

COMMENTS FROM THE MAYOR
By Charles Jessup

FBISD School Board Election

Polls will be open at City Hall for the School Board elections on Saturday, May 7th. With only two positions open for Meadows Place voters and only one contested race, voting won't take long, so go, have a little fun and let Meadows Place shine at the polls.

Emergency Response

The recent flood event put Meadows Place Disaster Preparedness to the test. We did well, and we learned a lot - about where we are and where we want to be to provide the best emergency response coverage possible. Meadows Place Police Department was prepared and performed extremely well. They staged the vehicles on high ground, had staff in place and a Hummer at the ready. Ironically, we had one of the Hummers in the shop looking to get snorkels installed preparing for maximum flood events! The Hummer we had performed well as both our PD and Fire Departments participated in High Water rescues. Fire, EMS and Police were in Emergency mode. All are well trained but responding to emergency situations only so please, do not call them unless it is an emergency, but if it is, call right away.

I was very proud of our Public Works Department who are vital in these situations. They cleared drains, kept the lift station and sewage treatment plants running flawlessly and made sure our water supplies were clean and safe. As soon as the water began to recede they were out on the street clearing debris, helping folks and taking care of us and our city. Say thanks to Danny and Eric. After all, they left their families to come look after ours.

We learned we really do need the new Tactical Training Center / Emergency Operations Center (EOC).

Did You Know?...

Did You Know... I received a call from a Mr. Steve Hoffman who told me how impressed he was with a Meadows Place Police? Mr. Hoffman said the officer, who helped him deal with a situation over at the Hamptons in Meadows Place, was “extremely nice, polite, professional, cordial to everyone and very comforting”. He said he “could not have been more impressed”. Not everyone would take the time to make a call like that, but Mr. Hoffman did, and it reminded me that Meadows Place is a special place and our officers are a big part of that – they help make Meadows Place... *Your Place for Life!*

Did You Know... Meadows Place resident Jonathan Wiles, who works with Living Waters International, was meeting with Congressman Pete Olson when he spied a Meadows Place coffee cup prominently displayed on Congressman Olson’s desk? And the Congressman didn’t even know Jonathan lived here! You just never know where Meadows Place may show up...

Did You Know... Meadows Place has become the driving force for a coordinated effort to have every city in Fort Bend County participate with the folks at Monarch Migration? This will ensure that the monarchs will have food and flowers to live on as they move through Meadows Place and Fort Bend County on their way across the USA.

Did You Know... between now and next September, Meadows Place will be having Public Hearings and Meetings on topics ranging from budget, to Animal Control, to the type of decorations we want for the Kirkwood Beautification and Revitalization Project? The city will make those announcements in hopes you will attend.

Did You Know... that several Meadows Place residents were members of the Dulles High School Choir who wowed the audience at the Empty Bowls benefit? The Dulles Choir was amazing but the singers from Meadows Place were the best!

Speaking of benefits, **Did You Know...** Ryla Mueller was the recipient of a Youth in Philanthropy scholarship for her participation in this very wonderful volunteer charity program?

Did You Know... we are about to complete putting in the irrigation on W. Airport? This means we will be moving forward with several planned landscaping projects, including the one at City Hall. Our Parks and Public Works departments have worked very hard and worked well together to make sure these projects are cost effective as well as visually impressive. Did I mention cost effective. Next time you are near City Hall, drive thru and check it out.

Did You Know... for the second year in a row, Elaine Jessup had photographs on display at the Migration Celebration at the National Wildlife Festival in Brazoria County? That’s great, but there are lots of great photo opportunities right here in Meadows Place. If you get a good one, post it on our official Facebook Page and Imagination Monkey will consider it for the banner photo for the City Facebook page! Claudia Hernandez took the current banner photo. Yours could be next!

Did You Know... Parks Director Colene Cabezas spotted an albino robin hopping around the park with a bunch of other robins proving Meadows Place is great for everyone, even albino robins?

Did You Know... several members of your City Council were helping out at the Old Town Meadows event at Meadows Elementary? There were also 14 YAC volunteers there. All made a difference and helped make this a fantastic year for Meadows Elementary PTO. A great time was had by all so thanks to EVERYONE who volunteered.

If you have a fun event or someone did something special, drop us a note or email: mayor@cityofmeadowsplace.org. Thank You Meadows Place... *Your Place for Life!*

Did You Know... Our Meadow Place Police Department was a big hit at the Old Town Meadows event at Meadows Elementary School? While everyone enjoyed our officers mingling with the crowd, answering questions and being part of selfies all night long, the kids really enjoyed getting to ride in the police cars. Turning on the lights and sounding the siren had smiles all around. Including on the faces of our officers – both for the joy they were bringing into the lives of the children, but also for the bond they were developing with the kids. Strong bonds make for a strong community and ensure Meadows Place will continue to be... *Your Place for Life!*

(Comments From The Mayor continued from page 1)

In emergencies it will house our EOC which will make communications between us, the County and others easier and make coordinated efforts seamless. The new TTC / EOC will have generator backup so loss of power will not put us out of business. Hopefully we won't need it but it is our job to be prepared, and we will be.

