Meadows Place Texas – A Unique Small City...

What sets Meadows Place apart from most other cities is its ability to adjust to 21st century technology while maintaining a sense of peace and pleasantry from days gone by. A great place to live... and work.

Fort Bend County, Texas

Meadows Place is the Gateway to Fort Bend County—the fastest growing county in Texas. A booming business environment and easy access to Greater Houston makes Meadows Place a clear choice for those looking to locate their business in an area with superior schools, cultural amenities and short commutes to businesses.

A City of Opportunity

The City of Meadows Place has economic opportunities available for a wide variety of commerce. We encourage you to take a look at this safe city, with a bright future.

Investing in our future

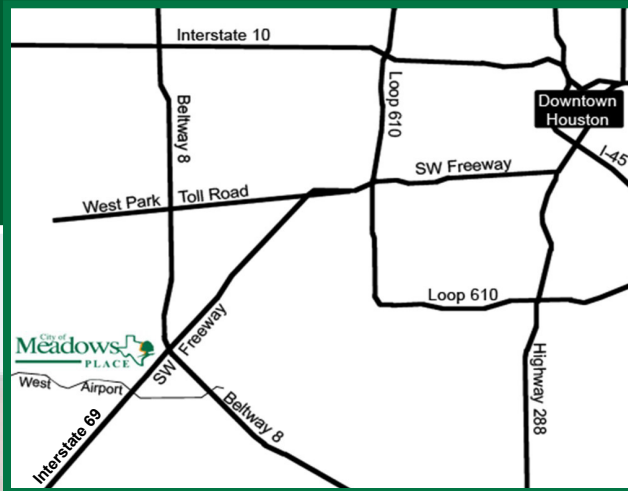

Meadows Place knows to have bright future tomorrow, you have to invest in that future today. Meadows Place has recently become the first city in Fort Bend to fully convert to radio read “smart” water meters which has resulted in reduced operating costs, increased cash flow and improved customer service. Just another example of our city investing in itself.

“If you’re interested in us, we’re interested in you.”

Active Commerce

Meadows Place is actively engaged in The Greater Fort Bend EDC, The Fort Bend Chamber of Commerce, HGAC, ICSC, and the Texas Economic Development Corporation.

Location, Location, Location

Meadows Place is conveniently located along U.S. Hwy. 59 at the first exit off Beltway 8 in Fort Bend County. This prime location is close to a thriving Energy and Engineering Corridor, plus Universities, Sports and Entertainment venues, and the Medical Center. Meadows Place is truly your Gateway to Ft. Bend County and Gateway to Houston.

Economic Development

Meadows Place Economic Development Corporation (MPEDC) was created to support the development, expansion and relocation of new and existing companies. MPEDC has a mission to help create an environment where community and businesses can thrive. For more information contact the MPEDC.
