

COMMENTS FROM THE MAYOR
By Charles Jessup

2011 - Looking Back - Looking Forward

2011 was a year of extreme challenges and overwhelming successes. Looking back, I am not sure which was most important or had the most impact. In the bad news category, the drought was, and still is, having a major impact on our city. We won't know how bad we have been hurt until we finally get some rain and see how much the streets, pipes and sound wall mow strips rebound. We really need some rain. We also had a tough budget year but again, the staff and Council came together to make sure Meadows Place can be the City you expect it to be. With those out of the way, let's look at a few positive changes and decisions. So, in no particular order let's look back at 2011. For me personally, the most pleasant surprise was the Post Office officially changing the status of our Zip Code and recognizing Meadows Place as part of 77477. This will make a huge difference as the use of technologies advance and will help us overcome our identity shortcomings. Another significant improvement is the Waste Water Treatment Plant and pipeline to our new lake. This new feature really helps separate us from Houston/Alief and offers the type of "green" amenity young professional families are looking to identify with. Plus, many of our 'Seasoned' citizens are really enjoying it and kids now are catching fish and feeding ducks. A great number of people admitted they had their doubts at the onset but are big fans now. Many of the same people who had doubts about the lake also had concerns about the Kirkwood roundabout project, which we had to postpone when we postponed the Airport project. Much of what we have focused on for the last few years is to enhance the branding and the image of our City. The realtors who took the recent tour appreciated our efforts and one has since created a team of Meadows Place specialists. Barbara Lee Cochran told me she was unaware of all our new amenities much less all that we had planned.

Did You Know?...

Did You Know... former Meadows Place resident, Jade Wood, received her Doctor of Pharmacy earlier this year? Jade, who grew up here, went to Meadows Elementary and played in Meadows All Play, is now working for Walgreens up in north Houston. Congratulations, Jade. I know her father Erroll is a “very proud” Papa. We are all proud of Jade as we are of all the young Meadows Place success stories.

Did You Know... that in studying the final budget numbers for the year, I came across an interesting figure? We budgeted \$3000.00 for Pool Chemicals last year and came in at \$2970.32, which is 99.01 % of budget. Not only is that great budgeting, but, Monya says since we converted to a salt water pool there is a cost savings to the city of 4 to \$5,000 a year in chemical costs - and it is easier on the eyes and suits! I remember when I suggested we look into converting our pool - we were all worried these figures were too good to be true, but if they held up in such an extreme year then I think we can quit worrying and start celebrating!

Did You Know... Meadows Place resident Martha Weaver has taken some fantastic photographs. She made a “Greetings from Meadows Place” postcard out of one of the night shots at the lake? It is beautiful.

In last month’s **Did You Know** column I misspelled Semper Fi, the official motto of the US Marine Corps? For everyone who noticed, and contacted me, Thank You. Mistake noted - and corrected. For those who don’t know, Simper Fi is short for the Latin term Semper Fidelis, or “Always Faithful” and was adopted by the Marine Corps in 1883. It is as true for Marines today as it was in 1883. Semper Fi to Meadows Place

Marines, and Marines everywhere - and Thank You.

Did You Know... this may have been the best Christmas Memories EVER! The snow Mountain was big, fast and FUN, Santa was wonderful (as usual) but I thought the best part, besides the kids having a ball, was the fact that the Swim team, baseball, Garden Club and Scouts all played a role in this wonderful event. THAT is community. Hope everyone had as good a time as I did.

Did You Know... all the neighbors on Monticeto Court got together, put up poles all around the cul-de-sac and strung lights between them? It was very impressive and very beautiful. Thanks to all the good folks who worked so hard to make this happen - it made that part of the City look very festive.