Part of our Emergency Response efforts include calls via the CodeRed Emergency Notification System. If you are not signed up to receive these calls, please go to the website and sign up. We will use CodeRed, the official city Facebook page and the marquee by the pool as our primary tools to get messages out to you. Chief Stewart and Danny Segundo are updating our Emergency Response plan and will incorporate the lessons learned last month. Again, I hope we never have to use them, but....just in case... we will do our best to be prepared.

Economic Development

Meadows Place is working to get remaining commercial properties developed. We have managed to increase interest but, other than Aldi, have not yet secured another Class 1 project for the city. That doesn't mean we are not trying. As Mayor, I am working with our Economic Development Corporation to increase awareness of our city and share the wonderful things we have to offer with developers and property owners. Meadows Place messages on the Sterling McCall sign is a part of the awareness efforts that is underway. EDC Member, Bob Graf, who brought us Aldi, has met with the American Turkish Business Council and others to bring high end development to Meadows Place. EDC member Kurt Kopczynski, who recently joined the Fort Bend Chamber of Commerce, will be actively promoting the city. Another EDC member, Clyde Little, is contacting companies displaced by construction in places like Bellaire to talk to them about moving to Meadows Place. Who knows what these efforts will lead to but we are all working hard to make sure Meadows Place will always be... ***Your Place for Life.***

Our Business Neighbors are a very important part of the City. This column is dedicated to those businesses.

There is a list of our Meadows Place business partners on the city website. Just click on Community and the Business Partners link is right there. If you are going to shop, shop at these places when you can. Your tax dollars will stay home that way.

Shop Meadows Place First

Meadows Place has some really great businesses. Let's all support them. They need, and deserve, our support.

COP TALK

By Chief Gary Stewart

Danger: Kids Left in Hot Cars

Every summer, heartbreaking and preventable deaths happen when children are left alone in hot cars. More than 600 U.S. children have died that way since 1990, according to the nonprofit safety group Kids and Cars.

These cases happen when kids are left unattended in a hot car -- sometimes because the driver forgot the child was there -- or when kids get into unlocked cars without any adult knowing it happened. Within minutes, they can be in danger.

Kids in Hot Cars

- Never leave kids alone in a hot car, even briefly.
- Always check the front and back seats of the car before you lock it and leave.
- If you see a kid alone in a hot car call 911 immediately. Get them out ASAP if they are in distress.
- Put your purse, briefcase, or something else you need by the car seat so you don't forget to check.
- Always lock your car when it's empty so kids can't get in without you knowing.

Don't be a Victim - Do your homework

By Danny Segundo

How often do you hear of someone being ripped off by a contractor? Unfortunately, it happens all too often, thus giving reputable and legitimate contractors a bad name. While the majority of contractors may be trustworthy, there are others who are unscrupulous and unreliable. Some will fix items that don't need fixing, or grossly overcharge you for services or parts.

Worse, there are plenty of con artists posing as tradesmen who will simply take your money and run.

Take time to do your homework and select a trustworthy contractor to do the job. As the spring home improvement season approaches, look out for these "red flags" which can indicate a contractor may be unscrupulous. Beware if the contractor:

Drives an unmarked van with out-of-state license plates: Be suspicious of anyone who simply shows up and operates in nondescript vehicles with no business markings.

Offers a special price if you sign today, or wants the money upfront or only in cash: A good contractor will never want CASH or the entire payment up front. There is usually a reasonable down payment and payments are in progression based on the construction schedule. It's practice for a contractor to ask for 1/3 of the total cost up front to cover purchasing material.

Has no references: Get at least 3 references from other customers. Ask to talk to the contractor's last three customers, not his favorites. This ensures that the contractor is consistent in quality. If he refuses to get you past customer references, that should be a sign that there will be a problem.

Does not provide written estimates or contracts: Never trust a contractor who doesn't require a written contract. Never sign a blank contract or one with holes in it. If something goes wrong, you have no legal recourse because nothing was in writing. Get a contract that spells out cost of materials, labor, an outline of the project, and other important work details. If there are changes along the way add detailed "change orders" signed by all parties.

Is not licensed: Always ask a contractor to see their licensing credentials, then verify this information with the local building inspector's office. Look up the contractor's Better Business Bureau rating. Even if your state doesn't require licenses for certain projects, your contractor should still be insured. Call their insurance carrier and make sure their policy is current and can cover your project.

