FBISD in their list of Top 2011 High Schools in the Nation? Among them is our John Foster Dulles High School. This doesn't surprise me at all. Dulles has been turning out great leaders for years. Congratulations John Foster Dulles High School and FBISD!

Did You Know... The protective vests that our PD wear have progressed to the point they are now making external, removable vests? They are much more comfortable and convenient but offer the same protection and have the same "stopping power" ratings. Two of our officers currently use them but I suspect we will see more and more go to this new type of protective device. They can take it off when they come into the station and take it off on their way home. Makes their lives a little bit easier while they continue to protect us and make sure Meadows Place stays *Your Place for Life*.

Did You Know... If you have someone YOU are proud of, or something of interest pertaining to Meadows Place, drop a Did You Know note at City Hall or email: mayor@cityofmeadowsplace.org Thank You!

Did You Know...

We have fish in our lake? Catchable fish! A couple of weeks ago, six year old Hunter Heacox announced "Pa, Pa - we are going fishing". Soon Hunter (6) and older brother Robert (11) were wondering which lure would tempt a fish to bite. A few casts later they found out as big brother Robert pulled out a big fat bluegill. He didn't know it but it was the very first fish to be pulled out of Meadows Place lake!! Way to go Robert! Not wanting to be outdone, Hunter kept casting a slow sinking bug like lure and was soon rewarded with a rod bending strike that proved to be a chunky little hybrid bluegill that he couldn't wait to 'lip' and release. See pics of the boys and fish# 1 and fish #2 on page 8.

(Continued from page 1)

This is something our PD has been working toward for several years but looked unobtainable until the grant was secured. The grant process is extremely competitive so in addition to Chief Baker, we need to thank Captain Gary Stewart and Corporal Jerry Brownlee who made countless trips to LaserShot, put the grant package together and then went down and testified before the Grant Selection Committee. Great job gentlemen, thank you for your efforts. This system is getting rave reviews around the world so securing this grant thrusts Meadows Place PD to the forefront of training options provided for our officers.

We will keep you informed as we move forward and plan to have an 'Open House' where you can see the system in action - and you WILL want to come see it. You may even be able to try it yourself! See you there.

Workshops

The City of Meadows Place always tries to respond to questions, requests and concerns of our citizens. These may have a quick response and a simple solution – like spraying when the mosquitoes get bad – or providing information when someone has a question. However, larger, more complicated issues may require Council discussion, which take place in meetings called Workshops. These Workshops provide a legal vehicle for Council to have open discussions and debate, listen to proposals, hear experts, and help determine what, if any, the next course of action should be. Sometimes these Workshops, like those pertaining to the budget, are focused on a single topic but most of the time there are a variety of items on the agenda which often require quite a bit of homework and research. Like Council meetings, notice of Workshops, and their agendas, are posted on the website and the bulletin board at City Hall. Workshops can be pretty boring sometimes but are a valuable tool for Council as they search for the practical and pragmatic steps to keep Meadows Place... *Your Place for Life*.

Taking Care of Business

Our Business Neighbors are a very important part of the City. This column is dedicated to those businesses.

The Meadows Place Economic Development Corporation (EDC) is now working with a national retail consulting, market research and development firm to compile data and develop strategies to help us attract businesses to the City. This gives us one more tool to use in marketing our community, both for immediate and future business recruiting efforts. Thanks EDC.

Our businesses need, and deserve, our support

Thank You

COP TALK

By Officer K. Davis

Internet Safety

I recently attended a class to help educate children on NetSmartz Internet Safety which offers a non-threatening overview of the dangers of the internet methods for navigating the internet safely, and how children can protect themselves from internet crimes.

There are three important issues children can encounter when they access the internet on laptops, cell phones, gaming consoles, and handheld gaming devices. The following issues are:

- Cyberbullying- spreading rumors and gossip, posting inappropriate pictures of someone without consent, stealing passwords to assume someone else's identity and adding embarrassing information to their account, or threatening or harassing others with offensive language.
- Online Predators- an adult internet user who exploits vulnerable children or teens, usually for sexual or abusive purposes.
- Revealing too much- personal and private information shared through texts, images or videos may attract unwanted attention from cyberbullies or online predators.

Here is a list of a few internet safety tips for parents:

- Establish rules for internet use such as what sites they can visit, who they talk to, and how long they are allowed online.
- Keep the computer in a common room, not a child's bedroom.
- Know with whom your children chat online.
- Discuss the importance of telling you or a trusted adult if anything ever makes your child feel scared, uncomfortable, or confused while online.
- Your child should pick an appropriate screen name and it should not include their name or date of birth.
- If your child has a Facebook account they should have the privacy settings on "friends only" and they should know all of their friends.

Here are a few websites for additional resources to help you with internet safety for your children:

- <http://www.netsmartz411.org>
- www.getnetwise.org

Parents I hope you took the time to read this useful information on helping to keep your children safe on the internet.

