City of Meadows Place

AUGUST 2014

COMMENTS FROM THE MAYOR By Charles Jessup

Chamber Scholarship Available

Meadows Place was asked to participate in what the Central Fort Bend Chamber Alliance hopes to be a countywide scholarship program. I jumped at the chance to participate because it means one (1) 2015 high school senior from Meadows Place will receive a one-thousand dollar (\$ 1,000) scholarship. It doesn't matter which school the student

will be attending next year, only that they live in Meadows Place. The theme is "Strength in the Future," and you can get the application and the rules under Community Events on the front page of our website. The hope is that this will grow into an annual event for students across the county.... and of course, for the seniors in Meadows Place. The deadline is fast approaching, so if you have a senior, or know a senior, please let them know about this great opportunity right away. There WILL be a Meadows Place winner! Good Luck.

Working on the Future

I am pleased to say there is quite a bit happening on the commercial front for Meadows Place. Texas Roofing Supply took the remaining 34,000 square feet on the freeway by Tradison. They are up and running, already doing well and should be a great asset for the city in the future and help bring the center to life again. Texas Direct Auto is waiting for the final plans for their part of the Hwy. 59 restoration from their architects and will be moving on the restoration soon. I am also excited to tell you that I met with Marvin Marcell of Group 1 Automotive and he shared the preliminary plans for a complete makeover for Sterling McCall Nissan. This time next year Meadows Place will project a completely different image from the freeway.

Over on W. Airport, in addition to discussions with different types of retailers, there have been some inquiries about the possibility of putting up a drive-through restaurant, or a coffee shop combo near the corner. Of course none of these are guaranteed, but to ensure a drive-through is possible, your Council approved recommended zoning changes from our Planning & Zoning Commission.

ATTENTION RESIDENTIAL RENTAL PROPERTY OWNERS

If you have not registered your rental property with the City of Meadows Place, NOW is the time to do it!

The City has recently updated the license and inspection process and increased the fees related to your rental property. This information is being presented in a guide that will help the City staff work together with property owners, tenants and the community to keep properties in good condition, protect investments and make properties continually attractive and healthy for residents to enjoy.

Please contact Code Official Jerry Parker
immediately at (281) 983-2938

or code-enforcement@cityofmeadowsplace.org.
He will assist you with the process and answer any
questions you may have.

Thank you for being a part of our City!

Did You Know?...

Did You Know... that in addition to having Charles Dupre, the FBISD Superintendent as our Parade Marshal, our 4th of July Parade attracted local dignitaries and representatives from state and county? We want to thank them and also want to give Special Thanks to our Parks Department, our Police Department and partners like Texas Direct Auto and Sugar Grove Church of Christ. Thanks to everyone who pitched in to make the parade so special. Our parade is special and is one of our great events that make Meadows Place ... Your Place for Life.

Did You Know... Meadows Marlins had a great swim season - especially at All Stars? Samuel Ang broke a record time that was set 29 years ago. 29! He broke the record set in 1985 in 7 & 8 Boys Freestyle with a time of 14.66. Great Swim Samuel.

Congratulations also go to Vinh Tang, who won High Point for 7 & 8 Boys and won Overall High Point for the 10 & Unders. Folks High Point is hard to get but Overall is next to impossible.

Great Swimming Vinh! I know all the Marlins are proud of you both and we are proud of all our Marlins. One swim record that didn't get broken is the one set back in 1992 by the 6 and Under Girls Free Relay coached by Meadow Place resident Laura Stansbury. The Marlins swimmers were: Leslie Phillips; Emily DeWitt; Suzanna Schroeder and Kristen Berkstresser. (Boy do those names sound familiar!) So you can see, the Meadows Marlins have been making a splash for years. Congratulations Marlins past and present!

Did You Know... Public Works Director Dan McGraw was the hit of the Texas Water Reuse Conference last month? When they introduced him, they said many of the attendees had heard about the Meadows Place project and were anxious to hear his program. No pressure there, right? Anyway, Dan came through with flying colors and left amid accolades of the host and the attendees. Meadows Place shines once again! Thanks Dan.

Did You Know... that former Meadows Marlin Christopher Lipp is now serving his country as a United States Marine out at Camp Pendleton? Having watched Chris grow up, I couldn't be more proud. I know his parents Peter and Glenna are too. Thank You Chris! Bet they are also proud of their daughter Genevieve who just received her PhD in Mechanical Engineering at Duke. She was a Meadows elementary student, Meadows Marlin coach and a lifeguard. More proof that Meadows Place is a great place to live and raise successful children - children who will be the leaders of tomorrow.

Speaking of successful, **Did You Know...** The Meadows Place Mayhem Bronco All-Stars won the PONY District Title and at the time we went to press - were still going? A balanced offensive and solid defense keyed victories over Kingwood and Huntsville and will hopefully take them All-The-Way. Go Mayhem...and congratulations to this group of great All-Stars, their parents and coaches. Meadows Place is a GREAT place to play baseball.