Does not look professional and does not have business cards or letterhead on invoices: Get a business card. Call the number on the card and make sure he picks up. (Some numbers are voicemail services that can't be traced.) Call the Better Business Bureau, go on Yelp and see if there are any complaints about him.

If you hire a contractor, you're trusting this person to come into your home and change the most expensive thing you own. So take the necessary precautions to avoid becoming a victim.

April Showers, Bring May Flowers...

By Jerry Parker

....at least that is the hope that we all share in how our City will look this time of the year.

Hopefully, many of us have taken the time to complete a Spring Cleaning of some sort around our homes.

§ 90.04 RUNNING AT LARGE PROHIBITED

I have received several requests to remind neighbors of our leash law.

Our Code requires that if your dog is off your property, it **MUST** be on a leash. The **ONLY** other place that you may let your dog off leash is in the Dog Park on Dorrance Ln. **NOT** by the lake. **NOT** in McDonald Park. **NOWHERE** in the city except on your property, and even then, you **MUST** be in complete control of your pet. If for some reason your dog wanders into your neighbor's yard, into the street, even if you are outside with them, you are in violation.

Warnings -vs- Citations:

If you receive a warning for any code violation, it does not mean that you will be getting a citation. It simply means that there is an issue that needs your immediate attention. However, if you ignore it, or make no effort to communicate with the City to resolve the issue, a citation **WILL** be issued.

I also wish to offer a heartfelt **Thank You** to those citizens that have taken the time and effort to clean, repaint or just generally spruce up their homes and **OUR CITY!**

REMINDER: *Zero Tolerance for trash cans left at the curb after trash day or stored in public view is still in effect. Warnings are no longer being issued for these violations.*

Top Hits from March:

Violation:	Warn/Cit	Comply:
Grass/weeds	15	14
Trees / Shrubs	4	2
Trailer/Car/Boat	4/2	3
Trash Cans / Debris	2/28	2
General Nuisance	18/1	16
Other	17	17
Totals	60/31	44

Home & Garden Club

By Bob Dybala, Publicity

Hope you did not miss the opportunity on April 12th to hear Hspeakers from the **Bromeliad Society** and learn how to add these beautiful flowers to your gardens. This presentation concluded our programs offered to the general public for the 2015-2016 program year.

We congratulate the **April Yard of the Month award winners** and thank you for helping to keep Meadows Place "Your Beautiful Place for Life." Check out the Club's website listed below and go to the "YOTM" page to see photos of these award winning yards. The criteria used to select yards are listed there as well.

Section I

Nora & Israel Morales
11506 Dorrance

Section IVN

Joe & Cathy Giardina
11823 Blair Meadow

Section II

Mary Evelyn Billingsley
11942 Brook Meadow

Section IVS

Lynn & Jim Sefcovic
12315 Hoggard

Section III

Luba & Sam Tschantz
11846 Mulholland Drive

Section V

Linda Zhou
12530 Meadowglen Dr.

We make Yard of the Month selections on the last three days of the month in March, April, May, June, and July for the following months. You do not have to be a member of the Club for consideration. We try to avoid awarding the same yard two years in a row but we have made some mistakes in the past. Even if not selected, all of you are to be congratulated for your efforts to keep your front yards so attractive. Eventually we will get around to selecting your yard.

We were disappointed to have to cancel the **Spring Home and Garden Tour** that was scheduled for April 23rd. We just did not have enough homes/gardens for you to visit. We thank Mr. & Mrs. McGrath, Mr. & Mrs. Patrick Lindquist, Ms. Betty Strickland, and Ms. Betty landers who had offered to show their homes/gardens this year.

Even though we had to cancel the Tour, our Fall Craft Show last November provided us with funds to provide college scholarships to Meadows Place residents. If you are a Meadows Place resident and plan to begin or continue a higher education program, get a scholarship application from the "Scholarship" page on our website and submit it. Deadline for applications is April 30th. Contact our Scholarship Committee chairpersons, Lee and Karin Noack, at 281-498-5065, if you have questions or need assistance with the application.

"Proudly Servicing Homes in Your Area for 28 Years!"

CASUAL AIR, INC.

"Fair Prices, Quality Work"

• Please have your furnace checked for proper operation by a licensed H.V.A.C. professional before turning them on! ** A very small price to pay for you and your loved ones safety.

PREVENTIVE MAINTENANCE TIP ~ FYI:

Have the duct work checked in your homes attic space for air leaks. If your home is 25-30 years old the typical "flex duct" originally installed by builders can deteriorate & literally "fall apart" due to constant heat & humidity of attic conditions in our area. This can hit you hard in the "pocketbook" (i.e. very comfortable attic space!). Not to mention your system has to work harder to comfortably heat & cool your home. Having your duct work checked can be easily scheduled during your annual fall furnace inspection. **Call Now** before you make the switch to heat.