Did You Know... we got some positive feedback for putting a page in last months Newsletter that showed everything you need a permit for? Thank you to all who contacted us. We appreciate it and we appreciate the opportunity to remind everyone that the permits are in place for your protection because with every permit there is a follow-up inspection. These inspections occasionally turn up a less than satisfactory workmanship or short cuts by contractors. If you are getting work done, check our website and click on Permits, or check with Mimi to see if you need one, and remember, there is usually a reason a contractor tries to dodge an inspection. Working together is just another way we help keep Meadows Place... *Your Place for Life*.

Did You Know... If you have someone YOU are proud of, or something of interest pertaining to Meadows Place, drop a Did You Know note at City Hall or email: mayor@cityofmeadowsplace.org Thank You!

Did You Know...

That Belle Murray sent me a brochure from Liberty Mutual that had an article on Roundabouts on the back cover? It started by saying “Communities across America are acknowledging the impressive safety benefits of modern traffic roundabouts” then gives tips on how to “navigate them with ease”. A link to ‘Going Full Circle’, is on our website. Safety, cost and pollution reduction are some of the factors that now have roundabouts on the drawing boards in Sugar Land and other neighboring cities.

(Continued from page 1)

She was particularly impressed with our vision of tying the park into future walking trail and landscape projects along the bayous down to the new trails and landscaped berms along what will be part of the Kirkwood Roundabout Project. To accomplish this, we have come to terms with CenterPoint, who, for a very small fee, will let us make improvements to and use their right-of-ways. It is going to be a nice upgrade.

2011 saw some significant additions to our business community including two great new restaurants and an agreement with Texas Direct Auto. These are nice, but just the beginning. Shortly before the year ended, we signed a contract with The Retail Coach, a very successful municipal consultant who is already working with us to bring some new businesses into the city. This is not an overnight project, but when successful will help reduce the tax burden on homeowners and ensure that any monies invested in Meadows Place homes will not only be secure, but will grow in value. 2011 also saw changes and upgrades in our website and administrative processes. We started putting the marquee messages on the website, incorporated new and stronger Code Enforcement regulations, began offering up pre-approved exterior paint colors with our BEHR project and were able to significantly enhance our Police Tactical and Firearms Training through a grant. Did we get everything done we wanted to in 2011? No, but all in all I believe we did pretty well and I hope you think so too. Now... on to 2012.

Taking Care of Business

Our Business Neighbors are a very important part of the City. This column is dedicated to those businesses.

The Meadows Place vision states we want:

“Commerce that embraces and builds upon our small town character and values”

Right now your city leaders are working hard to bring in new business that meets these standards. In the meantime we ask you to support our businesses in 2012. To find a list of our business partners, go to the website and click “Our Neighbors” and then click “Business Partners”. Thanks, and Happy New Year!

Thank You
Our businesses need, and deserve, our support

COP TALK

By Chief Mike A. Baker

Streetwise - The Way to Be (Part 1 of 2)

Teens are the age group most vulnerable to crime. But putting into practice some basic crime prevention tips can help you and your friends avoid becoming the victims of crime.

How Streetwise Are You?

Do you...

- Stuff your backpack or purse with cash, keys, cell phone, credit cards, checkbooks - and then leave it wide open at school or work, near your desk, or on the floor?
- pay attention to your surroundings - or are you preoccupied by texting or social networking on your smart phone, or thinking about school or your friends when walking, driving, or riding the bus?
- think it's a waste of time to use your locker for valuables or to lock your car when you'll be back in a few minutes?
- walk or jog by yourself early in the morning or late at night when the streets and walking/jogging trails are quiet and deserted?

If you answered “yes” to any of these questions, you need to change a few habits.

Keeping Street Sense in Mind

- Stay alert and tuned into your surroundings wherever you are - at school, the mall, on the street, waiting for a ride, or driving.
- Send the message that you're calm, confident, and know where you are going.
- Don't accept rides or gifts from someone you don't know well and trust - including people you meet on the Internet.
- Trust your instincts. If something or someone makes you uneasy, avoid the situation or person and leave as soon as possible.
- Know the neighborhoods where you live, go to school, and work. Keep in mind locations of fire and police stations and remember which stores and restaurants stay open late or all night.