Did You Know... former Council Member Heidi Case, was selected by our Planning & Zoning Commission to be their new Chairperson? Thanks once again to all our commission and board members. Congratulations Heidi - and Thank You.

Did You Know... there were some small changes made to the Lost & Found Animals page when we updated the city website? (Check it out) I am impressed at the lengths Meadows Place residents will go through to help these pets find their way home so please familiarize yourselves with this sight in case you end up with a lost, or found pet. Your posting CAN help put pets and owners back together. Thank You.

Do YOU have something for **Did You Know?** Drop a note at City Hall for or email: mayor@cityofmeadowsplace.org. Thank You. Meadows Place... *Your Place for Life!*

Did You Know... Meadows Place Police Department is still doing the TLC program? They randomly check our vehicles on city streets, in driveways and businesses for items that could attract a potential burglar and make the owner a crime victim. Then they fill out a "Report Card" and leave it for us. Their "Report Cards" and our Crime Results show we are doing what the TLC program asks us to do - Take out Valuables, Lock Your Vehicle, and Close your Windows. Keep it up Meadows Place!

(Comments From The Mayor continued from page 1)

These changes allow Council to individually approve a drive-through by what is called a Special Use permit. Additionally, thanks mostly to the efforts of the Commercial Development of our EDC, there have also been some legitimate inquiries about the 11 acres along W. Airport from Kirkwood up to the Hamptons in Meadows Place. There is a lot to be done before anything can take place here, but at least we have some activity going on. I will keep you posted as we move forward. These exciting commercial developments are part of what make Meadows Place... **Your Place for Life.**

U.S. Congressman makes announcement from Meadows Place

For the second time since I have been Mayor, Meadows Place has been the backdrop for a Congressional announcement. The first time, Nick Lampson used our Council Chambers to make an official announcement. This time, Congressman Pete Olson and five (5) other mayors from across his district, met in Meadows Place as the Congressman proposed his new "Our Community, Our Choice Act". If passed, this bill would require Health and Human Services (HHS) to give a 90 day notification of their intent to house immigrants in their city. The HHS would have ultimate authority and can ultimately disregard a city's request, but this bill would mean cities would be brought into the loop and given time to develop a plan based on realistic costs, security issues, security concerns, etc. This would also help get these children, who are often being exploited by the drug cartels, into a safe, secure, welcoming environment in a manner that would not place undue, or unknown, burdens on a community. There are no simple solutions to this complex problem and I don't know if this bill will do the good it is intended to do, but I do know I was pleased to see Meadows Place being recognized once again.

Danger: Kids Left in Hot Cars

Every summer, heartbreaking and preventable deaths happen when children are left alone in hot cars. More than 600 U.S. children have died that way since 1990, according to the nonprofit safety group Kids and Cars.

These cases happen when kids are left unattended in a hot car -- sometimes because the driver forgot the child was there -- or when kids get into unlocked cars without any adult knowing it happened. Within minutes, they can be in danger.

Kids in Hot Cars

- Never leave kids alone in a hot car, even briefly.
- Always check the front and back seats of the car before you lock it and leave.
- If you see a kid alone in a hot car call 911 immediately. Get them out ASAP if they are in distress.
- Put your purse, briefcase, or something else you need by the car seat so you don't forget to check.
- Always lock your car when it's empty so kids can't get in without you knowing.

After a beautiful 4th of July parade, the weather turned rough later that afternoon. We suffered a large amount of wind damage to our trees. (Even a few injuries suffered during the cleanup.) But it could have been much worse if we weren't already trimming our trees to code. Thank you all for that!

Our Rental Registry is back in full effect. If you own a home that you rent out in Meadows Place, make sure that you have obtained your Rental License for this year. The deadline may have been July 31st, but you can still contact me at City Hall to register your property.

