

### COMMENTS FROM THE MAYOR

By Charles Jessup

#### *Selection of City Administrator*

Signaling a new direction, The city of Meadows place has hired a new City Administrator, Mr. Nick Haby, who reported on March 30. Nick, who is married and has 3 children ages 9,4,& 2, comes to us with more than 14 years' experience across a broad spectrum of City Management and administrative functions in award-winning Texas

municipalities. He brings extensive experience in successful cooperation with residents, the development community, and elected/appointed volunteers including City Councils, boards, commissions and committees.

Nick Haby

For those who do not know what a City Administrator does, a City Administrator oversees the day to day operation of a municipality and carries out the decisions of the Mayor and City Council. In addition, a City Administrator will assist in implementing the City's long-term strategic goals, operating policies, procedures and work plans as they continually evaluate the efficiency and effectiveness of providing services throughout the city.

Nick was the unanimous selection of the Meadows Place City Council. His strong work ethic, the ability to communicate and collaborate along with a wide range of experience made Nick stand out as the unanimous choice for this bold new move. Some of Nick's skill sets include: Budget Development and Monitoring • CIP/Grant Administration • Floodplain Management • Natural Disaster Recovery • Economic Development • Knowledge of State Law • Planning and Zoning / Land Use / Industry-Standards Best Practices • Customer Service-Focused Regulation • Code Compliance • Staff Training and Team Leadership • Contracts Administration / Public Utility Franchises • Community Relations • Media Interaction

When our Shelter in Place is lifted, we will hope you will take every opportunity to meet our new City Administrator, Nick Haby.

**Did You Know...** CodeRED - Emergency & Alert System<sup>®</sup> is used by The City of Meadows Place to distribute information and emergency alerts. We are using CodeRED to disseminate COVID-19 information so you need to sign up. The last message was sent to 2126 numbers. If you did not receive a CodeRED message, or have a new number, please go to the website and sign up for CodeRED. Thank You.

**Did You Know...** Affordable Quality Roofing has been honored by the Better Business Bureau as "Winner of Distinction 2020". Owner and Meadows Place resident Jayne Pride says *"we are proud of our team and crew, and thankful to our clients without whom it wouldn't have happened"*. Jayne is especially proud that this is the 4th year in a row that they have been honored with this award since each year only a handful of roofers win this award for the entire greater Houston area. FYI-her first roof was right here in Meadows Place!

**Did You Know...** Parks Director, Colene Cabezas, had a resident ask if it was OK to ride bikes on our trails, particularly the ones around the lake. The answer is No, and Yes. No around the lake or in the parks, Yes along the bayou trails, which were designed as hike and bike trails.

**Did You Know...** Darla Farmer, Chief Executive Officer of Hope For Three Autism Advocates used our Helfman All Play Playground in a philanthropic photoshoot. I am so proud that our little city is considered for things like this – plus that playground is FUN.

**Did You Know...** Wendy Pennings the coordinator of Destination Imagination at Meadows Elementary, wanted us to know they had 6 teams involving 28 students K-5! That is fantastic. One team placed first and will be advancing to the State Finals and another team scored first in their instant challenge! They are representing Meadows well! Congratulations Wendy and all the Destination Imagination teams. You are the type of young

leaders that make Meadows Place – *Your Place for Life!*

**Did You Know...** Bamboo can be beautiful, but it can also be a problem. It can wreck your neighbor's yard. You see, there are two basic types of bamboo-clumping and (invasive) runners. Most of us don't know the difference. Fortunately, there is one of the best bamboo experts in the country ready to help you. Caldwell Nursery in Richmond offers one of the largest selections of non-invasive clumping bamboo available on the Texas Gulf Coast. All of their bamboo are non-invasive clumping varieties. Want to learn how to have bamboo without wrecking your neighbor's yard? The botanical gardens at Caldwell Nursery contain a great viewing area of the most popular and beautiful Bamboo varieties.

**Did You Know...** Dulles High School's Decathlon team won its fifth state championship in the Large School category over Spring Break, earning its fourth win a row. The nine-member team won a total of 36 medals, and each member was awarded a \$1250 scholarship, for a total of \$18,500 in scholarship money. Dulles also placed first in the Super Quiz, the fast paced final event of the competition. Decathlon is a ten-event scholastic event that test students' knowledge of a central theme in the areas of art, economics, literature, music, mathematics, social science and science. Wow. Impressive!

**Did You Know...** With our EyeOnWater program can see hourly water usage and set an alert in case you have a leak.

**Did You Know...** one of our neighbors reported curb damage caused by delivery trucks backing up/unloading metal for the school. The hydrant valve had been run over and thanks to his reporting it, we were able to protect the valve and get the construction company to pay for it.

**Did You Know...** is for YOU. Drop us a note or email: [mayor@cityofmeadowsplace.org](mailto:mayor@cityofmeadowsplace.org).

## Did You Know... Census 2020

Once every decade America comes together to count each person in the United States. The next count will take place April 2020. The census is the nation's largest peacetime effort and affects us all. As the 2nd largest state in the union, we must make sure Texas counts and as a city that is only 1 sq. mile, we must make sure every person is counted!