If Someone Tries to Rob You

- Give up your property - not your life.
- Report the crime to the police. Try to get a good description of the attacker and remember as many details of the incident as possible.

Visit the National Crime Prevention Council website at www.weprevent.org for more helpful information. Part 2 of this article will appear in the next Cop Talk.

Visit our website at www.cityofmeadowsplace.org for more crime prevention information in Cop Talk articles in previous city newsletters.

Code Enforcement

By Kathi Sutton

Starting off a brand new year with some outdoor work? Maintaining the exterior of your home involves more than yard care. Some of the common issues that can get overlooked can impact the look and feel of our neighborhood city.

Routine mowing is mandatory, and in Texas is a year round activity. Grass and weeds cannot exceed 9 inches in height. Yards must be edged along all borders of concrete and grass. Grass must be removed from cracks in concrete, and weeds need to be removed from flowerbeds. Always be sure to remove any clippings after mowing and edging, and never blow the clippings towards storm drains.

Store all trash / trash cans away from public view. Trash should not be set curbside until the evening prior to collection day. Always be sure to bundle your tree limbs into 4 foot bundles. Promptly remove emptied cans from curbside the day of collection, and again be sure to store cans away from public view.

Fences are not required within our city, but if you have a fence then you must maintain it. Replace any broken or missing fence pickets as soon as you notice damage. Make sure that your gates are hung flush, and close properly.

The climate in our fair city makes it necessary to pressure wash. When you notice staining to the brick / siding of the home, or the staining of the concrete it is time to pressure wash.

Maintaining basketball goals can be as simple as replacing a worn net, or treating rust from the post. When a basketball goal is no longer useful then it is time to remove it.

Yard lanterns need to be kept in good repair. If you have an old lamppost in the front yard and it is no longer functioning; either perform maintenance to get it up and running again, or have a licensed plumber cap off the gas line and remove the old post.

Tree limbs cannot overhang sidewalks lower than 10 feet, and no lower than 16 feet over streets.

For other Code Enforcement topics be sure to check out our web page at cityofmeadowsplace.org.

Meet the Department Heads

DANIEL K. MCGRAW, City of Meadows Place Department Head

Daniel K. McGraw

DANIEL K. MCGRAW, Public Works & Utilities Director, Started employment with the Meadows MUD in March of 1988 to 1993. During this time Dan was utilities manager responsible for Water and Waste Water operations, performed all waste water chemical analysis, water and waste water permits, all water distribution system maintenance (“Main Breaks”), sewer collection system maintenance and all inspections with the TCEQ, EPA and the Harris County Pollution Control. In 1993 the City of Meadows Place and the Meadows Place MUD united as one entity, Dan was one of four MUD employees that made the transfer over to the city. In 2000 Dan became the Public Works Director, 2002 added residential building official and residential plumbing inspector to his daily duties. In 2003 the city needed a flood plain administrator, so with lots of training he added the flood plain to his daily duties as well as the Utilities Director. In his career here, Dan has accomplished many construction projects; in 1999, sewer rehabilitation, major street repairs in 2002, 2004, and 2005, landscaping Dairy Ashford, irrigation system on West Airport, energy conservation projects, many scout and eagle projects involving storm water education. Managed the debris cleanup after Hurricane IKE as well as debris cleanup after the 2003 Tornado. Dan carries a Double “B” Water and Wastewater certification with TCEQ, a Residential/Plumbing inspector’s certificate with the International Code Council, and is a member of the American Public Works Association. Dan and his wife Deborah have been married for 16 years and have two children Jordan 11 and Noah 9.

Meet the Staff

ARIKA SOMERSALL, Patrol Officer

Arika Somersall

Arika changed careers and became a police officer in February 2010. She has been with the Meadows Place Police Department her entire law enforcement career - almost 2 years. Arika graduated from B.F. Terry High School in Rosenberg. She attended Wharton County Junior College and Capella University. Arika has four children - 2 boys and 2 girls. She enjoys volunteering for her children’s little league football team, participating in sports, and reading.