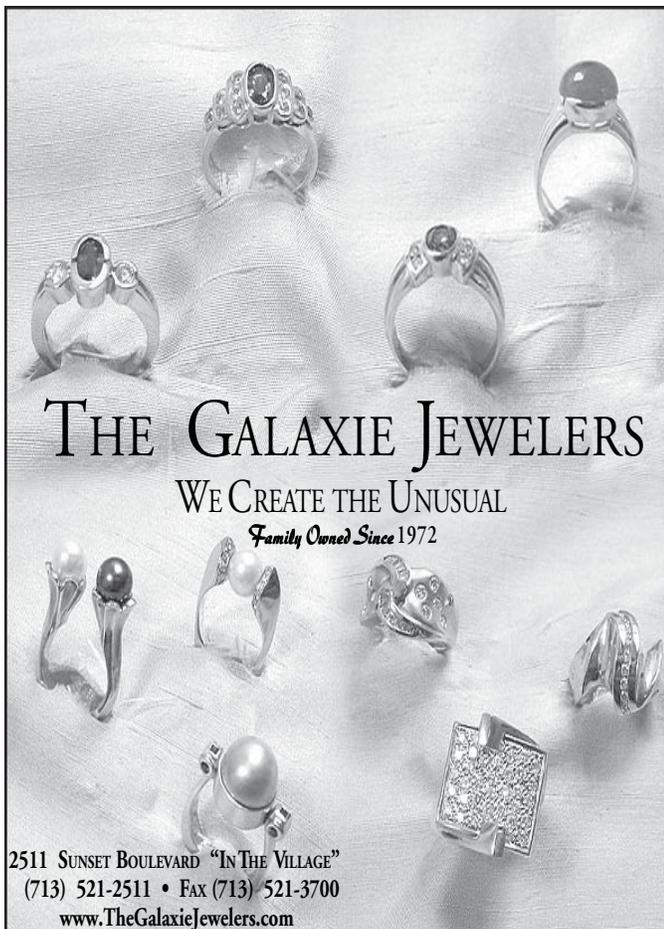

With school starting August 25th this year, I want to remind everyone that when parking in your driveway, it is unlawful to park across the sidewalk. When you block the sidewalk, you force a child out into the street. After receiving numerous complaints about multiple homes where vehicle are parked across the sidewalks, I will begin issuing warnings for compliance beginning August 11th.

Top Hits from June:

Violation:	Warn/Cit	Comply:
Grass/weeds	20/1	19
Trees/Shrubs	6	6
Trailer/Car/Boat	8	7
Trash Cans/Debris	23	18
General Nuisance	51	30
Totals	109	80

Please remember, I can't see everything. If you don't let me know what is happening and what is important to you, I can't make it a priority.

Mosquito Management in Meadows Place

Our goal in mosquito management in Meadows Place is to reduce the breeding grounds on city property and by educating our homeowners (Private Property Owners) on how to maintain their property to help reduce the breeding of mosquitos on their private property.

Please keep in mind that the City of Meadows Place cannot treat for mosquitos on private property. We can only educate you on the best practices to prevent or reduce breeding grounds for mosquitos. It is up to each private property owner to do their part in the seasonal fight against mosquitos.

Always remember to protect yourself from mosquitoes when you are outside in the early morning and the evening. Use spray that contains "Deet", wear long sleeves and long pants if you want to avoid being bitten. You also have an option of not going outside if you feel the mosquitos are present in heavy numbers.

Four Best Practices for Mosquito Management in Meadows Place

1. Educating the public
2. Surveillance
3. Treatment (city property/facilities)
4. Spraying (Last Resort)

Educating the public: We have mosquitos that breed here that we have to stop and mosquitos that fly to our city from the coast called "Salt Water Marsh Mosquito" that we either have to tolerate or spray as a last resort.

To put an end to mosquitos breeding here in Meadows place we must all do our part! Mosquitos need an area that will hold water for at least six days to lay an egg boat and completely develop into a young mosquito. In just six days and those mosquitos will have to seek out a food source and that food source is us "Warm Blooded Creatures" including our loved animals.

If you have low areas on your property, containers around your house, kids toys in the lawn, well then you are most likely breeding mosquitos on your property.

All property owners need to fill in those low areas in their lawn with sand or dirt. Remove anything that holds water for at least 5 days like kid's toys, yard art, planting containers, baby pools, etc...

Property owners with irrigation systems who are over watering are definitely contributing to the mosquito population in the city. If you have water running down the street after your sprinkler runs then you are over watering. Reduce the runtime on your irrigation time clock by a few minutes or until the system runs and water is not running down the street. This will also save water and money

Mowing your yard regularly and keeping bushes trimmed to allow air flow under, behind and along the side the landscaped area makes a big difference whether you are harboring mosquitos as well.

The city can only treat city facilities & city property. We cannot treat private property. That is why it is so important that every property owner does his or her part to stop mosquito breeding.

Surveillance: is achieved by using traps twice per week in two locations in Meadows Place. Once trapped the County Road and Bridge will pick up the samples, count the mosquitos, determine the species and send to the health department in Austin Texas to be analyzed for viruses like "West Nile".

Treatment: Is achieved by using larvicide tablets (T30 & XRT) and a liquid called FLIT 10EC. The tablets are used in storm drains after rains. The FLIT 10EC which is a larvicide and a Adulticides will be sprayed in the 14 acre power easement and 9,300 feet of our bayou system (Drainage Ditch).

The power easement and bayou has been a breeding ground for the mosquitos for a long time now, but hopefully we will put an end to those breeding grounds. The FILT 10EC will destroy the larva and young mosquitos that lay low in the tall grass until the sun goes down. This should make a BIG difference in the city!

