Casas Grande Blend  
Desert Sage  
Marbled Canyon Red  
Marbled Terra Cotta

**Architectural asphalt or composition shingles may be installed if such shingles have:**

1. A minimum 10% blend of copper-containing granules incorporated uniformly across the shingle surface;
2. Uniform distribution of copper-containing granules on the shingle and the hip and ridge;
3. Third party laboratory testing for compliance;

I hereby certified that I have reviewed the roofing shingle color and requirements above. I agree to install the shingle selected above.
