# Place for Life

# Meadows PLACE

JANUARY 2020

### COMMENTS FROM THE MAYOR By Charles Jessup

### Pete Olson, the Post Office and 'Sharing' our Zip Code

The City of Meadows Place is forever indebted to Congressman Pete Olson. He worked with us for over two years to get the United States Post Office to allow Meadows Place to "share" the 77477 Zip Code with Stafford. Congressman Olson recruited the support of Senators Hutchison and

Cornyn. After getting letters of support from our Senators, he spoke to the Postal Liaison and got them to listen to us. At the time they were closing Post Offices across the country so they balked at my suggestion that we get our own Post Office -even though I pointed out they had lots of spare equipment lying around. Several conversations took place until finally the Congressman helped get me an interview with the Postal Resources group. After an intense discussion and with the support from the Congressman's office, Meadows Place was officially allowed to be classified as an "Acceptable Alternative". Finally and it was a great day in Meadows Place history. It allowed us to get the Ft. Bend Central Appraisal District to – in a single keystroke - change every situs (location) address from Stafford to Meadows Place. With the change in the postal status came changes to Google, MapQuest and others. None of this would have happened had Congressman Pete Olson not risen to the challenge and made these changes happen. Thank You Congressman Olson. You helped make sure Meadows Place can continue to be... Your Place for Life!

#### **Election Information**

State Rules require cities with websites to have a permanent home for Elections. If you look on the right side of the Navigation Bar on our website, you will see 'Election Information'. Click that tab and you will see Important Election Information such as the dates you need to know for the May 2nd, 2020 election, which seats are up, filing deadlines, application information, etc. If you have any questions concerning elections, please contact the City Secretary at 281-983-2931.

(Continued on page 3)

lan. 21 Regular Board Meeting - 6:00 p.m.

# Did You Know?...

Rodriguez, our Utilities Clerk, is pleased to see more of us signing up for our Eye On Water utilities program. Many are even getting the app for their phone. Eye on Water lets you connect to your water utility account to you see how much water you're using. You can see your usage by the year, month and hour and can even alert you to possible leaks on your property. Call Liliana at City Hall if you have any questions.

**Did You Know...** that almost every afternoon "Ernie The Duck Whisperer" comes out to the lake to feed the ducks. They see him coming, start quacking and then waddle over as fast as they can. What is most unusual is that one of the Great White Egrets has learned not to fear Ernie and joined the procession!

**Did You Know...** Council had a request to reevaluate the Permit Fees for Tear Downs and Rebuilds. After evaluating current fees it was unanimously agreed by Council to cut the fees. You asked for it-you got it.

**Did You Know...** as part of the Kirkwood Project we added a new section of walking trail on the west side of the bayou running from just outside the treatment plant down to the sidewalk on Kirkwood. This is another 1,400' added to our ever growing trail system. We are adding new solar lights to the trail from Dorrance to Montecito and if those work out as well as we hope, we will install some along this new section of trail as well. Believe it or not, this section of trail was planned back in 1996 when Clyde Little, Heidi Case and I did some parks planning. It is a nice addition. Try it out!

**Did You Know...** the City has made and approved plans to automate our backflow tracking and reporting system. Plumbing codes require annual testing on all commercial entities with backflow prevention and this process should prove to be a big time saver for our Public Works Department.

**Did You Know...** Tom Erickson of Erickson Advertising created two new advertising panels for the Sterling McCall electronic sign. One says Meadows Place does Community Garden and the other has a wonderful piece for our Discovery and Nature Center. Be sure and check them out as you wait on the light at 59. Improvements like this keep Meadows Place - *Your* Place for *Life*.

**Did You Know...** we have a new wheel chair friendly Merry-Go-Round at the Helfman All Play Playground. Fun for all ages, wheel chair or not. Go check it out.