The 2020 census will serve as the base for demographic and socio-economic statistics for the next 10 years. For Meadows Place it could mean the difference between having the right to move to Home Rule from General Law so please make sure to fill out your Census form and count every person. Keep Meadows Place... *Your Place for Life!*

## *Comments From The Mayor (Continued from page 1)*

### ***May Elections Postponed until November***

Another victim of Covid-19 was the May 2nd city elections. As an advocate for city elections being held in May, it was a hard pill for me to swallow when Council voted to move the election to November. Several other cities and Fort Bend ISD moved their elections as well. Too much uncertainty, too much risk. Meadows Place played an active role in discussions with the other cities and the State trying to get another option but were instructed by the state to pick a date—and do it now! We will visit more on the election as we approach election dates. In the interim, please fill out your Census Form. Thank You

### ***Shelter in Place***

The Shelter in Place order by Fort Bend County includes The City of Meadows Place. It clearly outlines methods to reduce the possibility of exposure to the COVID-19 virus. According to several logs and algorithms we are rapidly approaching a point of significance. YOU play a huge role in your own safety and the safety of your friends and neighbors. Community mitigation strategies such a staying at home and social distancing are designed to help keep the health care community from being overwhelmed. At this time Meadows Place is planning on keeping the lake, parks and trails open for you, but YOU need to keep your distance, stay away from crowds and wash, wash, wash. If you do, when we come out of this, Meadows Place will still be... ***Your Place for Life!***

**P**ractice everyday preventive actions now. Remind everyone in your household of the importance of practicing everyday preventive actions that can help prevent the spread of respiratory illnesses:

- Avoid close contact with people who are sick.
- Stay home when you are sick, except to get medical care.
- Cover your coughs and sneezes with a tissue.
- Clean frequently touched surfaces and objects daily (e.g., tables, countertops, light switches, doorknobs, and cabinet handles) using a regular household detergent and water.

If surfaces are dirty, they should be cleaned using a detergent and water prior to disinfection. For disinfection, a list of products with Environmental Protection Agency (EPA)-approved emerging viral pathogens claims, maintained

### Code Enforcement

**A**PRIL is here, time for Easter and all things spring! Please remember that regular yard maintenance is needed. High grass is a breeding zone for mosquitos.

Following the Stay at Home order for Fort Bend County we must all work together to get COVID-19 under control the best we can by social distancing and all other items listed on the Fort Bend County site.

All non-essential work on your homes must cease as declared of 03.24.2020 by our county Judge KP George. Only permitted necessary work may continue such as electrical, plumbing, HVAC or anything to prevent structural failure.

For any Violations sent out that have a 30-day time frame on them please know that I am extending that to 60 days. All other items will need to be addresses per dates given. (pending any further Federal/ State/ County orders.) The health, safety & life of all residents and workers is paramount.

### Storm Drains

**S**torm water runoff from urban areas can carry pollutants and trash into the storm water drainage system. Water that flows down the drains in our homes first goes to sewage treatment facilities before it's released to bayous and rivers. But, water that flows into our storm water drainage system, along with other substances it collects, goes directly into our bayous, rivers, and ultimately into Galveston Bay. Unlike sewage, storm water receives no treatment.

The City of Meadows Place has placed inlet markers bearing the phrase "only rain down the drain". The message is intended to remind citizens to not to dump pollutants into storm sewers or contribute to ordinary storm water runoff by littering, over-fertilizing, or sweeping yard debris into the street.

Much of the pollution in area creeks and bayous comes from common, every-day materials, like household chemicals, fertilizers, pesticides, gasoline, used motor oil and antifreeze and litter. These substances run off into storm drain inlets by rainwater from our streets, yards, driveways and parking lots. Additional information about the City's storm water management plan can be found on the City's website at [www.cityofmeadowsplace.org](http://www.cityofmeadowsplace.org), under the public works link, storm water hotline page.

## *Home & Garden Club*

By Clyde Little, Publicity

The next general meeting is scheduled for Tuesday, April 14, at 7 PM, at the Nature Center. The speaker will be Anthony Rodriquez from Wild Birds Unlimited, describing how to attract wild birds to your yard.

A reminder that Yard-of-the-Month judging was done the last weekend of March. Look for the winners in the next newsletter and on our website. Selection guidelines are as follows:

1. **Overall landscaping:** variety and symmetry
2. **Lawns:** condition and manicure
3. **Shrubs:** condition, quality and suitability
4. **Trees:** condition, quality and trim
5. **Annuals & Accessories:** seasonal color, harmony, no artificial plants or artificial flowers

*No yard may be selected two years in a row. One does not have to be a member of the Home and Garden Club to be considered for this award. Houses "For Sale or Lease" are not considered.*

Submission of applications for scholarships has ended, and we are looking forward to learning this year's recipients.

The Lunch Bunch will gather at 11am on April 9 at the Longhorn Steakhouse, 16746 Southwest Freeway, Sugar Land. Call Barbara Smith at 281-498-2176 for reservations or information.