Spraying: Spraying is always a last resort. The County will only spray for mosquitos in Meadows Place for good reasons like the following:

- West Nile Virus - the county will spray if mosquitos are sampled in the city with West Nile Virus or any virus that mosquitos carry.
- Salt Water Marsh Mosquito - if the counts are high the county will spray.
- If we are breeding mosquitos here and the counts are high then the county will spray. This also says we are losing the battle on preventing the breeding here in Meadows Place.

I believe this is our year (2014) to seriously reduce mosquito breeding grounds in our city. With all of us in Meadows Place working towards the same goal we should be able to put a bid dent in our mosquito breeding problem.

2014 Meadows Place 4th of July Parade

Every 4th of July the City of Meadows Place turns red, white and blue as United States flags of all sizes spring up throughout the City. Celebrating America's birthday is one of the events Meadows Place residents look forward to each year. Neighbors and friends lined the streets to watch and cheer as a procession of fire trucks, cars, floats, pipers, bicycles and walkers all decorated in patriotic colors made their way through the City.

DJ's Unlimited played patriotic tunes while the floats and cars gathered. Christina Garcia, a City of Meadows Place Lifeguard, started us off by singing the National Anthem. The parade went through the alley behind Texas Direct Auto, west on Dorrance, south on Mulholland, and east onto Brighton ending at McGrath Park/Lake.

Meadows Place was honored to have as Parade Marshal Fort Bend ISD Superintendent Charles Dupre. Mayor Charles Jessup and his wife Elaine rode in a 4-seat Gator Utility Vehicle provided by Brookside Equipment Sales. Again this year, Texas Direct Auto generously donated the use of their vehicles for our Parade Marshal, Councilmen and visiting dignitaries. Thanks to Joanne Lemmons for driving State Rep. Rick Miller and Sammi Ferriera for driving our Parade Marshal.

This year's entries in the parade included the Knights of Columbus Color Guard from St. Thomas Aquinas Catholic Church, the Lifeguards, Meadows Home & Garden Club, Anita Milne Beard Realty Group, HomeMasters, Chic-fil-A

and resident entries from the Gaytos Family, the Evanich Family and the Peralez Family; a music truck provided by DJ's Unlimited; the St. Thomas Alumni Pipe Band along with youth from Girl Scout Troop 19072, Meadows Place Pony Baseball, Cub Scouts from Packs 1115 and 301 and Meadows Marlins Swim Team.

Residents met at the Park for fun and food at the end of the parade. St. Thomas Alumni Pipe Band and DJ's unlimited kept the party going while sno-cones and water were donated and served by Sugar Grove Church of Christ. Awards for the Best Float for Youth, Commercial and Spirit along with the winners of the Patriotic Yard Decorating Contest were presented by the Mayor. Sponsored by the Parks & Recreation Department, the Patriotic Yard Decorating Contest brought winners from on and off the parade route. Thanks to the Meadows Home & Garden Club for judging the entries throughout the City.

The City of Meadows Place Parks & Recreation Department would like to thank our volunteer Float Judges - Abby Murphy and Bob & Jean Stolting. Thanks to Tracey Spiller & Jared Whittman our Non-Motorized Judges and Brittney Cech & Di Torrerros-Carter who served as our Bike Patrol. Thanks also to the Meadows Place Public Works and Police Departments, the Stafford Fire Department and the Fort Bend County Precinct 2 Constables office for their invaluable assistance. The Parks & Recreation Department would also like to thank all of you who took the time to decorate your home or a float and participate in the festivities. Hope to see you at next year's parade.

Scholarship

Fort Bend Strong "Strength in the Future" Scholarship

The Central Fort Bend Chamber is the marketing representative for local and area businesses and the entire Fort Bend community, promoting members products and services.

As part of the annual Fort Bend Strong event, which highlights the success of Fort Bend County, the Central Fort Bend Chamber is partnering with the cities of Fort Bend County to offer the "Strength in the Future" Scholarship program. This program will award 18 - \$1000 scholarships to high school seniors in Fort Bend County. One award will be given for each city, town or village. This means there WILL be a winner from Meadows Place (as long as there are applicants)!

Fort Bend County resident high school students scheduled to graduate in 2015 are invited to apply; deadline is August 29, 2014! For more information follow the link on the City of Meadows Place website, www.cityofmeadowsplace.org or go to www.CFBCA.org.

Do You Prepare More for Family Vacations Than You Do for College?

Having fun with your family is important. But nothing is more vital than your child's future. That's why at Edward Jones, we can help you put together a strategy to save for college.

Using our education funding tool, we can estimate future expenses at more than 3,000 schools and then recommend a financial strategy based on your unique needs. True, vacations are great. But graduation ceremonies are even better.

For a free, personalized college cost report, call or visit today.