Did You Know... John and Shirley Isbell are Co-Chairs of Meadows Place Home Tour on April 25th, 2020. Contact them, or a Garden Club member for more information. There may be an opening or two if you want to get your home on the 2020 Home Tour. The Garden Club could also use some volunteers and remember, Don't move - Improve!

**Did You Know...** you can recycle your Christmas Tree until January 9th up at our tree recycling area under the power lined on Montecito. This year we will be sending the trees down to Surfside for the Dunes Day beach reclamation and retention program. What a great event. Please donate your tree but take the stand off and remove any nails. Thanks.

**Did You Know...** Permits Clerk Angie Hernandez, Public Works Director Erik Tschanz and other staff have been working diligently with Fire Marshall Jon Lopez to ensure all permits, changes and drawings are moving forward and making sure there are no hiccups on the Meadows Elementary construction.

**Did You Know...** Parks Director Colene Cabezas wants us to know that there are still a few Rainbow Trout in the lake. Take up to 5 for the fry pan. Mmmmm.

**Did You Know...** is for YOU. Drop us a note or email: mayor@cityofmeadowsplace.org.

### Did You Know... Public Hearing in February

As you know, Meadows Place has always looked toward the future. Sometimes that future means you need to fix what you have before it fails and making difficult but important decisions. For some time now, your Mayor and Council have been discussing different options for long term street and infrastructure repair. This will impact everyone so we want to get public input and opinion. There will be no decisions right now but we want to gather community comments and positions for public record. That can only happen if you participate so Meadows Place will continue to be *Your Place for Life!* Details to follow...and **HAPPY NEW YEAR!** 

#### **Projects and Progress**

As we get ready to conclude the Kirkwood Project and All Play Park, The City of Meadows Place is keeping its nose to the grindstone to make sure we are meeting the 'needs' of the residents, and hopefully most of the 'wants' as well. We will see continued Parks programs but the big changes are behind the scenes. New scheduled Court hours will expedite the process and cut down on overtime. Major repairs are underway at the Waste Water Treatment Plant and USW is preparing a five year Capital Improvement Plan for Water and Sewer. Council also unanimously approved the Mayor and City Secretary to enter into an agreement with for a Facilities Review with long term recommendations for Meadows Place to best manage and utilize our existing facilities and see if there is a need for new ones.

#### Selection Committee Selected for City Administrator

At the December meeting, City Council approved the formation of a Selection Committee to review applications, sort and ultimately find a candidate they can recommend to City Council for the position of Meadows Place City Administrator. This task force includes Tia Baker, Bob Graf, Aldermen Rick Staigle, Steve Bezner and myself. We have over 20 candidates that appear to be qualified. The process begins shortly after the first of the year with reference and background checks, then phone and face-to-face interviews. Ultimately it will result in a candidate recommended to the Council for approval. This is another of the many changes that are happening in 2020 and one more reason why Meadows Place will continue to be... *Your Place for Life!* 

#### **CRASE** and Code Words

The Meadows Place Police Department wishes everyone a Merry Christmas and a Happy new Year! As we race into the New Year and celebrate, please remember: Fireworks are illegal in the City of Meadows Place. With this in mind MPPD, hopes to start of the New Year with safety and awareness training at the January 2020 Neighborhood watch meeting, please join us on January 16th, 7:00 p.m., at the Police Training Center for an informative session

Law enforcement officers and agencies are frequently requested by schools, businesses, and community members for direction and presentations on what they should do if confronted with an active shooter event. The Civilian Response to Active Shooter Events (CRASE) course, designed and built on the Avoid, Deny, Defend (ADD) strategy developed by ALERRT in 2004, provides strategies, guidance and a proven plan for surviving an active shooter event. Topics include the history and prevalence of active shooter events, civilian response options, medical issues, and considerations for conducting drills.