The City of Meadows Place

would like to wish
all of our friends
and neighbors a very

*Happy New Year
and a wonderful
2012!*

DON'T MESS WITH
Meadows Place**

Storm Water Talk

By Dan McGraw

Meadows Place, as well as every city and utility in the nation are required by their state agencies, in our case the state agency would be Texas Commission on Environmental Quality (TCEQ), to comply with rules and regulations set by each state for storm water management.

Meadows Place started year five of its Storm Water Management Plan (MS4) in August of 2011 which will be the final year on this plan. I am currently writing a new plan for the next 5 years (2012-2016). Our storm water system will see yearly inspections on:

- Storm drains stenciling program
- The quality of runoff from the city
- Public education and outreach efforts
- Records of citations, fines, and other compliance documentations.

Public Works Staff as well Code-Enforcement are managing the Storm Water Management Plan, responding to reports of illegal dumping, making a report, giving out warnings and in some cases writing citations to violators.

Intentionally pouring pollutants and dumping debris into street gutters and storm drains is dangerous to the environment, and it is also illegal and carries a fine plus the cost of cleaning and removing the contaminates.

Three types of storm water Pollution

Storm water pollution can be split into three general classifications.

1. Litter - cigarette butts, cans, food wrappers, plastic bags, paper, solid debris and especially newspapers that are not picked up.
2. Natural Pollution - leaves, yard clippings, soils or animal feces.
3. Chemical Pollution - fertilizers, oil, paint, gasoline, detergent, overflowing sewers or any other liquid except clean water.

With help from the public we can keep the water of our city and the state clean and keep rain water flowing during rain events.

“Keep Storm Drains Free of Debris and the Water Clean”

Visit www.cityofmeadowsplace.org select government, then select Public Works and choose Storm Water Hotline. Here you will find the City Storm Water Management Plan (MS4), online reporting and other links.

City of Meadows Place Parks and Recreation

CHRISTMAS MEMORIES IN THE PARK

The 22nd annual Meadows Place Christmas Memories in the Park took place on Friday, December 9th. This yearly event is a favorite tradition among residents and visitors!

Activities included hayrides, petting zoo, giant snow hill for sliding, and camp fire area! The snow hills for this year's event were created using the new man made recreation hill next to the major's baseball field (Memories Snow Mountain for ages 5 & up) and one of the smaller hills on the lake side for Munchkin Snow Hill (ages 5 & under). The Police Department also displayed their Mobile Command Center! Live music from The Emotions, as well as a special performance from Meadows Elementary Choir turned Mark McGrath Park into a winter wonderland.

The highlight of the evening is always the arrival of Santa. This year, Mr. & Mrs. Claus came in style in two shiny Corvettes, courtesy of Tim Evanich and Matt and Monya Keenen. They were escorted in by the Meadows Place Police Department patrol vehicles. Once he arrived, the children were treated to visits with Santa and plenty of festive spirits as he handed stockings filled with Christmas goodies to all of the good boys and girls.

Cub Scout Pack 301 offered fire pits providing warmth and sold s'more kits for their fundraiser as well. Everyone was excited to see the fire pits back this year! Meadows Home and Garden Club was set up next to Santa's stage selling freshly popped popcorn to raise money for their yearly scholarship award. Residents enjoyed sitting on bales of hay listening to The Emotions perform, and eating delicious warm food and drinks provided by Meadows Marlins Swim Team and Meadows Place Baseball. Parks and Recreation would like to thank Brookside equipment for the use of their tractor, two trailers, and two gators. A big thank you also goes out to HDR Claunch & Miller Engineering Consultants for their generous contribution to the Meadows Place Christmas Memories event.

Thank you so much to everyone who helped make this a great 22nd Anniversary of Christmas Memories in the Park! If you have any suggestions on how to make next year's celebration even better, please call Parks and Recreation at 281-983-2935 or e-mail Monya@cityofmeadowsplace.org or parks3@cityofmeadowsplace.org.