Fireplace Safety

By Kathi Sutton

We have enjoyed some really nice, cool evenings in our area lately. Fall is here, and I personally cannot wait to get the first log burning inside of my fireplace. First thing first, is safety. I want to make sure that we all have an enjoyable & safe holiday season, so let's go over some fireplace safety tips...

PREVENTATIVE MAINTENANCE

- Make sure that the area surrounding your fireplace & hearth are free from combustibles or any potentially flammable materials.
- Have your chimney, firebox, inserts, or gas logs inspected annually by a professional. Seal all gaps of the insert with an approved fireplace caulk.
- Keep your roof clear of leaves, and pine needles. Double check that no limbs are hanging low on your roof.
- Make sure that all vents are at least 3 feet above the roof, and are properly capped. Cover the chimney vent with a screen mesh, or spark arrester.
- Follow the recommended gas log sizing guidelines to make sure that the log in use is the appropriate size for your fireplace.
- Have an operable fire extinguisher inside of your home.
- Check the smoke detectors within your home & install a carbon monoxide detector.
- If you still have small children at home, then it may be best to wait until they are able to fully understand fire safety rules before you use your fireplace.

LIGHTING THE FIRE

- Clean out ashes from previous fires.
- Use a fireplace grate
- A metal mesh screen should always be in use while you have a fire
- Never use flammable liquids to start a fire
- Keep the fires small, it will reduce the amount of smoke, and therefore the creosote buildup that can lead to a chimney fire.
- Make sure that the flue / damper is in the "open" position.
- Never burn trash, rolled newspapers, charcoal or plastic within your fireplace.
- Never leave a fire unattended.
- Do not close the damper / flue until every ember has completely stopped burning.

My hope is that you & yours will enjoy a wonderful holiday season. Be safe. For more fire safety advice, visit: www.firesafety.gov; www.usfa.dhs.gov/citizens; and www.kidshealth.org

Home & Garden Club

By Beverly Martin, Publicity

REMEMBER OUR CRAFT SHOW is on Saturday, November 5th. The Home and Garden Club's 36th Annual Craft Show November 5th is at St. Thomas Aquinas Catholic Church, 12627 W. Bellfort from 9:00 to 4:00pm. The Bake Sale and Raffle at this event is our big fund raiser for the Meadows Place Scholarship Awards. Boy Scouts will be selling barbeque. Please come and start your holiday shopping with us. We appreciate the support.

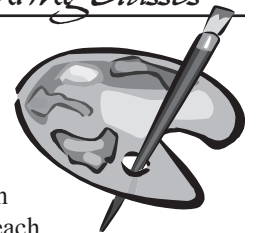

2011 meetings have been very informative and fun. The November 8th meeting will be helpful for the upcoming holidays. Speaker Kathleen Jones of Willow Home Décor will present "Holiday Homes." Please join us to learn new ideas to spruce up your home. We meet at 7:00pm at the Community Center and you do not have to be a member to attend. For more information call Lou Ann at 281-568-2989.

Lunch Bunch is going Italian in November. Thursday, November 10th we will dine at The Lasagna House - Town Center in Sugar Land at 11:00am. Information call Margaret at 281-933-8034.

Garden tips: If and when we get mosquitoes again a simple remedy is to put a few drops of lemon Joy in a white plate with water. It's also eco-friendly.

Happy Thanksgiving from City of Meadows Place

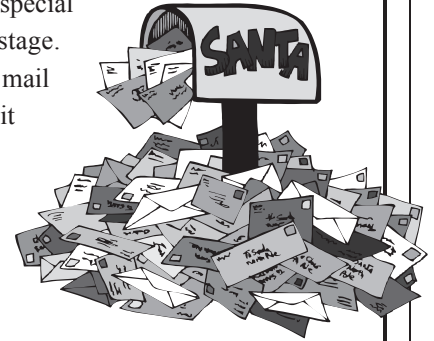

Fishing at the Lake!

After much anticipation, it is now time to start fishing at the lake! Catch and release fishing will now be permitted. The lake has been stocked with a variety of fish, including bass, fathead minnows, copper nose bluegill, hybrid bluegill, and red ear bream! Ages 17 and up must have a current fishing license, and discounts are offered to those ages 65+. Grab your fishing pole and bait and head out to the lake and enjoy a nice day of fishing!

Please do not release any outside fish into the lake.

Santa's Mailbox

Beginning November 23rd, through December 24th, Santa's mailbox will be in place at City Hall. Letters to Santa can be mailed in this special mailbox without any postage. Santa's helpers pick up his mail every day and make sure it gets to the North Pole before Christmas Eve.

Fishing at the Lake!

Brothers, Robert Heacox, age 11, and Hunter Heacox, age 6 proudly display their catch of the day! The boys caught the first and second fish from our lake. The happy fishermen are the grandchildren of Meadows Place Police Sgt. Larry Eissler.