With the increasing concern for the safety and wellbeing of our loved ones, we must be proactive and create action plans in advance. Code Word(s) and Hand Signals for Kids aims to do just that, guide one in creating an action plan. Code Word(s) and Hand Signals for Kids is a word, phrase or signal that a parent, guardian, relative, or other trusted person use to let a child or other person know it is safe or activate the "Action Plan" created and practiced in advance. This may let one know it is safe to come out or to go with them. It may alert one to take cover or hide in a safe place. Or it may alert a parent that you are in a situation and need help getting out of. During this segment, parents or guardians are taught how to create and use "Code Words" and hand signals to protect themselves or "escape" from potentially dangerous situations. Suggestions are offered to create your own code words, phrases, hand signals and action plans.

The Meadows Place Police Department wants to help all to be proactive and ready. Please join us for the Neighborhood Watch Meeting January 16th at the Meadows Place Police Department's Training Center for CRASE and Code Words for Kids Presentation.

#### **Household Waste**

By Erik Tschanz

Here are some easy ways to reduce the amount of water you may use and save money at the same time. Saving water inside your home is easier than you think. In addition to saving money on your utility bill, water conservation reinforces our community's quality of life by ensuring availability of this precious resource.

First, Be a Good Consumer

#### Before you buy a product...

- Think about the job at hand.
- Research the type of product(s) you need to effectively perform the job.
- Read product labels carefully.
- Choose the product that is best for the job.
- Consider purchasing environmentally safe products or make your own less toxic alternative product.

#### Before you use a product...

- Read the label and follow the directions for proper use.
- Follow all safety precautions. (Wear recommended gloves and safety glasses)

 Use the recommended amount - more is not always better!

#### After you use a product...

- Read the label and follow directions for proper storage.
- Keep lid tightly closed.
- Keep product in original container with readable labels.

#### If you must dispose of a product...

- Follow the label directions if provided.
- Contact the manufacturer if no directions are provided.
- Take your HHW to a local HHW collection event or facility for proper disposal.

Residents who are interested in more information about HHW disposal locations can visit the Fort Bend County HHW website at http://co.fort-bend.tx.us/index.aspx?page=358.

#### **Code Enforcment**

Christmas Greetings! Thank You for the warm welcome I have received in my role as the Code Enforcement Officer for City of Meadows Place. I have learned that the City of Meadows Place truly is 1 square mile of wonderful because of its warm and friendly residents! There is a large amount of work that needs attention and a lot of improvements that we can all be a part of to keep The City of Meadows Place beautiful and safer for all. We are diligently working daily with every citizen of the City. We are asking for each of you to help us in making sure our neighborhoods and the entire City of Meadows Place is and will continue to be Your place for Life!

Keep an eye out for this column every month as I will have simple tips to help keep your home and our city attractive & within code.

### Merry Christmas and Happy New Year!

Jennifer Cabello, Code Enforcement Officer Office: 281-983-2938

## Home & Garden Club

By Clyde Little, Publicity

The Christmas Memories celebration in the park was a huge success, with a record crowd. Thanks go to the volunteers from the club who sold cookies, hot chocolate and water from our booth. Proceeds will go to the general fund and the scholarship fund.

Plans for the Spring Home Tour, to be held on Saturday, April 25, 2020, are moving forward. Seven to ten homes will be chosen, with a goal of at least one home in each section. This is a major project, with several objectives. One is increasing our scholarship fund for Meadows Place students, and another is to provide a showcase for the many beautiful and well-maintained homes we have as a result of the "Improve – Don't Move" campaign. If you would like your home to be considered, please contact the co-chairman through his e-mail address: Alderman1@cityofmeadowsplace.org.

The Christmas Yard winners are posted, with photographs, on our website.

The Lunch Bunch will meet and eat January 9 at "68 Crawfish Express". The address is 11420 Dairy Ashford, Sugar Land.

The Tuesday, January 14 meeting will feature Bryan Swinford, with "Swinford Exteriors and Doors". This should be a good program to promote our "Improve – Don't Move" theme. Bryan is a Meadows Place resident.