Home & Garden Club

By Beverly Martin, Publicity

We hope that everyone had a wonderful holiday. It's 2012 and time to get busy with a new year. Most of you are aware of the Home and Garden Club's Scholarship Award presented every year, but we want you to know about other very worthy charities we contribute to. This year we will be supporting The Children's Protective Services, The Rainbow Room, Fort Bend Meals on Wheels, and The Community Garden. During the holiday season we also gave funds for a needy family's Thanksgiving Dinner and funds to Meadows Place Elementary School Christmas.

Tuesday, January 10th at 7:00 at the Community Center, one of our own members, Kathy Gilmore, who is a Master Gardener, will be sharing her expertise to help us with our yards. Please join us. You do not need to be a member to attend. For more information call Lou Ann at 281-568-2989.

The Garden Club Lunch Bunch will dine at PF Chang's in Sugar Land and spend time shopping in the area.

The Art of Conscious Evolution Studies

Description: This workshop is designed to help people maximize their innate intuition for practical use in their daily lives. We will study sections of the book *The Art of Conscious Evolution* and also do exercises which will help us learn to trust and follow our "gut" feelings.

Who: 14 years and older (no max)

Where: Meadows Place Community Center

When: February 26 OR March 25

Time: 3:00 - 6:00pm **Cost:** \$35.00 per person

Pre-registration is required to participate in all classes. Forms can be picked up at City Hall M-F 9:00 a.m. - 4:00 p.m. or printed off the City website www.cityofmeadowsplace.org

Additional Info: No supplies required. Books may be purchased @ \$15.00 but copies will be available for use by attendees at no charge.

Instructor: Peggy Sue Skipper is an Intuitive Hand Analyst, motivational speaker, workshop leader and author of three books: *The Art of Conscious Evolution*, *Love Signs and Ancient History From Beyond the Veil*. In her 22-year corporate career, Peggy worked primarily in management and enjoyed finding the right people, putting them in the right jobs and motivating them to be the best they could be. Intuitive Hand Analysis has allowed her to take this passion to a new level—the whole person and their life. She maintains that any "job" is easier to accomplish when you know what the job is and she remains convinced that Intuitive Hand Analysis is one of the best tools to reveal a person's true purpose.

Peggy has also produced and hosted public affairs TV programs for ION Media Networks in: Houston, San Antonio, Dallas, Phoenix, Sacramento, Roanoke, Tampa, Birmingham, and Charleston.

Class or Program Title

If interested in starting a class or program at our Community Center or outdoor facilities in Meadows Place, follow the format below and send to Meadows Place Parks and Recreation Department, One Troyan Drive, Meadows Place, Texas 77477 or email, parcs3@cityofmeadowsplace.org.

Must have class and or program information in writing for approval by 1st Friday of the month in order to meet newsletter deadline 2nd Friday of the month.

Description: (Briefly describe your class or activity)

Who: (Age of students to participate)

Where: (The location of where the participants meet every week)

When: (Include dates and times of your program)

Cost: (How much you plan on charging for your session)

PRE-REGISTRATION ONE WEEK prior to class or program start dates is required to participate in all classes or programs. Forms can be picked up at City Hall M-F 9:00 a.m.-4:00 p.m. or printed off the City website www.cityofmeadowsplace.org

Additional Info: (Include any type of specifics that pertain to your class, such as certain attire, supplies needed, etc.)

Instructor: (Your name, as well as the names of any additional helpers/assistants, along with a short biography of you and contact phone number optional)

Fishing at the Lake!

After much anticipation, it is now time to start fishing at the lake! Catch and release fishing is now permitted. The lake has been stocked with a variety of fish, including bass, copper nose bluegill, hybrid bluegill, and red ear bream! Ages 17 and up must have a current fishing license, and discounts are offered to those ages 65+. Grab your fishing pole and bait and head out to the lake and enjoy a nice day of fishing!

Please do not release any outside fish into the lake.
